

A CARLOAD OF
"Automatic"

Refrigerators Has Arrived

Now is the time to buy your "Automatic." Make your selection early to be prepared for the hot summer weather.

There are several things you should know about refrigerators before you buy. The food that you and your family eat comes out of that refrigerator. Upon it depends, in a large measure, the health of your family. Therefore, choose it with definite knowledge and understanding.

Regardless of price, there is no better refrigerator built than the "Automatic."

You incur no obligation when you ask for information or a demonstration. We will gladly serve you. Write, Telephone or Call.

...Prices Advanced...

BY ALL FARM IMPLEMENT FACTORIES

TO THE PEOPLE :

Every farm implement and wagon factory in the United States has materially advanced the prices on all farm implements and wagons. The advance became effective on May 1st.

We have a large and complete stock of implements and wagons. We were considerably below the market price before the advance came, and **we will not take advantage of the advance**, as long as this stock lasts. A considerable saving will be made if you buy your implements from **US**, and **NOW**, as we are booking many orders for mowers, rakes and binders, and when the present stock is exhausted we will then be obliged to raise the price.
