TOWN AND COUNTY.

SAD AFFLICTION.—The many friends of Mr. and Mrs. L. D. C. Latourette deeply sympathize with them in their sad affliction in the death of their eldest daughter, Lucy Adelaide, aged about 18 years. She was a most amiable young lady, intelligent and beloved by all who knew her. Her sudden death has cast a gloom over our entire community, and public deeply sympathize with the bereaved parents and relatives in their sad loss. She returned from Portland a week ago last Sunday from St. Helen's Hall, where she had been going to school, and expected to graduate at the close of the present term. But all her earthly ambitions have been suddenly ended.

CONCERT OF VOCAL MUSIC.—By special request, the Rev. J. W. Sellwood will repeat his recent Concert in vocal music, with a large change of programme, at the Court House, on Tunesday evening next (Dec. 3d). Among some of the valuable additions to the programme, is a fireman's piece which will be sung in characters. Tickets can be obtained at the Post Office. Doors open at 7 o'clock. Concert begins at 7 30. Admission fifty cents. Children half price.

CHIMNEYS.—The City Council sometime since passed an ordinance requiring all stove pipes to be passed through the roofs of houses by a chimney. This was deemed necessary as a precaution against fire, and we hope our citizens will cheerfully comply with the requirements of the ordinance. None can deny the fact that stove-pipes passed through a dry roof are dangerous, and we have had more than one alarm caused by this means.

CARD OF THANKS.—We find the following card in the *Oregonian* of last Wednesday: "Mr. and Mrs. C. E. Holden, proprietors of the Cliff House, Oregon City, take this method of returning their most sincere thanks to their boarders and other kind friends who, with such willing hearts and hands, assisted in saving their furniture and house from destruction the night of the fire. Oregon City, Nov. 26th 1872."

SAD ACCIDENT.—While the parents were out of the store, last Saturday, Carey, eldest son of S. D. Pope, a boy about four years old, got a can of powder and placed it on a hot stove the powder exploding and burning the little fellow very severely about the face and hands. The burns are very painful, but he is getting along as well as could be expected.

GOOD AUDIENCE.—The announcement that Rev. Mr. Babcock would deliver a lecture at the Episcopal Church last Sunday, to the young men brought out a large congregation. Mr. B deliver ed a very able discourse. He is an eloquent speaker and a good reasoner.

A GOOD TIME.—It is a most opportune time for our patrons who are in arrears to pay up before the New Year commences. No subscriber can have a real happy New Year unless he is square with the printer. Let our patrons remember this fact and call and pay up.

CROWDED.—The great Vivian gave a second entertainment at the Court House last Saturday evening, to a crowded house, in fact it was full to its utmost capacity. The entertainment gave general satisfaction and created loud and frequent applause.

THE INGATHERING OF ISRAEL.—A sermon will be preached by Catharine Schertz, on the "Ingathering of Israel, for the Redemption of Spirit, Soul and Body, to enter into Life Eternal," at the Methodist Church, on Sunday afternoon at 3 o'clock.

RETURNED.—Henry Hedges and George Newman returned home last Tuesday from their surveying trip in Idaho, where they have been during the past summer. The boys look as though they had been out in the sun during their absence.

PERSONAL.—We had the pleasure of a call from our old friend Mr. A. McAlexander, of Albany. Mr. McA. was one of the Penitentiary Commissioners, and as such showed his skill as a mechanic and a faithful public servant.

LECTURES.—Prof. Chaney has been delivering a course of lectures in this city during the past week. Not having been invited to attend, we are unable to speak of either the subject or merits of the speaker.

FUNERAL.—The funeral of Mr. John G. Campbell was largely attended last Saturday morning. The funeral sermon was preached by Rev. Mr Sellwood at the Episcopal Church, and was very impressive.

NOT HEARD FROM.—The man John Griffen who stabbed Mr. Quinn sometime since and was released on bail, has not been heard from since he left. Mr. Quinn is fast recovering from the injuries received, and is able to be up.

GATHERING TAXES.—Sheriff Hedges and Deputy Beatie have been engaged in visiting the various precincts of the county collecting taxes. We learn that they find money rather scarce among the people.

NEW WATCHMAN.—Mr. Wm. W. Myers has been appointed nightwatchman. We think Mr. Myers will make a good and efficient officer.

The new School law passed by the Legislature at its last session will be published in the next issue of the ENTERPRISE.

CHANGE.—We call attention to the change of programme by Mr. Levy. He means business. Give him a call.

COUNTY COURT.—The December term of the County Court, Judge Wait presiding, convenes next Monday.

RELIGIOUS.—Thanksgiving was duly observed by services at the Episcopal and Baptist Churches.

COUNCIL.—Regular monthly meeting of the City Council takes place next Monday evening.

Mrs. C. P. Church left this week to spend the winter at the Dalles.

The AMERICAN FARMERS' ADVOCATE leads the agricultural press for its enterprise and energy. The Advocate Publishing Company, Jackson, Tenn, offer it free with any $2 00 or higher priced paper or magazine in the United States, and at only fifty cents advance with others. This for a large sixteen page monthly filled to overflowing with the most valuable and entertaining matter for the farmer.

OREGON CITY WOOLEN MILLS IN RUINS.

A Terrible Calamity to our City.

An Institution of the State Swept Away by Fire.

$180,000 Worth Property Destroyed.

At twenty minutes before three o'clock last Saturday morning, our citizens were awakened from their slumbers by the ringing the of the bells and the cry of fire. The people were soon out, and it was easy to observe what the cause of the alarm was and from whence it came. The Oregon City Woolen Mills were in flames. The fire caught in the attic, and spread with great rapidity, and before any person was scarcely on the ground, the entire upper story of the building was in flames. The fireman were soon at work, but it was apparent to all that the noble structure with its valuable machinery would be destroyed and that no human efforts could save them.

There are various reports as to how the fire originated, and who was the first on the ground. But we will give the facts as we have reason to believe they are. One report states that the building was set on fire. To this report we a' first gave considerable credit, but after due reflection and considering the amount of combustible material around such an establishment, we have concluded that it was caused by spontaneous combustion, and the material in the attic being very dry and considerable oil about the wood work, was the cause of the rapid spread of the devouring flames. We are informed that Mr. Dan. Lee, the night-watchman on the wharf was the first to observe the flames, and he rushed around to the factory giving the alarm as he was running. He then attempted to gain an entrance to the building, but failed. The factory watchman says that he had previously discovered the fire, and was up in the third story endeavoring to arrange the hose in order to put it out. Mr. Theodore Clark was the first who rang the fire alarm bell, and at the same time the factory bell was rung two or three strokes, but the watchman says that the rope was cut, and he was unable to ring any more, when he left for the engine room to turn on the water. While this was going on, the flames made rapid progress. Another report comes that the workmen on the locks were the first to observe the fire, and when they saw it, it was in the south end of the building near where the wool-picker was stationed. This report corresponds with many others, and hence we are of the opinion that it caught from some material around the wool picker. The question as to whether the fire was an accident or the work of an incendiary, will always be one of difference. But what makes us doubt that it was set on fire, is the fact that it occurred in the attic. We cannot comprehend why a person would go up that high when there was just as good opportunity on the first floor and which would have probably resulted more damaging.

NOBLE WORK DONE.

From the commencement of the fire, the firemen and citizens did all in their power to safe the building and surrounding property. The fact was beyond doubt that the factory must go, and the next step was to prevent its spreading to adjoining buildings. This was done by almost superhuman efforts on the part of the people and firemen. The engine and dry house, which were located within twenty feet of the factory, constructed of wood, surrounded by wood and other ignitable material. The Cliff and Phœnix Hotels, directly opposite the factory also narrowly escaped. The way our firemen and citizens worked showed that no ordinary fire could have gained headway, and had the alarm been given before the entire upper story was in flames, we have every reason to believe that the factory would have been saved with but slight damage.

PROPERTY SAVED.

The walls of the building are standing and we understand that only one of them will have to be rebuilt, in the north wall, which partially tumbled down and is badly cracked. The dry house and wool warehouse, which contained about $10,000 worth of wool, with a large amount of wood were saved. The property of the Company thus saved is worth probably from $25 000 to $35,000.

DAMAGES AND LOSSES.

The losses of the Company are in the neighborhood of $177,000, which is covered by insurance to the amount of $77,500. Of this sum the loss is divided as follows: Jacob Bros. $40 000. W. S. Ladd $25,000. Brown & Co $20,000, and other small stockholders the remaining $15,000. A frame building belonging to J. S McDonald, worth probably $500 was partially torn down, and when the wall fell on it, it was completely demolished. The building was occupied by Mr. Chas. Friedrich, as a saloon, whose loss will probably be covered with about $200. We believe this includes the entire losses.

ACCIDENT.

Mr. John Blackwell, a fireman, was close to where the wall fell and a brick struck him on the head, and a portion of the falling frame building struck him on other parts of his body, knocking him senseless and inflicting some painful wounds. We are pleased to record the fact that they were not dangerous, and that he is so far recovered as to be able to be up.

ARREST FOR INCENDIARISM.

On Saturday evening a man named Roulan was arrested on a charge of having set fire to the building. The charge was based on some threats he had made, but upon examination it was found that there was no evidence against him, and that he was known to have gone to bed at 10 o'clock that evening and was in his room when the fire broke out. He was consequently discharged.

Taking all the circumstances into consideration, we may congratulate our citizens that they escaped so fortunately. Had it not been that the roofs of surroundings were wet with a frost, and had there been the least particle of wind stirring, our city would have been in ashes. To the firemen and some of our energetic citizens too much praise cannot be given for their efforts in staying the devouring elements. It would be invidious to mention any person in particular; but all did well.

MUSIC.—Peter's Musical Monthly for November may be had at Mr. Fleming's book store. It is an excellent number.

The *Statesman* learns that Mr. J. H. Faughman, who was hurt the other day, by falling from a tree, is much worse, and his friends entertain the gravest apprehensions that he will not recover.

Citizens' Meeting.

At the meeting at the Court House on Wednesday evening, Nov. 27, 1872, called by the citizens to take into consideration the rendering of sympathy to the sufferers, and aid in rebuilding the Woolen Factory, the following proceedings were had:

His Honor, A. Noltner, was called to the chair, and C. P. Church was elected secretary.

Moved and seconded that a committee of three for Oregon City, and three for Portland be appointed to solicit subscriptions in aid of rebuilding; motion prevailed; D. P. Thompson, Walter Fish and J. W. Chase, for Oregon City, and Capt. J. D. Miller, J. D. Biles and John Myers, for Portland, were designated as such committee.

Moved and seconded that a committee of three be named to draft resolutions expressive of the sentiments of this community relating to the fire; carried; Messrs. L. T. Barin, W. L. White and A. J. Apperson, were appointed said committee; and they soon appeared with the following report:

"We, your committee appointed at a meeting of the citizens of Oregon City to draft resolutions expressing the feelings of her citizens in respect to the great calamity which befell this city by the destruction of the Woolen Factory, by fire, on last Saturday morning respectfully recommend the following resolutions:

Resolved, That the destruction of the Factory is not only a great loss to the Company, but to the State at large, and the greatest calamity that could have befallen our city; as, to the manufacturing interests, more than any or all other industries, depend our growth and prosperity.

Resolved, That, in the judgment of this meeting, it is the duty of every citizen to encourage and assist in every possible manner, the Company and to aid them in every way, in order that the Factory may be rebuilt at as early a day as is practicable, and to foster and encourage all such enterpises, as therein lies the germ of our prosperity. L. T. BARIN, A. J. APPERSON, W. L. WHITE, } Com."

The resolutions were unanimously adopted, as was the following:

Resolved, That if there be any in this city who express any satisfaction at the late incendiarism that they are justly regarded by this community as Ishmaelites and no better in degree than their exemplars—the fire setters.

It was also moved and adopted that subscriptions be solicited on condition that the owners commence rebuilding at once.

After providing for the calling of another meeting in furtherance of the business in view, the meeting adjourned.

A. NOLTNER, Chairman.
C. P. CHURCH, Secretary.

Percy B. Spear, who was convicted and sentenced a year ago to three years' confinement in the Easter Penitentiary, for forgery, has been pardoned by the President.

Through the length and breadth of the land the celebrated SILVER TIPPED Boots and Shoes are sold by the million, for parents know they last twice as long as without Tips. Try them. For Sale by all Dealers.

Found at Last!—A remedy that not only relieves, but cures that enemy of mankind, Consumption, as well as the numerous satellites which revolve around it in the shape of coughs, colds, bronchitis, sore throat, influenza, &c. The remedy we allude to is Dr. WISTAR'S BALSAM OF WILD CHERRY, prepared by Seth W. Fowle & Sons, Boston.

☞ Pimples and brown spots on the face, Eruptions, Blotches, Scrofulous Diseases, and all sores arising from impure blood, are cured by Dr. Pierce's Golden Medical Discovery.

The Warning has been Heeded.

Since the exposure of the attempts of certain unscrupulous local dealers, to palm off their coarse astringents, made from cheap and impure materials, in place of the great national tonic, Hostetter's Stomach Bitters, public opinion has set strongly against these empirics and their preparations. Their occupation is gone, or soon will be. When the light is let into deception it soon wilts down. Persons who trifle with their own health, by using unknown preparations, with no guarantee to sustain them, when an established specific, proven by twenty years experience to be exactly what it is claimed to be, is within their reach, are sure to repent their temerity. Many have done so in this instance, but it is hoped that the truth plainly spoken has arrested the evil. In the meantime the demand for the leading protective and restorative medicine of America was never so great as it has been this season. From the fever and Ague districts of the west, south west, and south, it is literally overwhelming, and it may be said of the advices from all parts of the country of the cures it is effecting dyspepsia, billious complaints, and chronic constipation, that "their name is legion." Everywhere the sick and feeble seem to have realized the importance of "holding fast that which is good," and of avoiding what is spurious and dangerous.

The numerous "Bitters," under various names, which mercenary dealers endeavor to substitute for Hostetter's Stomach Bitters, should be avoided, for their own sakes, by the sick and the public at large. Hostetter's Bitters are procurable in bottles only, and never sold in bulk.

A sure thing. CABLE SCREW WIRE Boots and Shoes will not rip, leak or come apart, and are the easiest ever worn. Try them.
All bear the Patent Stamp.
