OBEGON CITY, OREGON, DEC. 19, 1873.

SMALL-Pox .- A young man named Rivers, who has been employed as ragpicker in the paper-mill, wastaken sick last Safurday, and Dr. Ross was sent for to attend him. The Dr. was of the opinion that it was a genuine case of small-pox, and advised that necessary precautions be taken. The man was boarding at the house of Mr. Smith, shout two miles below town, where he died yesterday morning. We believe that none of the family have been exposed, and that every precaution is be-ing taken to prevent it from spreading. It is supposed that the young man caught it from handling rags that were brought to the mill from Portland. This is the only means of accounting for it, and it is altogether probable that in this way he caught the terrible dis-

DISTURBANCE .- During the skating season, below town, a row occurred between some young folks, which came near resulting dangerously. As we are informed, the particulars are as follows: Some of our young town-folks commenced to pick upon a young man from the country, and he, having a little too much "tangle-foot" on board, simed to throw a bottle at them, but missed his mark and struck a little son of Mr. N. W. Randall, entting a sewas knocked senseless, but he is now nearly well. A warrant was issued for the offender, but he got wind of it and took himself out of the reach of law.

Closes.-The closing exercises in the Oregon City Grammar School takes place to-day. Mr. S. D. Pope has made this school a complete success, and notwithstanding this is only the third term that it has been open, has over one hundred scholars. The patrons of the school all speak very highly of the improvement of their children, and we feel consident that but few schools, if any, in our State, have met with greater snocess. The next term will commence after the holidays.

ADMITTED TO PRACTICE.-Frof.W.W. Moreland, of the city, was last week admitted to practice law, having passed the examination before the Supreme Court. Mr. M. is a young man of fine abilities and we hope that his future may be crowned with the best of succres. As a teacher in our City Seminary, he has given entire satisfaction. and we trust that his success in the legal profession may be equally suc-

There are forty-four pictures this month, and they include drawings by Moran (who contributes a very effective frontispiece), Stephen's Sheppard, Beard, and other American artists. The Associated Reformed Presbyterian says: For years Perry Davis' Pain-Killer has been known as a most useful family medicine. For pains and aches we know nothing so good as the Pain-Killer. For many internal diseases it is equally good. We speak from experience, and testify to what we know. No family ought to be without a bottle of Davis' Pain-Killer.

MESSRS. PERRY DAVIS & SON, Prov., R. I.-Gents:—Although a stranger to you I am not to your invaluable medicine, Pain-Kil-ler. I formed its acquaintance in 1817 and I am on most intimate terms with it still; my experience in its use confirms my be-lief that there is no medicine equal to Pain-Killer for the quick and sure cure of Summer Complaints, Sore Throat, Croup, Bruises and Cuts. I have used it in all and found Yours Truly, T. J. GARDINER, M. D.

Judging by our own experience whoever once makes a trial of Perry Davis' Pain-Killer, will not fail to recommend it widely as an unequalled liniment, and valuable complaints .- Brery Month.

The efficiency of Perry Davis' world-re-nowned Pain-Killer in all diseases of the bowels, even in that terrible scourge, the Asiatic cholera, has been amply attested by the most convincing authority. Missionaries in China and India have written home in commendation of this remedy in terms that should earry conviction to the most skeptical, while its popularity in com munities nearer home is ample proof that the virtues claimed for it are real and tangible. Among family medicines it stands unrivaled .- Boston Courier.

The Saturday Bren'y Gazette of Boston, says: It is impossible to find a place on this broad land where Perry Davis' PAIN-KILLER is not known as a most valuable remedy for physical pain. In the country, miles from physician or apothecary, the Pain-Killer is cherished as the exclusive panacea, and it never deceives.

"PERRY DAVIS' PAIN-KILLER is really a valuable medicament, and, unlike most of the articles of the day, is used by many physicians. It is particularly desirable in locations where physicians are not near; and, by keeping it at hand, families will often save the necessity of sending out at midnight for a doctor. A bottle should be kept in every house," Boston
