

TOWN AND COUNTY.

**IRON ORE.**—A correspondent writing to the *Herald* from Oswego furnishes the following relative to the immense beds of iron ore in that vicinity: "The average yield of the ore is upward of sixty per cent. of metallic iron. This fact, in connection with the quality of the iron which can be manufactured from these ores, and the abundance of their distribution, indicates that we have within the limits of Clackamas county all the elements of an immense iron industry, which should find extensive application in the direction of both the manufacture and shipment of pig iron."

**PROPERTY SOLD.**—We learn that Mrs. Prosser has sold her place at Oswego to a company of Eastern capitalists for the sum of \$10,000. The same company has also purchased a large tract of the Willamette from the Tualatin Canal Company, on which they propose to erect immediately extensive iron works. It is the intention of the company to have their new smelting apparatus in operation within the next six months. This will cause the development of an endless mine of wealth which has heretofore been neglected.

**ACTIONS.**—To-morrow will be a day of actions. Sheriff Warner proposes to sell all the real estate in the county on which the taxes remain unpaid. Mrs. W. C. De-ment will sell some desirable household furniture, sale to take place in the room under this office. Mrs. Good, Administratrix of the estate of D. H. Good, deceased, will sell some very desirable property.

**AT IT AGAIN.**—We learn that a couple of thieves went on board the steamer *Alta* last Wednesday night, which is lying near the dry dock in the basin, presented a pistol at the head of the watchman and told him to get "the boat" without stopping to ask them their business, and he didn't go back again, either. We were unable to learn whether the thieves got anything or not.

**SERIOUSLY INJURED.**—A German named B. Faltter, employed at the quarry on the Clackamas, was very seriously injured last Saturday, by the falling of the derrick. A part of the timbers struck him, breaking his jaw and mashing the ribs of one of his legs very badly. Dr. Ross was immediately called, and the sufferer was doing as well as could be expected, considering the nature of his injuries.

**BADLY INJURED.**—Joseph, son of Capt. Miller, was very badly injured last Saturday. He was on the top of a step-ladder gathering cherries, when the ladder gave way from under him, causing him to fall several feet, and the sufferer was doing as well as could be expected, considering the nature of his injuries.

**DRUG STORE.**—Park Ward is having the store formerly occupied by Dr. Sullivan, neatly painted and fitted up for a drug store. He expects to be ready to open it next Tuesday, with a complete stock of new goods. Mr. Ward is a clever young man, and we are sure the business in which he is engaging and we wish him abundant success.

**NEW OFFICERS.**—The newly elected county officers took possession, next Monday. Capt. Bridges, the new Sheriff, we learn has declined the deputyship to Mr. U. F. Beattie. No better appointment and one which would give more general satisfaction, could have been made.

**EXERCISES.**—We were informed in the Portland papers that an excursion is to take place next Sunday from that city to this place, giving the excursionist an opportunity to see the falls and locks. The boat is to leave Portland at 1 o'clock and return in the evening.

**PROGRESSING.**—Work is progressing very rapidly on the locks. There are a double set of hands on-day and night. We have not heard of any men being discharged because they voted the Radical ticket. There is a difference in men.

**CONVENTION.**—The papers were served last Saturday on a portion of the Radical candidates, conveying their right to the offices to which they have been a fortuitously declared elected. We learn that the contest will probably be heard in about two weeks.

**RAIN.**—We had a slight shower of rain last Monday night and Tuesday morning. It was not enough, yet what there was did considerable good. We need considerable more to bring out the late sown spring grain.

**CEREMONIES.**—There is to be a Fourth of July celebration at Marshfield. Rev. Mr. Gentry, of this place, will deliver the oration. There is also to be one at Oswego. Mr. Gou C. Day will deliver the oration, and Miss Libby will read the Declaration of Independence.

**CHANGE OF TIME.**—Passenger trains will commence running to Oakland next Monday. We are informed that the schedule time is to be changed so that the passenger train leaves each end of the road in the morning.

**VACCINATIONS.**—Dr. Ellis, of Portland, came up last Sunday and vaccinated a large number of the men employed on the locks, at the expense of the Company. Dr. Barclay has also been extensively engaged in this line during the week.

**LEAVE.**—A man named Lane, who has been keeping the eating department of Phoenix Hotel for the past two months took his departure very suddenly last Sunday, leaving behind him a number of unpaid accounts.

**STAGE LINE.**—Messrs. Ramsby & Wright are running a semi-weekly back from this city to Soda Springs, leaving here every Monday and Friday.

**QUARTERLY MEETING.**—The quarterly meeting of the M. E. Church will be held in this city July 6th and 7th. Rev. Wm. Roberts, of Portland will officiate.

**ARRESTED.**—A fellow named Channey Martin appropriated some goods belonging to squaws and left. He was arrested at Salem and brought back.

**A DANCE.**—A grand anniversary ball is to be given at the residence of Mr. J. W. Caine, Oswego, on the evening of July 4.

**ANOTHER TROUBLE.**—The Radical papers have now another elephant on their hands in regard to the locks at this place. They have just learned that the works are mortgaged. Well what of it. Suppose they are, as long as they will be completed in accordance with the bill passed by the Legislature?

**GOXE.**—The Portland papers state that the last small-pox patient has been discharged, and that no fears need be entertained of the disease from that section.

**OFFICIAL.**—The official returns for Congressman will be seen that Wilson's majority is less than he got in Multnomah county.

**The Late Election.**

You have heard of "a Prince of the house of David."

A king from eastern land,  
Well he rushed his foreign hirelings up,  
The vot d in perjured bands;  
And after casting some,  
They returned to the charge anew;  
They rode a hundred miles or more,  
And voted each precinct through;  
A man at Springfield told me,  
A day or two ago,  
That he had stood by many a poll—  
His hair was white as snow—  
And many a vote had cast;  
But if he should live for a thousand years,  
Had one would be his last.  
Barbarous hordes surrounded the polls—  
Barney and Tad and Mike—  
A black pershance—such doings;  
You never saw the like.  
On being asked their business there,  
They replied with a savage shout,  
"That Ben had sent them there to vote,  
And he would see them out."  
One crowd began at Vancouver,  
And voted Eugene,  
There side by side with Geo. E. Cole,  
Their names are to be seen.  
Have not heard as yet whether  
The voters there were sane,  
But of all the votes cast in that crowd,  
The niggers' the best.

**A Pit Fall Condition.**

It is a sad thing to pass through life only half alive. Yet there are thousands whose habitual condition is one of languor and debility. They complain of no specific disease; they suffer no positive pain; but they have to relish for anything which affords mental or sensual pleasure. In some cases out of ten this state of lassitude and indifference arises from a morbid stomach. Indigestion destroys the energy of both mind and body. When the waste of nature is not supplied by a due and regular assimilation of the food, every organ is starved, every function interrupted.

Now what does common sense suggest under these circumstances of depression? The system needs rousing and a strengthening; not merely for an hour or two, to sink afterward into a more pitiable condition than ever (as it assuredly would do if an ordinary allopathic stimulant were resorted to,) but radically and permanently.

Has this desirable object to be accomplished? The answer to this question, founded on the unvarying experience of a quarter of a century, is easily given. In our view, the digestive organs by a course of Hostetter's Stomach Bitters, do not waste time by administering temporary remedies, but wake the system up by re-creating the fountain-head of physical strength and energy, the great organ upon which all the other organs depend for their nurture and support.

By the time that a dozen doses of the great vegetable tonic and invigorant, have been taken the feeble frame of the despondent will begin to feel a benign influence. Appetite will be created and with appetite the capacity to digest what it craves. Here-severe until the cure is complete—until healthful blood, at to be the material of flesh and muscle, blood and nerve, flows through the channels of circulation, instead of the watery pantheon with which they have heretofore been imperfectly nourished.

**Special Notice.**

The best and most efficient cure known for dyspepsia and indigestion, is Dr. Hostetter's Celebrated L. N. Bitters. Try it. Read advertisement in another column. jun31
