

# THE ENTERPRISE.

OREGON CITY, OREGON, JUNE 27, 1874.

**FLAG-POLE RAISING.**—Fountain Hose Company No. 1 propose to raise their flag staff to-morrow afternoon at 4 o'clock. The other Companies of the Department have been invited to turn out on the occasion, and they have given their intention to accept the invitation. The Brass Band will furnish music, and a general procession will be expected. With the new uniform of the various Companies, our Department will compare favorably with those of other cities in the State, while appearance to many in the State, while they are second to none when it comes to work. We hope the boys may have to work. We have the boys Major John Myers and Ernest Mathews will superintend the raising of the pole.

**AUTHFUL CHROMOS.**—We have received from the publishers of the Health & Home and American Agriculturist, Messrs. Orange Judd & Co., New York City, two very valuable family papers, two beautiful chromos, "The Strawberry Girl," and "Mischief," the former is given to every subscriber to the first named paper, and the latter to the subscribers of the Agriculturist. For \$4.75, currency, a person can get both papers and chromos, and the chromos alone are worth the money, while the papers contain most interesting reading for the farmer and family.

**CHERRIES.**—We have received a basket of cherries from Master Eddie Holmes, and also from Miss Kent, of Cannonball, for which they will please accept our thanks; also Mr. Julius Logan has our thanks for similar favors. Fresh left at our office a small ham about six inches in length which had upon it a pound and a quarter of cherries, and Mr. Partlow gave us a ham about eight inches in length which contained three pounds and a quarter, a number having large kernels. This is what we call prolific bearing.

**CAMPMEETING.**—A campmeeting will be held at the conference campground at Canby, commencing on the 6th day of July and continuing several days. All are invited to attend and as many as can find it convenient to come. One prepared to take care of themselves. Ample arrangements, to protect the people from the storm, have been made at a considerable cost. Come one, come all, and let us have a good time together in the service of the Lord.

**BORN.**—In this city, June 24, 1874, to the wife of Mr. C. O. T. Williams, a daughter.

We regret as much as Charles does himself that we are not able to chronicle the fact that it was a girl. There is a lady who has written to the Enterprise, probably an unseen work to stop the further growth of Radicalism in his family. As we can see neither Charles, nor a thousand miles from this city gave up Radicalism, he was blessed by a boy. Try it, Charles.

**SOMETHING NEW.**—The Shoshone from Portland left Tuesday morning for Albany, and was again in Portland on the evening of the following day. This is what we call steamboating, and ought to convince any man of the benefits of the locks. It has formerly taken four days to make the round trip with freight. This reduces it just one-half. Success, we say, to such enterprises.

**LETTERS.**—We are under obligations to Mr. H. S. Burk for several bunches of lettuce, the heads of which are as large as an ordinary cabbage, and the leaves as tender and delicate as could be expected. It is by far the best we have ever ate, and we see no use of having an inferior article in the market as long as the seed for this kind can be had.

**NEAT OFFICE.**—Dr. John Welch of the firm of Welch & Thompson, Dentists, is having a very neat and convenient dental office fixed up in the building owned by Dr. Steel, next door to the engine house. It will be the most handsome office when it is finished the doctor has ever had in this place.

**TRUMPETS.**—We are informed that two trumpets, costing \$75, have been purchased in New York and may be expected here next week. They are sent from Mr. Holladay to our Fire Department, as a token for their services in behalf of the Boat Company at the fire of May 21.

**TO COMMENCE.**—We are reliably informed that work will commence on the iron works at Oswego on or about the 1st of next month. We are told that all the arrangements are complete to begin the operations. We hope this may prove true.

**NEW UNIFORM.**—The new uniform for Fountain Hose Co. No. 1, was received from San Francisco last Wednesday. It consists of hat and belt, handsomely lettered and got up in good style. The boys will present a very good appearance in their new costume.

**ARRIVED.**—The new uniform for Cataract Hose Company No. 2, arrived from New York yesterday. It is neat and appropriate, and the boys will present a very handsome appearance in their new clothes. The department is now fully uniformed.

**IN CHARGE.**—Capt. Holman is in charge of the Shoshone, with Capt. Bas Miller as pilot. Capt. Holman has gained many friends since his coming on the Willamette river, and there is no more competent and able pilot than Bas in the State.

**GOING TO ST. JOE.**—The Oregon City Brass Band go to St. Joe to furnish music for the celebration at that place on the 4th. The band is in good training, and our friends may expect the boys to give them as good music as could be had in the State.

**CALLED.**—We had the pleasure of a call from our old and much esteemed friend Judge Kelsey, of Corvallis. He looks hale and hearty, and is as cheerful and happy as a man who has first met him. It always does us good to meet the Judge.

**ACCEPTED.**—Chas. E. Warren, of this city has been invited to read the Declaration of Independence at the celebration at Portland. Mr. Warren will acquit himself with credit, and be just to the Declaration of our forefathers.

**NOT FOUND.**—The relatives and friends of Norman Warner, who was drowned last week near Champco, dragged the river all day on the following Thursday, but were unable to find the body.

**PLENTY.**—We are thoroughly convinced that our Indian agencies are a farce. Yesterday our streets were literally lined with Swashes. What has become of the reservations?

The Board of Delegates meets at Columbia Hook & Ladder Company holds its regular monthly meeting next Friday evening.

**NEEDED.**—There is a great necessity for a warehouse at this place which shall be free to all boats that may wish to land at it. At present, the place used as a landing by the W. R. T. Company is in a very bad location. A good landing besides in rainy season there is no place to either leave freight for shipment or receiving it. A good landing and a warehouse should be constructed, and we have no doubt but that plenty of persons would be glad to construct one if the property could be obtained to build it upon. As we understand the matter, the present landing place of the opposition boats was given to the city for a public landing, and we would suggest that if any one is desirous of erecting a good warehouse and keeping it open for the public use, that the city give to such person the landing. A storage and shipping warehouse would pay a handsome revenue, and we feel assured that if the right to erect one on the landing now useless, some one will readily avail himself of the opportunity to make a few dollars.

**BRANARD'S MUSICAL WORLD** for June is on our table, and contains full and very interesting report of the great Cincinnati Musical Festival, also the usual amount of musical stories, gossip, reviews, &c. Three pieces of instrumental music, and a beautiful new song are given in this number, which alone are worth the price of the Musical World a year. No person interested in music can afford to be without the Musical World and the low price at which it is furnished, (one dollar per annum) brings it within the reach of all. Specimen copies are sent to any address on application to the publishers, S. Branard's Sons, Cleveland, Ohio.

**BALLOON'S MAGAZINE FOR JULY.**—The July number of Balloon's Magazine is already issued, and a nice number it is, one of the best that has appeared since the first issue, when the price of the magazine was burned. It is a marvel of neatness and good taste, and contains a brilliant list of stories and illustrations that we do not wonder at its popularity, gained in spite of competition. It is just the book for the household, and we recommend it to all of our readers. For sale at all periodical depots. Address: Thomas & Talbot, 26 Broadway Street, Boston.

**THE SHOSHONE.**—This splendid steamer, recently purchased by the W. R. T. Company, passed up the river for the first time last Tuesday morning and went as far as Albany, returning last evening, and again went up yesterday. She is far the handsomest, as well as the most commodious boat belonging to the Company. This new steamer will carry a good many more passengers than the old one, and we see no use of having an inferior article in the market as long as the seed for this kind can be had.

**THANKS.**—We are under many obligations to the many friends for favors and sympathy extended to us during the severe sickness of our eldest son. We are under special obligations to Messrs. Henry Heiges and S. D. Richardson, who kindly went to our house to see our boy, and gave us additional medical aid for the little sufferer. He is now doing well, and rapidly recovering. Such favors shall not be forgotten.

**COMPETENT PHYSICIAN.**—Having had ample opportunity to judge of the skill of Dr. J. W. Norris, who recently located in this city, we can heartily recommend him as a gentleman and thorough physician. We cheerfully give this notice to his country, after a thorough test in our own family. Through a young man, he is a thorough and successful physician. We can recommend him to all who may need his services.

**ARRIVED.**—A young man about 19 years of age, of respectable parents, on whose account we omit the name, was arrested last Thursday at Lafayette, on a charge of robbing a Christian on the road near Dayton, of \$300 and a pistol. He had his preliminary examination at that place, and was committed to the jail. He is now being held in the jail. He is now being held in the jail. He is now being held in the jail.

**PUBLIC EXAMINATION.**—The examination of teachers will take place at the Oregon City Seminary to-morrow morning, commencing at 9 o'clock, sharp. We hope all who propose to make application during the next three months will be present, as there is no charge for certificates issued at public examinations.

**A CANDIDATE.**—We notice that our former townshar, D. M. McKinney, Esq., now a resident of Mercer county, California, is a candidate for the office of District Attorney of that county. He is a gentleman, and we shall always be pleased to learn of his prosperity.

**EXAMINATION.**—The following are the exercises at the Seminary this morning, which closes the school for the present year: 9-15 to 10-15—Grade I, Arithmetic. 10-15 to 11-15—Natural Philosophy. 11-15 to 12-15—Composition and Rhetoric.

**MATCH GAME.**—The first game of a series between the Clackamas club of this city, and Pacific of Portland will take place on the grounds of the former to-morrow at 10 o'clock.

**SASH AND DOORS.**—Major Charman has just received an extensive invoice of sash and doors direct from San Francisco, which he offers for sale at less than Portland prices.

**PERSONAL.**—B. Goldsmith, Esq., President of the W. R. T. Co. went up the river on the occasion of the first trip of the Shoshone to Albany.

**PROCESSION.**—The M. E. Church of this place next Sabbath (June 29) morning and evening by Rev. M. Judy.

**THANKS.**—Hon. James H. Slater has our thanks for bound copies of the Congressional Globe.

**TRAY WATER JOB.**—Extraordinary exertions are being used to get signers to the petition for the extension of the water works to the lower end of town. We venture the assertion that there are not five men who are not interested in the job that are in favor of giving the Company one single cent in addition to the present subsidy. We believe that the people are unanimous in their sentiment against further subsidy, and that the Company should be compelled to take the water down there without any increase of expense to the tax-payers. Let it be left to a vote today and with all the influence the water Company has, it cannot carry a question of granting it five dollars additional per year to take the water to the lower end of town. The people in that section may want it, but we learn that there is a division even among the citizens who reside down there. We are in favor of having the mains extended, but not at the expense of the tax-payers of the city. If the Council can compel the Company to carry the water down there for the present subsidy, well and good, but not another cent out of the City Treasury should be paid.

**A CHINA ORDINANCE.**—We learn that quite an animated discussion took place in the Council last Friday evening over the passage of an ordinance to prevent any person from furnishing a Chinaman as a substitute on road work.

The principal speaker on the occasion was the Hon. Mayor, who took strong grounds in favor of the ordinance. Councilman Cochran and Jacobs, so we are informed voted against it. How the Mayor, a man who has held the doctrine of "free and equal rights to all men," could go against the "heathen Chinese" and harmonize with his well-known views on this subject, we are not aware. However, we are glad to note this returning to reason of our Radical friends, and hope they may yet find that the position taken by the Democrats and always maintained, was correct, and that, instead of defending and harboring the "heathen Chinese," they may be ready to protect and foster their own kin. We have sometimes since noted signs of returning reason in our Mayor, and his early education in the Democratic school of his venerable father, appears to be getting the best of him. The ordinance is a good one, but does not look as though it was passed by a Radical Council. It is strange what dodges our Radical friends will resort to in order to keep in power. It would not surprise us to see the Radicals of Oregon City yet come out openly and above board in opposition to the 14th and 15th amendments. The ordinance passed by them last Friday would have met an instant and prompt death before the present Council three years ago, and there is no telling what change may come over them before the next three years pass away.

**POSTAL CARDS.**—Postmaster Bacon has received a supply of postal cards.

**MST FEEL CONSOLED.**—Our Radical friends must feel consoled in being released from the responsibility of electing Mr. Mitchell. It will be seen by an article published elsewhere, that Mrs. Dumivay claims that by her "personal influence she secured his election." If it had been cast against him, she claims, he would have been defeated. She is a "powerful strength," in her own estimation.

The military having been unable to find the murderers of the Modoc prisoners, Governor Grover has given directions for a searching examination to be made, in order to bring the offenders to justice. The Governor has no more regard for a white murderer than he has for an Indian, and does all in his power to bring both to justice. But it is probable that the Federal authorities will prevent justice being meted out to the Indians.

A new imported editor in an adjoining county has already commenced to give the people of Oregon some instructions in politics and how Oregon is or ought to be. He had better wait a few days and become a citizen before he attempts to instruct Web-foot.

**NEW TRIAL.**—Stokes the murderer, of James Pisk, has been granted a new trial, and it is safe to predict that law and justice will be cheated. The relations of Stokes are very wealthy, and are using their means to prevent him from being hung.

**Medicinal Poisons on the Wane.**  
The patriars took no mercury, no bismuth, no iodine, no bromide of potassium, no strychnia, no quinine. Happy old gentlemen! they did not even know of the existence of these "specifics," and yet they lived until it seemed as if death had forgotten them. Their medicines were herbs and roots. They have not this fact on record, and the world seems to be now taking note of it and returning to the first principles of medication. Hostetter's Stomach Bitters, the purest and most efficacious vegetable restorative of the day, is also the most popular. Thousands of persons who only a few years ago believed implicitly in all the poisons which figure in the pharmacopoeia, now pronounce this palatable tonic and alterative an all-sufficient remedy for dyspepsia, nervous debility, constipation, bilious complaints, headache, intermittent fevers, and all the ordinary disturbances of the stomach, the liver, the discharging organs and the brain. The time is not far distant when most of the powerful and venomous drugs now so recklessly administered by practitioners of the "heroic" school, in cases that might easily be controlled by milder treatment, will be utterly discarded by all philosophical physicians. As it is the thinking public, who are generally the sufferers from the over-dose of the "heroic" school, we have already put the danger of over-dose aside and adopted Hostetter's Bitters in their stead as a safe and excellent household medicine adapted to almost every ailment except the organic and deadly contagious diseases. For its restorative and preventive has been annually strengthening its hold upon the public confidence, and it now takes the lead of every advertised medicine manufactured in this country.
