MONUMENT.-Steps have been taken to secure a subscription among printthe honor of the late John Fleming, who died at this place about a year ago. This is nothing more than the craft should do. Uncle John was a man of integrity and an honor to the fraternity, and being the pioneer printer on the Northwestern coast, it is due to him from printers of this and adjoinining States and Territories. It will take but little from each printer and we know that their liberality will promptly respond to this worthy object. Let us suitably mark the spot where the old patriarch rests from his toils. At present there is nothing to designate his resting place. It is proposed not to call but printers to contribute to John who may feel it a privilege to give to this object, can do so, and the same will be duly acknowledged.
