THE ENTERPRISE.

OREGON CITY, OREGON, JULY 11, 1873.

BRIDGE BONDS.—The Pacific Bridge Company have filed their bonds for the construction of the Clackamas bridge, and soon expect to commence the work. There appears to be some misunderstanding about this matter. A man by the name of Helle., bid $105 less for the same kind of a b dge, but on the day of letting the cont act, he failed to be here, and the Commissioners regarded that he had abandoned his claim, and let the co tract to the Pacific Company. Besides, the Board regarded really the bid of the Pacific Company the lowest, as they believed that his company having their reputation at stake would do a better job than Mr. Helmer could do and make anymer been here on the day of letting the contract, he might have probably got it but not being present, and the Court believing that it was better to give this $95 to a thoroughly responsible party, they awarded as they should have done, the contract to the Pacific Company. The County Commissioners took a business view of the matter and did what they thought was best for the county, and we think they did right and proj er.

ANTI-CHINESE MEETING.—A meeting of the citizens of this place will be held at the Court House, next Saturday evening, at eight o'clock, for the purpose of hearing Mr. J. N. Vokes explain the workings and object of the Anti-Chinese Prote ctive Alliances, which are being organized on this coast, and also to organize an Alliance. This is an important matter to our town, and we hope that all who are opposed to the influx of the "heathen Chinee" will turn out and give their aid to this movement. Let the Court House be full next Saturday evening.

QUICK WORK.—A young couple presented themselves before Judge Wait last Monday, desiring to be made one. The girl was only sixteen, and consequently the consent of the parents was necessary before they could get a certificate. The parents reside in a remote part of the State, and there being good reason why the young lady could get another parent, application was made for a guardian, the guardian appointed, and he gave his consent and those two loving hearts were made one.

CELEBRATION AT SALEM.—The celebration at Salem was a very creditable affair. The Declaration of Inlependence was read in a masterly style by Mr. F. M. Bewley; and a most excellent oration was delivered by the Rev. W. R. Stewart. The Turn Verien Society was the main feature of the celebration, and a large crowd of people witnessed their performances at the Park in the afternoon, where they performed some very credit ble feats.

ENTERTAINMENT.—An entertainment for the benefit of the Sunday School in Mr. Holmes' neighborhood, was given last Wednesday evening, which we learn was a very pleasant affair. We regret that it was impossible for us to be present, and return our thanks to the committee for a complimentary invitation. The young ladies who had the matter in charge could not fail to make it a success.

ACQUITTED.—We are informed that four young men were arrested at Canby Camp meeting grounds for disturbance. They had their trial last Wednesday before a Justice of the Peace of that precinct and were acquitted. We learn from persons who heard the evidence, that the arrest was entirely groundless. We regret that any person should disturb the gentle gatherings of any kind. But we also condemn the arrest for no cause. Both are unjustifiable.

SCHOOL.—By reference to our advertising columns, it will be seen that Prof. S. D. Pope proposes to open the Grammar School in the building formerly occupied by him for school purposes, on the 28th inst. Mr. Pope is too well known to our citizens as a successful teacher to need any recommendation from us, and we are satisfied that all who patronize him will be well repaid.

I. O. O. F.—The following persons were installed officers of Oregon Lodge No. 3, I. O. O. F., for the present ter n on the 3d inst.: J. D. Locey, N. G.; C. E. Warren, V. G.; John W. Meldrum, R. S.; A. J. Apperson, T.; W. J. Caldwell, W.; W. P. Burns, L. S. N. G.; David McArthur, L. S. S.; J. D. Slover, L. S. V. G. and W. J. Caldwell, Host.

CAULIFLOWER.—Hon. W. W. Buck placed on our table a cauliflower raised by him in his gardens which we regard equal in size to any we have ever seen in any country. The head is a beautiful white and as solid as a rock. Mr. Buck has taken great pains to raise good vegetables, and he deserves credit and success for his energy in this line.

RETURNED.—Hon. D. P. Thompson returned home last Sunday, looking as young and hearty as could be desired. He says that he is a candidate for Congress, but as Dave is such a jokest, we don't know whether to believe him or not. However. Bothning may strike anywhere, and Dave may be the Radical candicate for slaughter.

WILL BE HERE.—Dr. O. S. Fowler, the great phrenologist, will be in our city next week and lecture at Myers' Hall Wednesday Thursday, and Friday evenings. The Doctor has a national reputation, and we feel assured that all who will hear him will be gratified and instructed.

FLORAL GUIDE.—We have received the 2d and 3d numbers of "Vick's Floral Guide" for 1873. The "Guide" is issued quarterly at Rochester, New York, at the low price of 25 cents a year. It is beautifully illustrated, and is indispensable to the florist.

LOST.—A lady of this city lost the drop of a ear-ring between here and Portland. It is of no particular value to the finder, but of considerable worth to the owner, as it belongs to a set. The finder will be suitably rewarded by leaving it at this office.

WAS HERE.—We accidentally found out that Judge L. L. McArthur was in this vicinity last week, and he failed to enter an appearance at this office. Now Judge, you serve us that way again and we may tell something on you. We'll forgive you this time.

AN ELECTION.—The City Council have ordered a special election to take place on the 28th inst., for the purpose of receiving authority to levy a special tax of two mills on the dollar for the purpose of purchasing hose.

CELEBRATIONS.—We learn that the people in the vicinity of Tracy's store, in this county, celebrated the glorious Fourth in a becoming manner. The celebration at the Springs was also a very egeditable affair.

NEW ARRIVALS.—Prof. Macrum is the father of a boy. Prof. Joseph Sellwood, of Milwaukie, is the father of a son. Capt. Sam. Holmes, of a daughter. Any more?

MARRIAGE LICENSES.—There were issued by the County Clerk of this County 49 marriage licenses during the past year.

RETURNED.—Col. W. L. White and wife returned last week from a three weeks' trip to Clatsop beach, where they had been to enjoy the ocean air. They speak very highly of the accommodations offered the public, and say that it is the place to go to for enjoyment and good fare.

BALL.—To-morrow the Clackamas play the second game with the Pioneers, in Portland. Three of the Clackamas nine, Pope, Cross and Lewis, will be unable to attend on account of business engagements and as the boys want to get through with the match have decided to play without them.

PERSONAL.—We had a call yesterday from Hon. Wm. Cumagyes, of Polk county. He gives us good accounts from Polk, and says if the Democracy put up the right man, Polk will do handsomely for him.

NEW WAGON.—Messrs. Williams & Harding have started out a new delivery wagon, which looks as though business was increasing. They deserve the liberal support they receive being both clever fellows.

ICE CREAM.—We are requested to state to those who go to Camp-meeting at Canby, that Mr. Wm. Emerson is prepared with ice-cream for all who may give him a call.

MOON-LIGHT EXCURSION.—The Shoshone is advertised to make an excursion to this place next Saturday evening, and pass through the locks.

RETURNED.—The surveying party of Mr. Henry Meldrum, who have been surveying in Yamhill county, returned home last Saturday.

Telegaphic News.

NEW YORK, July 2.—In the Walworth murder case to-day at 8:25 the jury returned into court, the roll was called, and the jury were all asked if they had agreed. The foreman answered: "We have. We find the prisoner guilty of murder in the second degree."

BOSTON, July 5.—A small quantity of domestic wool held in this market limits the transactions, and with better assortment to select from, sales would be much larger. All good lots of California wool are sold as fast as received, as manufacturers are short of wool at present. Pulled wool is in light supply, and although some new fleece has arrived, still the stock here is to small for very extensive business, but, the market will soon be fully supplied. Spring California wool is selling at 23 to 27 cents.

SPRINGFIELD, Mass., July 4.—Phineas Allen, editor of the Pittsfield *Sun* from 1829 till 1873, died to-day of paralysis. Aged 66.

WASHINGTON, July 5.—The Commissioner General of the Land Office decided that in the cases of Warwick and J. A. Davis, donation claimants in Oregon, that donations cannot be purchased under the acts of February 14, 1853, and July 17, 1854, after one year's residence and cultivation, unless such residence and cultivation had been on lands surveyed prior to such purchase. General Drummond, Commissioner the Land Office has decided that lands valuable on account of deposits of carbonate of soda, nitrate of soda, sulphur, alum and salt; may be patented under the mining act of May 7, 1872, as well as other valuable mineral deposits, except those specially reserved by act of Congress.

CHICAGO, July, 8.—A hurricane passed over Odin, Illinois, last night unroofing many houses. The Methodist Church was wrecked. The Methodist Church and engine house at Salem were wrecked. Orchards and miles of fence and thousans of acres of corn were blown down. At Harrisburg, Ill., the storm blew the International Circus tent down while full of people. The lamps fired the canvas but the flames were soon extinguished.

EVANSVILLE, Ind., July 8.—A destuctive storm and tornado passed over this city and vicinity about 8 o'clock last evening. A number of shade trees were blown down. The front of a house was partly blown out. Considerable damage was done to Trinity (Catholic) Church, which was being rebuilt. At Henderson, Ky., roofs were blown off, freight cars were blown from the track, and much timber destroyed in the surrounding country.

A Sound Pla form.

The farmers of Livingston county, Illinois, have a pretty correct appreciation of the manner in which the Federal Government has been administered by the Radical party during the past ten years, and have concluded that a change—a new departure on important questions, materially affecting the agricultural, labor and busine s interests of the whole country—is of vital consequence to our pro ress and happiness as a people. Their ideas are explained by the following resolutions adopted at a recent convention held to consider the political situation and promulgated a Farmers' Platform:

This organization is opposed to railroad steals, tariff steals, and every other form of thieving by which the farming and laboring classes are robbed of the legitimate fruits of their labor.

First—We are in favor of controlling by law the railroad corporations of the State.

Second—We submit to direct taxation and duties to meet the necessities of the Government, but denounce as unjust and oppressive all taxation for the benefit of special classes.

Third—We are in favor of the present banking system being so charged that all men, by giving the proper security, shall have equal privileges, so that supply and demand shall regulate our money market.

Fourth—We are opposed to all further grants of land to railroads or other corporations, and believe that the public domain should be held sacred to actual settlers.

We are in favor of a true system of Civil Service Reform, making honesty and capacity the only valid claim for public employment; and we belive that the office should seek the man, and not the man the office.

The cathartics used and approved by the physicians comprising the various medical associations of this State are now compounded and sold under the name of *Parson's Purgative Pills*.

We copy the following from an exchange, which is important, if true:—Chronic diarrhœa of long standing, also dysentery, and all similar complaints common at this season of the year, can be cured by the use (internally) of *Johnson's Anodyne Liniment*. We know whereof we affirm.

The Career of a Great Remedy.

Twenty summers have elapsed since it was briefly announced that a new vegetable tonic and alternative, bearing the name of Hostetter's Stomach Bitters, had been added to the list of preventative and restorative medicines. The modest advertisement which invited attention to the preparation stated that it had been used with great success in private practice as a cure for dyspepsia, bilious complaints, constipation and intermittent fever. It was soon discovered that the article possessed extraordinary properties. The People, of every class, tested its merits as a tonic, stimulant, corrective and restorative, and found that its effects more than fulfilled their hopes and expectations. From that time to the present its course has been upward and onward, and it stands to-day at the head of all medicines of this class, American or imported, in the magnitude of its sales and its reported reputation as a safe, agreeable and potent invigorant and restorative. For languor and debility, lack of appetite and gastric disturbances so common during the summer months it is absolutely infallible. Indigestion, bilious disorders, constipation, nervousness, periodical fevers, and all the ordinary complaints, generated by a vitiated and humid atmosphere, vanish under its renovating and regulating influence. This is its record, avouched by volumes of intelligent testimony, extending over a period of a fifth century, and comprehending the names of thousands of well-known citizens belonging to every class and calling. In Europe it is thought a great thing to obtain the patronage of royalty for a "patent medicine," but Hostetter's Bitters has been spontaneously approved by millions of independent sovereigns, and its patent consists in their endorsement.

It is no fiction. DR. WISTAR'S BALSAM OF WILD CHERRY has cured and is now curing thousands of sufferers from that terrible disease, consumption. Do not hesitate a moment, but provide yourself with this cure, which has had an enviable reputation for nearly half a century.

Special Notice.

It is a well known fact that Dyspepsia and indigestion are the causes of nearly all the diseases that the human body is heir to; then why pay enormous doctors' bills? By using Dr. Henley's celebrated IXL Bitters they can be thoroughly eradicated from the system and new life imparted to the sufferer. Read physicians certificates in another column.

D., 1873, to enforce certain mechanics' liens and other liens in said decree mentioned and described, against Wm. N. Holmes, S. J. Hensley and S. D. Holmes, doing business under the firm name of Holmes, Hensley & Holmes, and against Wm. N. Holmes and S. D. Holmes individually, and in favor of R. F. Caufield, John Hutton, Mathew Richardson, William Mullins and C. H. Fairchilds, upon mechanics' lien judgments as aforesaid, for the sum of 610.40, dollars, with costs and accruing costs together with interest from the date of said judgment at the rate of ten per cent. per annum; and whereas in the same decree and judgment, an order was made foreclosing a certain mortgage held by D. COLEMAN'S EUCALYPTUS Dr. J. S. Coleman's Compound Extract of eucalyptus is a preparation combining all the valuable medical qualties of the Eucalyptus, which is cultivated in nearly every California garden for its medical utility, having become the household remedy for all diseases of the *KIDNEYS, BLADDER* and *URINARY CANAL*, and *SEMINAL WEAKNESS*. It seems to have a direct affinity for the GENITO-ORGANS and their surroundings, and cures them by its alterative, healing and balsamic properties more effectually than any other known remedy.

It is an invaluable remedy for all diseases of the mucous and serous membranes, such as *BRONCHITIS, HACKING COUGH, NAUSEA DURING PREGNANCY, DYSPEPSIA, LEUCORRHŒA*, etc.

This preparation is the result of Dr. Coleman's experiments with the medicinal properties of the tree in the U. S. Marine Hospital in San Francisco, in 1871 and 1872, where he had unusual facilities for testing the various methods of preparing the remedy, and testimonials of its efficacy can be seen at his office, 605 Kearney street, San Francisco.

COLEMAN'S DOUBLE EXTRACT OF EUCALYPTUS is powerful, yet harmless, febrifuge, and is a special preparation for the treatment of the malarious fevers of our interior valleys, and is warranted to cure any case of FEVER AND AGUE treated with it according to directions, while the baneful results of the usual Quinine and arsenical remedie for those diseases are entirely avoided.

FOR PHYSICIANS, Coleman's Fluid Extract of Eucalyptus in 1-lb bottles. Beware of imitations, and take none but Coleman's. For sale everywhere, and by Hodge, Chlef & Co., Wholesale Druggists, Portland, Sole Agents for Oregon.

A GREAT DISCOVERY!

NO MORE GRAY HAIR OR WHISkers if you will use J. LIPMAN'S HAIR RESTORER. This is not a vile compound, made of Sugar of Lead, Lac Sulphur, and other poisonous minerals, which will produce headache, paralysis or insanity, but a harmless preparation, free from sediment, easily applied, and in a brief space of time restoring the hair or whiskers to their natural color. No preparation is necessary to use with it, but simply to apply according to directions accompanying each bottle. This is the cheapest, safest and best Hair Restorer ever offered to the public.
