

THE ENTERPRISE.

OREGON CITY, OREGON, OCTOBER 3, 1873.

Democratic State Ticket!

FOR CONGRESSMAN, JAS. W. NESMITH, OF POLK COUNTY.

Public Speaking.

Hon. J. W. Nesmith, Democratic candidate for Congress, will speak at the following places...

Gov. L. F. Gross will address the citizens of Oregon on the political issues of the day...

At the time of the adoption of our present form of government this country had not been the abode of a civilized people...

Labor and Capital.

The capitalists who constitute but a small numerical element have been and still are seeking by a species of insidious class legislation to obtain the control of the only source of wealth to wit, labor.

For illustrations take the protective tariff and the banking systems, the latter included government bonds which by law are exempt from municipal and State taxation and which are also by law a basis for the banking business.

While there may, to some extent, have been lobbying for class legislation during the time the Democrats were ever been its advocates...

While we regard concert of action as difficult of attainment on the part of so numerous a class...

In this connection we refer to the labor question as affected by the introduction of Chinese laborers into this country.

SMITH'S ADDRESS.—We publish the pamphlet address of Hiram Smith to the voters of Oregon.

Hon. J. W. Nesmith's Speech.

Hon. J. W. Nesmith, Democratic candidate for Congress, addressed a very large and appreciative audience at the Court House last Tuesday evening.

It is a fact worthy of note that the great body of the voters of the entire country appear less interested in mere party politics than formerly.

The Dallas Republican heretofore an earnest Republican journal, has come out with this motto: "Independent in Politics and Religion."

These reflections are suggested by the discussions now before the public mind in the State and Nation.

The immense amount of grain in the State and the stock and the machinery are all ready to work threshing it out.

The Radicals are trying to create the impression that Hi Smith is not a politician, but a modest high-minded man.

The following is the order to the commanding officer at Fort Klamath for the execution of the Modoc Prisoners:

JEFF C. DAVIS, Brev. Major-Gen. H. CLAY WOOD, Asst. Adjt. Gen.

How is this for Hi?—We learn that a certain Federal officer at a town up the valley had made his appointments for delivering himself of the inquiry heaped upon him by Back-pay stealer, Credit Mobilier, and Senatorial indiscretions.

The Salem Statesman has a squib in Wednesday's issue relative to Senator Baker bribing an Oregon Legislature.
