is the best phonograph?

DON'T TAKE SOME OTHER PERSON'S OPINION. DECIDE FOR YOURSELF. MAKE A SCIENTIFIC COMPARISON,

In our testing room is a Turn Table. Upon it are placed four different phonographs—all well-known makes.

One phonograph faces you and plays. The table turns, and the next phonograph faces you and plays the same selection. Then the third and the fourth play in the same way.

Do you see what the Turn Table gives you?

It presents an absolutely fair and scientific comparison of the various phonographs. It brings out the merit of each one in its true relation to the others. It presents the musical facts—and leaves the decision to YOU. Hear the EDISON TURN-TABLE COMPARISON and you can't go wrong. You can then say with absolute finality which is the best phonograph.

CANDIDATE FOR DISTRICT ATTORNEY

Sylvester A. Newberry of Pendleton, 52 years old; graduate of Northwestern University Law School in class of 1897; has practiced law at Pendleton since 1897; was assistant district attorney, 1911-1912, under Samuel Van Vactor; nominated for district attorney of Umatilla County at the primary election, 1920.

If elected in November, 1920, I pledge myself to strict law enforcement and will give my entire time and attention to the duties of the office. I will see to it that every person arrested shall be immediately taken before a magistrate in the manner required by law and given a hearing and not kept in jail for weeks without such. I will not permit the "Brutal Third Degree" to be given to any prisoner. Poor people shall have the same careful attention that is given to rich ones. I will give every person a "SQUARE DEAL" and protect the tax payers against official extravagance. Every person who calls to see me in my capacity as district attorney will be given a careful hearing and accorded the most courteous treatment. I will not recommend an indictment at any time against any person unless there is sufficient proof to justify a conviction. I respectfully ask the voters of Umatilla County to elect me district attorney for the next four years.

DO YOUR PART

People are rapidly learning that what benefits the community benefits all in the community; and anything that is a detriment to one is a detriment to all. For a community is a number of individuals come together as one. The good of one is the good of all. The prosperity of one is the prosperity of all; and where one fails, to that extent the community fails.
