In Town.-We met Mr. J. C. Trullinger of Centerville, in our town last Friday, who reports all lovely in Washington County. He informs us that the mail from Forest Grove to Centerville closes about two hours before the daily mail reaches the former place, hence all mail arriving on Saturday, has to lav over three days. This could be easily remedied by having the mail leave Forest Frove two hours later. We hope the Postal Agent will give this matter his attention.

Then and Now.

Here are a few figures taken from consideration of taxpayers: The national revenue in 1860 was \$56,054,-599 83; in 1871 it was \$383,321,944 89. The ordinary expenses of the nationto \$156,420,025. This does not inthe public debt or pensions.

The increase in population during the decade was 22 per cent. The increase in ordinary expenditures was about 150 per cent. In 1860 the new revenue was a little less than \$2 per head and the ordinary expenses was almost exactly \$10 per head, and the ordinary expenditures \$4. With ernment was about \$7.70 per head in 1871. Yet they figure out the result, found destitute of the Scriptures, and at the treasury department, that the present administration is the most economical one we ever had. This ciphering is done by the approved partisan rule of "addition, division and silence."

WILL BE DRIVEN FROM POWER .-The Democratic triumphs last Fall are but an indication of a change of public sentiment, and the Radical party, which has heretofore had the spoils to hold it together, will find themselves powerless in the future. The Syracuse Courier says: "The great work of driving from power this party that has proved false to all its pledges of reform, begun so prosecuted with unabated vigor in A collection taken amounting to \$16,- 1874, and terminete in victory complete in 1876.
