

THE ENTERPRISE.

OREGON CITY, OREGON, NOV. 21, 1873.

TRIAL TRIP.—Last Saturday, by invitation of Hon. J. D. Biles, we took an excursion on the steamer Alice on the excursion of her trial trip as far up as...
THANKSGIVING NOTICE.—Service will be held in the Episcopal Church in this city on Thursday next at 10 o'clock A. M. The thank offerings of the congregation will be appropriated to the indigent relief fund.

WILL CELEBRATE.—We are requested to state that the Masonic Order of this city propose to appropriately celebrate St. John's day, December 27th, and that the members of the Order and their families are requested to attend.

GOSE.—Hon. D. P. Thompson left here last Wednesday by way of the Columbia river, for Washington, where he expects to remain during the winter. His wife will join him, and will leave by the Ajax to-day.

COME BACK.—Mrs. Hurly and family, who have been residing for some time past at Lewiston, returned here last Wednesday, and expects to remain during the winter.

EXTRA.—Extra trains have been running for the past week bringing down wheat from up the valley. There are a number of vessels in Portland loading, and the demand for wheat is good.

VICK'S FLORAL GUIDE.—We call attention to the advertisement in to-day's paper of this magnificent publication for 1874. No family should be without it.

NEW COMER.—Brother to Dr. J. Welch, with his family arrived here on Wednesday last, and expects to make this his future home.

BOUGHT A PAPER.—We see it stated that Rev. E. Gerry, formerly of this city, has purchased a paper, in Connecticut. We wish Mr. Gerry success.

WENT HOME.—Bent, David got home last Saturday morning, as happy, young and handsome as when he left last Spring.

HISTORY.—Barnes' History of the United States can be had at Myers' store at the introductory rates.

IN TOWN.—Hon. E. L. Bristol, of Eugene City, stopped in town last Friday night.

SELF EXPLANATORY.—A CARD.—Mr. RAYMOND'S—Your kind letter of the 15th of November, was received, accompanied by the very life-like portrait of our late friend, which has been so admirably executed by yourself. To our appreciation we have so generously placed us in possession of this doubly valuable memento of him whom we so dearly loved, and of whose many acts of love and kindness toward us, we feel unable to express the full measure of our appreciation in a few lines.

THE HUNTERS.—The party of hunters whom we mentioned last week, returned home on Saturday night, appearing highly delighted with their trip. We omitted to mention that Doc Barlow was in the crowd. They claim they captured any number of ducks and geese, but as to the truth of the statement we cannot vouch for. There is one thing, however, which we will not deny, and that is, that Doc Barlow did not desire to come home without any game. He was accompanied by his wife, and she, too, was highly pleased with the success of the party.

BRIDGE COMPLETE.—The Salem Statesman says: "The bridge over the Pudding river, on the Salem and Foster road, let to H. D. Mount & Co. in August, by John Newsum, for Marin County, was completed last Saturday. It is a fine structure, and reflects credit upon the builder. The crossing upon this bridge can be made at all seasons of the year, and the land on both sides is dry and solid. The contract for covering this bridge is let to Mr. I. H. Davenport, of Eugene, and will be completed in a few days. This is the direct route from Salem to Upper Butte creek and Upper Mollata streams, and will be a great benefit to the people of the old grant road via Barlow's Gate."

NOT DEAD.—An item appeared in the Bulletin last Saturday to the effect that Mr. D. S. Smith, father of Mrs. Henry Warren of this city, had died very suddenly at Seattle on that day. The following day, however, the Bulletin published an item which could give no information as to the truth of the report. On Monday, however, Mr. Smith telegraphed to Mr. Warren that he had not been dead as he was aware of. This relieved the anxiety of his relatives.

A GOOD TIME.—A large number of our patrons are behind with us for their subscription. The present year is drawing to a close, and we hope every patron interested in the Enterprise will be able to show a clear receipt on the first day of January, 1874. We shall be pleased to give them all receipts for past dues and a year in advance.

NEWS BY THE OVERLAND TELEGRAPH. New York, Nov. 14.—A dispatch from Jamaica says that on the 10th all the remaining Virginian prisoners were marched out and ten detained to execution at a time. When ten were murdered another ten were marched up and their dead bodies fell across those of their companions.

HAVANA, Nov. 14.—The Diario de Cienfuegos, says 57 of the Virginian captives were shot at Santiago on the 10th inst. No particulars of these additional executions have been made here.

HAVANA, via Key West, Nov. 17.—The following account of events at Santiago de Cuba was received here (Havana) on Friday morning, the 17th instant: Thirty-seven of the crew of the Virginian were brought on shore and taken to prison to remain there until their execution. Capt. Fry, a noble looking old man, fully a head taller than the rest of the crew, when he met his men on the wharf previous to the march to prison, saluted them all, and his salute was returned with affection. At 4:45 P. M. Capt. Fry, thirty-six men and officers were publicly shot, despite the protest of all competent foreign authorities. The marines were seven minutes in killing the wretched prisoners; it seemed as if they would never finish. At last the troops marched off and the troops filed past a long row of corpses. Then the dead carts were hurried up and loaded indiscriminately with the mangen remains. The American Consul has done all that could have been done. Indeed, it was threatened that his expedition would be withdrawn for his exertions on behalf of the prisoners. In an interview with General Barriel, that officer yelled at him and otherwise treated him disrespectfully. The British Consul also made an ineffectual protest against the execution. It is reported that sixteen of the victims were British subjects.

Duncan C. Templeton shot his wife this morning while they were walking together in Fortieth street. The wound is not fatal, but she is permanently disabled. She is the daughter of General Babcock of Gen. Grant's staff.

NEW YORK, Nov. 17.—A Washington special says orders have been issued for opening recruiting offices throughout the country. The navy is to be recruited to its utmost capacity.

The U. S. Steamer Worcester, flagship of the North Atlantic squadron, sailed from Fort Monroe today for Santiago de Cuba.

Secretary Robeson, now in New York, has summoned the chief clerk of his department to that city in connection with fitting out vessels for Cuba.

Edwin K. Windship, Government claims broker in this city is announced to be defendant in the extent of \$400,000. He is believed to be out of the country.

Castello, the commander of the Tornado, says the crew and men on the Virginian were treated with such consideration as their character and the necessity of safe keeping would allow. He says the captain and crew of the people of Santiago delmoros with enthusiasm.

WASHINGTON, Nov. 17.—President Grant says the Government has acted on such information as has come to it, and is collecting more from available sources. Upon the meeting of Congress all the facts will be presented.

NEW YORK, Nov. 18.—There are now 2,347 men employed in the Brooklyn Navy Yard, and probably 1,000 more will be added. Secretary Robeson says he will have an efficient fleet in three weeks.

The Liberal Republican Tenian Committee met to-day and resolved that the Cubans ought to be recognized as independent at once by our Government. They denounced in strong terms the Virginian outrage.

WASHINGTON, Nov. 18.—The New Mexico have arrived safely at their new home in Indian Territory.

NEW YORK, Nov. 19.—Tweed has been sentenced to four months imprisonment and a fine of \$4,000.

CLEVELAND, Nov. 18.—Sixty cases of small-pox are reported in the western part of the city.

WASHINGTON, Nov. 19.—The Administration is understood to hold that the Virginian case is a matter of war with Spain, even admitting that she was carrying sugar to the Cubans, because Spain has never recognized a state of war in Cuba. When the Spanish gunboats were seized in New York in 1869, Spain argued that the Cubans were not recognized as belligerents, and that the sale of arms to Spain was legitimate. The State Department accepted this view and the gunboats were released. Under the same principle we have a right to sell guns to the Cubans and ship them on American vessels.

Mrs. E. O. Stanton, widow of the late Secretary of War, died at Chestnut Hill to-day.

BALLOU'S MAGAZINE FOR DECEMBER.—The December number of Ballou's Magazine is a most attractive number—one of the best that we have seen this year. It is full of interesting articles, and each is of remarkable interest to the general reader. The stories in this issue are fresh and good, the poetry eloquent and fervent, while the illustrations are such as will cause more than the usual share of attention. The leading story, "The Ghost of Hendee Hall," continues to be of absorbing interest, and an examination of the magazine will still find admirers. Take Ballou's Magazine, the cheapest monthly in the country—and after an examination of its merits, we must confess that it is superior to most of the high-priced serials of the day, and yet to every subscriber is given a pretty little Chromo an ornament for the home. Only \$1.50 per annum, and 15 cents single copies. Write in doing so, the entire magazine will fall through and caught on the arm where it remained, cutting and gashing the wrist until a younger sister pushed open a door and ran her rescue. Two leaders were severed and nearly an artery. The child has suffered much, but is now doing well.

It is asserted by the New York Sun that there never was a time when this Government was established when the United States Army was in so demoralized a condition as now.
