The Baltimore Platform

Following is the platform adopted by the Democratic Convention at Baltimore on the 9th of July, 1872:

1. We recognize the equality of men before the law, and hold that it is the duty of the government, in its dealings with the people, to mete out equal and exact justice to all, of whatever nativity, race, color or persuasion, religious or political.

2. We pledge ourselves to maintain the law, the union of these states, emancipation and enfranchisement, and to oppose any reopening of the questions settled by the Thirteenth, Fourteenth and Fifteenth Amendments to the constitution.

3. We demand the immediate and absolute removal of all disabilities imposed on the public welfare demands the adoption of the civil right bill, which was first introduced seven years ago, believing that universal amnesty will result in complete pacification in all sections of the country.

4. Local self-government with impartial suffrage will guard the rights of all citizens more securely than any central government. The public welfare demands the adoption of the civil right bill, which was first introduced seven years ago, believing that universal amnesty will result in complete pacification in all sections of the country.

5. The civil service of the government has become a mere instrument of party tyranny and personal ambition and is a great source of evil. It is a scandal and reproach to our free institutions, and breeds a demoralization dangerous to the perpetuity of a republican government.

6. We therefore regard a thorough reform of the civil service as one of the most pressing necessities of the hour; that honesty, capacity and fidelity to duty be the only valid claims for public employment; that the offices of government cease to be a matter of arbitrary favoritism and patronage, and that public station will become again the post of honor. To this end, it is required that no president shall be a candidate for reelection.

7. We demand a system of federal taxation which shall not unfairly interfere with the industry of the people, and which shall provide the means necessary to pay the expenses of the government, secure to the interest on the public debt, and a moderate annual reduction of the principal thereof.

8. We are opposed to the proposed system of federal taxation which shall not unfairly interfere with the industry of the people, and which shall provide the means necessary to pay the expenses of the government, secure to the interest on the public debt, and a moderate annual reduction of the principal thereof.

A Perilous Season

Glorious and delightful as the Summer weather is, its tropical heat is a severe trial to the vital powers. Even the strongest are sometimes prostrated by its effects.

"A Nimble Six-Pence is better than a Slow Shilling." I have just returned from San Francisco, where I purchased one of the

LARGEST and BEST SELECTED Stock of Goods ever before offered in this city; and consists in part, as follows:

Lowest Market Rates. No use for the ladies, or any one else, to think of going to Portland to buy goods for it is DETERMINED TO SELL CHEAP and not allow myself to be

UNDERSOLD IN THE STATE OF OREGON. All I ask is a fair chance and quick payments. Believe me, as I do, that nineteen years' experience in Oregon City enables me to know the requirements of the trade. Come one and all, and see for yourselves that the old stand of

THOMAS CHARMAN cannot be beat in quality or price. It would be useless for me to tell you all the advantages I can offer you in the sale of goods, as every store that advertises does that, and probably you have been disappointed. All I wish to say is, come and see and examine for yourselves, for I do not wish to make any mistakes. My object is to tell all my old friends now that I am still alive, and desirous to sell goods cheap, for cash, or on such terms as agreed upon.

Thinking all for the liberal patronage heretofore bestowed. THOS. CHARMAN, Main Street, Oregon City.
