This project we presume Reading, Spelling, Tables. is in accordance with the issue made at the last election of which our citizens were kept in ignorance. We have no objections to the water pipes being extended to the lower part of the city, but we are opposed to giving any further subsidies to the water company for this purpose. The first contract is an outrage upon the tax-payers of the city. The works should have been put down by the city and owned by her, It provides for a subsidy of \$1,000 in gold coin per year for fifteen years, excepts the work from taxation for ten years. It is a well known fact that these works did not cost the owner fifth of the basin.
