Contosity .- Mr. Thos. PANTS STOLEN .- We learn from an exchange that Senator Myers had his pants stolen a few days ago, and that the pocke's contained some loose "change." Our exchange did not state whether the Senator had been provided with another pair or not; we hope hehas been, as it would look bad to see him in the Capital without

Old Things Have Passed Away. This is at least true of the old method of treating the long abused and much abused human body. I is no longer consipered wise to put a patient to the torture in order to cure him of a disease in which pain is already undermining the energies of his system. True science ranges itself on the side of nature, and endeavors to assist her in her fight against disease. This is the province DRY-COODS, of Hostetter's Stomach Bitters, the most approved tonic ever advertised in this country. It may be recommended as a fall medicine, par excellence; for it is in the fall that bil iousness, dyspepsia and malarious fevers are especially prevalent. The frame, exhausted by the heat of summer, is relaxed and feeble at its close, and requires, we may say demands, artificial assistance. Afford t that assistance in occasional doses of Hosteter's Stomach Bitters, and the evils referred to may be escaped. Through out the far West, and on the steaming alluvial of the Southern rivers, all the varieties of periodi cal fever are probably rife to day. Had a course o (Hosteter's Bitters been commenced by the sufferers a month ago, i. e., before the unhealthy season set in, seven-eights of them would in all probability be in their usual health at the present time. So much for want of forecaste, So much for not keeping in the house, and using daily, the best sateguard against epidemic and endemic

American remedy, therefore be sure that the article you buy is genuine and verified by the proper trade-marks. The true article can only be obtained in bottles. Beware of Main Street, Oregon City, Oregon, the spurious bitters sold by the gallon or in
