

TOWN AND COUNTY.

DEMOCRATIC CITY COMMITTEE.—The members of the Democratic City Committee are requested to meet at the Enterprise office to-morrow, (Saturday) April 27th, at 10 o'clock a. m., for the purpose of making the necessary arrangements for the City Convention to place in nomination a ticket to be supported at the election which is to take place on Monday, the 6th day of May, under the following resolutions:

Resolved, That the Democratic City Committee be requested to meet at the Enterprise office on the day, the 26th inst., at 10 o'clock, A. M. attendance of the Committee is requested.

THE WOOL MARKET.—Considerable excitement exists in regard to the price of wool. We learn the Factory at this place is paying 60 cents per pound, and in some cases up to the valley, prices have gone as high as 60 cents. We do not believe this high rate can continue. We learn from Messrs. Jacob, managers of the Factory, that they recently imported from Australia 20,000 pounds of extra fine wool, which, after paying duty and freight to this place, has cost them 30 cents. This wool they tell us is better than the Oregon wool, and will be used to manufacture into their finest fabrics. If a better article of wool can be imported at this price, we see no reason why Oregon wool should bring any more than the Oregon wool. It is our opinion that the high figure cannot be maintained, and that it will be down before the rival season closes.

NOISEY FORCE.—Last Monday a double force of workmen was put to work on the locks. It is the intention of the Company to work two sets of hands until the work is completed, and orders have been issued to the Engineer in charge to put on all the force necessary to complete the work by the time prescribed by law. The Company are using every exertion in their power to comply with the law, and they are satisfied that the work will be completed and ready for boats by or before the 1st of January, 1873. There are now 225 men at work, and more can be employed at \$2 25 per day in coin. This night force will be employed in pushing the work on to a speedy completion.

CHALLENGE.—We had a call last Saturday from W. B. Lasswell, Esq., of Canyon City. Mr. L. was placed in nomination for the responsible position of Prosecuting Attorney of the Fifth District by the delegates, at the late State Convention. No higher compliment could be bestowed on a young man of his talents. It is the latest time he has received the nomination, and so highly is it esteemed that no one could be found to enter the field against him at the late election. It is a worthy tribute to an able, honest and faithful lawyer. The Radicals have been unable to find any one to contest with him for the position.

I. O. O. F.—The Odd Fellows of this place propose to celebrate the fifty-third anniversary of the Order by a procession, music, oration and basket picnic, to day. The procession will form at 10 o'clock, and march to the picnic grounds near Mc. Hiras residence, when the following exercises will be held: Music by the Oregon City Brass Band; Singing the opening Ode; Prayer by the Chaplain; Orations by E. D. McLaughlin, Esq.; Music by the Band, after which dinner will be had. A pleasant time is expected to be had, and the weather, if favorable, the exercises will be had at the Hall.

PERSONAL.—We had a call last Saturday from Judge Bonham of Salem. The Judge was on his return home from a lengthy term of Court in Yamhill. Judge Bonham has gained the confidence and esteem of the people of his District, and is regarded by the community to be one of the most able and impartial Judges ever on the bench in our State. Mr. Bonham is a young man, and his great learning and sound judgment has gained for him a first rank in his profession.

ITAL PLAYING.—Some of our young folks are in the habit of playing ball on the hill on Sundays. This is rather annoying to the citizens of that locality, and we should think if these young men had no respect for the Sabbath, they would not so far forget decency as to disturb the feelings of the citizens of that locality. We hope the thing will be stopped. There is plenty of time for such amusement on the six days during the week.

INSANE.—A man named John Hart, lately from San Francisco, where he has a wife and two children, became insane here last week, and has ever since been a raving maniac. He is said to be a man of good standing in the community where he is known and of considerable means. He is in charge of the sheriff. The County Judge being absent from the county. He is under the treatment of Dr. Barclay, and we learn that he is more sane than he was the fore part of the week.

APPL.—We are under obligations to Mr. Thomas Baker for a fine box of apples. They are as fresh and delicious as when first taken from the tree. Thanks to your friend Baker, P. S. Since the above has been in type, our better half went to the bottom of the box and there found two bottles of most excellent fresh gooseberries for which we are indebted to Mr. Baker, and for which she will please accept our thanks.

GOOD WORK.—This Smith, the pioneer wagon maker in this city turns out some splendid wagons and his blacksmithing is one of the very best workmanship. Persons wishing anything in his line should not fail to give him a call. He is a first-class workman in any country.

SEE FREE.—John Gordon, who shot Clay Birds, was set free on the preliminary examination held before Justice Burns. The action of the Justice took many people by surprise. The Grand Jury will probably investigate the matter.

CONCERT.—The Sunday School of the Baptist Church will give their first concert, consisting of songs, readings, essays and scripture recitations, all of a religious character, next Sunday evening at 7 o'clock. All are cordially invited to attend.

FERRY.—A new ferry has been placed on the Clackamas by Mr. Horace Baker near his place. The boat is new, and in excellent condition, and travelers can cross it with perfect safety and with speed.

SHERRIFF.—The Oregon City Sheriff would please accept our thanks for the reward last Friday night. The music was beautiful, and we assure them that the compliment is highly appreciated.

LA.—Dr. Saffarans is lying very ill at his residence in this city.

DETRACTING POSTERS.—There is a set of persons who exercise all their ingenuity in defacing posters stuck up about town, or torn them down. This is a violation of the laws, and should be properly punished. In order to stop this practice which has become a nuisance in our town, we offer a dollar reward for informant, which will convict any one guilty of this crime—either of defacing or tearing down posters.

ORATION.—It was the intention of the Committee on Arrangements for the Old Fellows' celebration to extend a general invitation to the citizens to participate in the exercises, but by a mistake it was omitted in the posters. We have been requested to invite all our citizens to be on the ground on the occasion with their benches.

DOWN TOWN.—The many friends of Mr. LaForest, who has been confined in his residence for over ten months, will be pleased to learn that his health has improved so far that he was able to take a walk up town this week.

SEWING SOCIETY.—The Ladies' Sewing Society of the Episcopal Church will meet next Tuesday afternoon at the residence of Mrs. Geo. LaRoque.

IS TOWN.—Mr. Edgar Foster, who cut his hand very badly some three weeks since has been brought to this city for medical treatment.

SMITH'S SALE.—Sheriff Warner has a couple of real estate sales to-morrow. A good chance for somebody to buy themselves rich. See advertisements.

SPECIAL TERM.—A special term of the Circuit Court, Judge Upton presiding convenes in this city next Monday.

CITY ELECTION.—The election for City Officers takes place on the 6th of May.

BALLOON'S MONTHLY FOR MAY.—The May number of Ballon's Magazine is out, and a capital number it is, filled with good stories, choice poetry, and some excellent engravings of interest. We know of no magazine that will compare with this for good worth, and the price is taken into consideration. Think of a hundred pages of choice matter for the small sum of 15 cents, and twelve numbers in a year for only \$1 50. Every family in the country could afford as much for the sake of pleasure which Ballon's Magazine really imparts. For sale at every periodical depot in the country, or address Thomas & Ribbet, 63 Congress Street, Boston.

AMERICAN STOCK JOURNAL.—The April number of this excellent periodical has been received. It is replete as ever with useful, and to the enterprising stock-broker, indispensable information. Every number is ably sustained with well-written articles, illustrated by some twenty-five engravings of dairy fixtures, buildings, horses, cattle, sheep, hogs, poultry, dogs, etc. All our subscribers are urged to receive their copies by post-order, publishers, N. P. Boyer & Co., Parkersburg, Pa.

WHAT IT HAS COST.—Two years ago, the Radical County authorities moved into the present Court House, for which they are paying rent to the sum of \$2000 per annum. They were offered the old Court House with nearly double the room, and in every way better adapted for the purpose, for the sum of \$400 per annum, but a difference of just \$1600, or a year's rent. This is a little transaction the County Court has attempted to explain, but we apprehend the voters of Clackamas county will fall to the point to their explanation to the extent of voting a ticket which is responsible for this loss to the county.

We have not been able to learn how that \$340 city warrant got into the County Treasury. Was there a little favoritism shown in the transaction by which the county paid the full amount and took the city scrip, which was worth about 70 cents on the dollar for its own, which was worth the face, and by which the county lost just one hundred one dollar, and the favored contractor made this amount. The people can't comprehend why the county has gone into speculation in city scrip.

AN OUTRAGE.—The people of Clackamas county who reside in the southern end of the county, should remember the fact that it was a Radical county administration which gave away the county road, and the people of Oregon City should also remember that it has been the means to keep thousands of dollars out of their pockets, as it has prevented many from coming to do their trading here who would have done so had they a road to get into town. Are the people of this county going to vote the ticket which is an indorsement of such actions? We think not.

THE DIFFERENCE.—Geo. H. Williams, the Railroad King's candidate for U. S. Senator is on his way to Oregon to stamp the State while he is drawing his salary of Attorney General; H. W. Corbett, a candidate for re-election, is at Washington attending to the duties devolving on him as a Senator. This shows the advantage Flaxbaker and his friends are taking of an honorable opponent. How do Corbett's friends like it?

WELL RECEIVED.—All the Democratic papers in the State highly endorse the platform adopted at the State Convention and have gone zealously to work to elect the candidates placed in nomination. Sel-dum has there been such harmonious feeling in regard to the action of a convention. This freshens an overwhelming triumph in June.

A WEAK TICKET.—A private letter informs us that the Radicals of Lane county have placed in nomination a very weak ticket, and that it will be defeated by over 100 majority. From all parts of the State we learn that great dissatisfaction exists in the Radicals' camp, and that the Democracy are united and determined to give a larger majority than ever before.

IT APPEARS THAT THE Grover-Nell faction in Jackson had to resort to "time-honored" Democratic practice in order to carry the late county convention—ballot-box stuffing.—Salemian.

Will the Statesman inform its readers how Murphy and Scott got their nomination in Marion county? Was there no "ballot-box stuffing" done by the Radicals? We rather think there was. Give us the full particulars how they got their nomination. Please do.

GOOD NEWS.—From all parts of the State we learn that the Democracy are alive to the great importance of the present campaign, and that the State and county nominations are received with universal approval. The State will give us 1500 majority next June. Democrats, do your whole duty.

The Salem Salubrious coxswain, would and mourns for the disaffected Radicals of Marion county to come to the support of the Radical cause, but all for no purpose. The last swindle of the managers of that county, was the feather which broke the camel's back.

His SUBSCRIBER.—Mallory, the showman, has taken Joe Wilson's place, and we learn honest John is having an easy time with him. The Radicals must be hard up when Mallory is the best they can send out. Their cause is desperate indeed.

The Democracy of Grant have placed in nomination the following ticket: For Representatives, William Clark and G. J. Hazelton; Sheriff, T. Howard; Clerk, Jas. Robinson; Commissioners, Frank Wallace and Thomas Smith; Treasurer, Joseph Messinger; Ab. Henderson; Coroner, Frank Rice.

Out of ninety-three New Hampshire men who hold offices in Washington, 500 went home to vote the Radical ticket at the late election. This is encouraging. If the Radicals can make only 500 voters at ninety-three men—and office holders at that—there is some hope.

OLD FELLOWS BANNER.—Chimelotta Lodge, No. 1, I. O. O. F., have just completed one of the finest banners in the State. It is composed of 1000 silk, some seven feet in height, and five feet wide, heavily fringed around the border with gold trimming. The front of the banner is inscribed with various devices emblematical of the order. Across the top is inscribed the motto, "In God we trust, and our motto is, 'We visit the sick, relieve the distressed, bury the dead and educate the orphan.' Giving us the most desirable aim of true Old Fellowship. Various finely executed pictures show forth the emblems of Faith, Hope and Charity, and the motto, "Give to the poor, and thy riches will increase." This last device is overhung by the letters F. I. and E. Across the bottom are other emblems representing the Covenant, Ark and Laws, overhung by the motto, "We are a people of the living God, and the Father of our spirits." Taken altogether it makes a very handsome banner, and one that the Order may well be proud of.—Salemian.

Demographic Platform.

Resolved, 1. That we, the Democratic party of the State of Oregon, are pledged to a strict construction of the Constitution; the restoration of the true rights of the States; the preservation of the Federal Union; and especially the elective franchise, free from the control or interference of any State Government; the protection of individual rights in accordance with the fundamental laws of the land, including the rights to life, liberty and property, trial by jury and freedom from unreasonable searches and seizures.

2. That we are opposed to every species of corruption in all departments of the Municipal, State and National Governments.

3. That our motto is, no privileged classes and no privileged capital.

4. That we are in favor of a tariff to raise money only for the necessary expenses of the Federal Government, and not for the benefit of monopolists.

5. That we view with alarm the flagrant and open violations of the Constitution by the party now controlling the Federal Government, in the passage and enforcement of the Reconstruction and Anti-Klux Laws, and in the arbitrary suspension of the writ of Habeas Corpus, and we pledge ourselves to their speedy correction of these outrages and usurpations.

6. That the freedom, welfare and rights of the people are superior to the interests of corporations, and should be protected against the exactions of oppressive monopolists.

7. That we favor the appropriation of the fund arising from the sale of the swamp lands to purposes of internal improvements, and the aid of such corporations as will speedily correct these outrages and usurpations.

8. That the construction of locks at the Falls of the Willamette is a judicious and elective safeguard of the security of the Willamette Valley, and we favor legislation to the end that the commerce of the Columbia river may be in like manner benefited and protected.

9. That the banks of the people of Oregon are due our present State administration for its successful course in securing to the State the grants of land which otherwise would have fallen into the hands of grasping corporations.

A Roman Catholic church in Indiana appeals for money to erect a new house and promise a daily mass to be said fifty years for any one sending \$50. This is certainly very cheap, and a great sum which could be contributed.

"G. M. D." Don't stand agape with awe and fear, eyes wide open, and fingers tightly clinched with the idea that these mysterious symbols are calculating signs and represent sinister secret organizations of masked demons, who carry terror and dismay through their midnight prowlings and desperate acts of devilry and robbery. No! They are only the initials of Dr. Pierce's Golden Medical Discovery, that pleasant medicine which has acquired a National reputation and proved so efficacious in curing such diseases, Consumption and kindred diseases. For these complaints it has no equal. Sold by all druggists.

The True Grounds of Confidence.

Whence comes that firm reliance, that absolute, unshaking faith in the efficacy of Hostetter's Stomach Bitters as a remedy for indigestion, biliousness, nervousness, and other ailments, which so generally prevail in all parts of the United States? This confidence has been growing for twenty years, and it is still extending. It is not the result of credulity; it has not been engendered by any human device, but is the spontaneous and natural consequence of experience. What people see daily going on under their own eyes they cannot question. When families in unhealthy districts that resort to the wholesome vegetable tonic, as a preventive, escape perennial fevers, and their immediate neighbors, who neglect this preparation, are assailed by the fever, how is it possible that the phenomenon should be without its lesson. In like manner, when it is seen that obstinate cases of dyspepsia, of liver complaint, of catarrh of the stomach, of general debility, yield to the operation of the famous remedy, how can we incredulously withhold its endorsement? Witnesses of the salutary effects of the Bitters are to be found in every civilized settlement on this continent. The thousands upon thousands who owe their restoration to health and vigor to its use, testify in its praise. The medicinal properties are entirely natural, and its effects are permanent. It is always ready to state their reasons for the faith that is in them. They have all either felt or witnessed its beneficial operation.

D. 1872, and to be directed, pursuant to a decree in favor of J. D. Sturdivant, Administrator of the Estate of John Torrence, deceased, plaintiff, and against George Abernathy and Hiram Clark, doing business under the firm name of George Abernathy & Co., defendants, for the sum of sixteen thousand and no/100 dollars, and the further sum of twenty-eight hundred and no/100 dollars costs and disbursements, by virtue of a decree of foreclosure of mortgage on real estate, I have, on this 28th day of March, A.
