SHOT AT. - Last Friday evening, as young Eddie Holmes was standing within about two hundred yards of his father's residence, about a mile from town, a man came along, and inquired of him whether that was the right road to town, to which he replied in the affirmative. As quick as at him, the ball passing over the left shoulder and just cutting the skin. No reason whatever can be assigned for the act, as the stranger immediately turned about and took another direction from town. Eddie is a boy of about 18 years of age, and we presume has not an enemy in the world. It is supposed that the act was committed by a man who has been seen in that vicinity, and who is supposed to be insane. It was a strange proceeding and a providential escape for Eddie.

Valuable Hints.

A regular habit of body is absolutely essential to physical health and clearness of Passed the Common council, Sept. 2, 1872 intellect. Nor is this all. Beauty of person cannot co-exist with an unnatural condition of the bowels. A free passage of the refuse matter of the system through these natural waste pipes, is necessary to the purity of the body as the free passage of the offal of a city through its sewers is necessary to the health of its mubitants.

Indigestion is the primary cause of most of the diseases of the discharging organs, and one of its most common results is cons ipation. This complaint, besides being dangerous in itself, has many disagreeable concomitants—such as an unpleasant breath, a sallow skin, contaminating blood and bile, hemorrhoids, headache, loss of memory.

and general debility. Hostetter's Stomach Bitters remove all these evils by removing their unmediate cause in the digestive organs, and regulating the action of the inte-tines. The combination of properties in this celebrated preparation is one of its chief merits. It is not merely a stimulant or a tonic, or an antibillions agent, or nervine, or a blood depurent, or a cathartic, but all these cura ive elements judiciously blended in one powerful restorative. It lends activity and vigor to the mert and enervated stomach, relieves the ailimentary canal of its obstructions, and gives tone to the membrane which lines it, gently stimulates the liver, braces the nerves, and cheers the animal spirits. No other remedy possesses such a variety of hygienic virtues. It is to these characteristic virtues that it owes its prestige as a household med cine. Experience has proved that it is barmless as it is efficacious, and hence it is popular with the weaker sex as with the stronger.

Hostetter's Stomach Bitters are sold in bottles only, and the trade-mark blown in the glass and engraved on the label is the test of genuineness. Beware of counter-

We clip the following from the Troy [N. NEW METHOD delivered at the Stable, C. N. GREENMAN, President, Some three months since Dr. R. V. Pierce, of Buffilo, N. Y., commenced advertising in the Whig, an article called 'Dr Sage's Catarrh Remedy. We believed at that time it was one of the many catch-penny arrangements to swindle the people out of their money, but during the past few weeks have become convinced to the contrary, We know of several prominent citizens who have suffered from that loathsome disease "Catarrh," and they pronounce Dr. Sage's Remedy no hombug, and in several instances have been entirely cared. We desire to give Dr. Pierce the benefit of the same.
