tus is a preparation combining all the valuable medical qualties of the Eucalyptus, which is cuitivated in nearly every California garden for its medical utility, having which is chitvated in learly every cantornia garden for its medical unity, naving become the household remedy for all diseases of the KIDNEYS, BLADDER and URIN-ARY CANAL, and SEMINAL WEAKNESS. It seems to have a direct affinity for the GENITO-ORGANS and their surroundings, and cures them by its alterative, healing and balsamic properties more effectually than any other known remedy.

It is an invaluable remedy for all diseases of the mucous and scrous membranes, such as BROCHITIS, HACHING COUGH, NAUSEA DURING PREGNANCY, DYSPEP-SIA LEUCORRINGS etc. SIA, LEUCORRHEA, etc.

This preparation is the result of Dr. Coleman's experiments with the medicinal properties of the tree in the U. S. Msrine Hospital in San Francisco, in 1871 and 1872, where he had unusual facilities for testing the various methods of preparing the remedy, and its uses. It can be relied upon as certain to give the promised results, and hundreds of testimonials of its efficacy can be seen at his office, 165 Kearney steet, San Francisco.
