

**AGAIN
THE NEW EDISON
TRIUMPHS**

Another of the famous EDISON TONE-TESTS was given in Walla Walla at the Keylor Grand Theatre on Thursday evening, March 31.

On this occasion Messrs. Collins and Harlan, entertainers and singers of nation-wide reputation and popularity, gave a concert of the songs that they have made famous throughout the land. Collaborating with them was the New EDISON, for which these popular artists have made Re-creations in great numbers for many years past. So True to the actual singing of the performers were the Re-creations of their voices that none could tell the difference.

You are invited to come to our store and hear the Re-creations of the songs as sung by Collins and Harlan in their concert.

This epoch-making event in musical achievement proved again the unapproachable superiority of

Mayor Nelson H. Jones and Councilmen E. M. Smith, J. M. Price and L. H. Davis made a cold auto drive Tuesday to Dayton and intermediate points in order to post themselves on the paving question. They found considerable diversity of opinion as to the type of paving best adapted to the needs of the smaller towns, but were further convinced of the need of paved streets at Weston if it does not want to become hopelessly "passe."

S. J. Culley and his ranch force have been making good progress with their spring work. They put a new caterpillar in commission, and it has performed its task faithfully and well. The plow which went through the Culley ranch fire were so far repaired as to be rendered serviceable.

G. W. Staggs has returned from the Rattlesnake flat district near Washtucna, where he has been looking after the spring operations of G. W. Staggs & Sons. The firm has finished seeding 900 acres of spring grain and had planted 1300 acres last fall. The fall-sown wheat is about six inches high, and looks very promising. The Washtucna country is soaked with moisture to such an extent that the Staggs caterpillar and plow mired down in the field—an unusual incident for that section.

Home From England.

Clarence Hand and bride arrived last week from Manchester, England, and are domiciled on the Art. Coppock farm. Mr. Hand expresses great pleasure at getting back to his adopted land, and his bride finds America much to her liking. Mr. Hand says that conditions in England are far more serious than people in this country are prone to imagine. The list of unemployed numbers more than three million, and close observers fear that the strong undercurrent of bolshevism may yet result in disaster. The government's Irish policy meets with general disapproval.
