MILWAUKEE, May 2.—Gov. Taylor has issued a proclamation in reference to the restoration of railroads to the new Railroad Law. He says: "The competency of legislation to regulate railroads is conceded, yet the St. Paul and Northwestern Companies have announced their determination to operate their roads without reference to the provisions of the act. This, he says, is at once a source of profound regret, and in marked contrast with the patience and submission exhibited by the people in presence of what they have deemed unjust and burdensome exactions of the railroad companies in the past, and, if persisted in, it must seriously disturb the business and greatly imperil the industries of the State." The proclamation concludes as follows: "I therefore enjoin all railroad corporations, their officers and agents, personally, to submit to the law, for the Executive is charged with the responsibility of seeing that the laws are faithfully executed, and the functions of his office will be exercised to that end," and for this purpose he invokes the aid and co-operation of all good citizens.

LITTLE ROCK, May 1.—The situation here is practically unchanged. Brooks still occupies the State House with about 500 men, while Baxter is at the Anthony House with 300 men. United States troops continue to occupy a position between them. Gen. Fagan, Confederate, has assumed command of Brooks' forces in the State, and calls on his old comrades to rally to his standard. Both parties appear to be waiting for definite news from Washington.

Colonel Waite's account to Baxter of the fight near Pine Bluff, yesterday, is, some 200 men gathered for Brooks, near New Gascony, and being unable to secure transportation to Little Rock, they began to plunder citizens, when White asked and obtained leave from General Newton Baxter's Commander-in-Chief to disperse them. He went with a force of 100 men into Jefferson County, where he found them, and sent three officers to command them to disperse. As the officers came in range they were fired upon, when Waite ordered an advance and a light cavalry regiment, resulting in killing nine and wounding twenty of Brooks' men, and the capture of two of their leaders and eighty-two men, the rest dispersing. White had seven wounded and three horses killed. He paroled all the prisoners except the two leaders—Murphy and Van Desante.

WASHINGTON, May 5.—Rumors have been circulated to the effect that the position of Secretary of the Navy has been tendered to E. B. Washburn, Minister to France, and that his reply is being awaited. Geo. Lonnat as Receiver of Public Moneys in Prescott, Arizona; D. A. Cheever, Postmaster, Denver.

LITTLE ROCK, May 4.—The capture of the Supreme Court Judges last night, by a band of armed men, is charged by Brooks' men to Baxter's adherents, and by the latter to Brooksites. The whereabouts of the Judges is still unknown. There is report of another battle between King White's forces and a party of Brooksites. The city is full of warlike rumors that Brooks is about to attack Baxter, and vice versa. United States troops occupy the old position between the belligerents.

CHICAGO, May 6.—A meeting of the Advisory Board of the State Farmers' Association was held at Bloomington yesterday, 52 of the 102 counties in the State being represented. It was decided by a nearly unanimous vote to organize a political party independent of existing organizations, and to call a State Convention to meet at Bloomington May 27th, to forward such action.

Some days since Baxter sent to St. Louis for a duplicate State seal, which was yesterday forwarded to this morning, before the express agent could deliver it, a squad of Brooks' men entered the office and captured it.

The *Gazette*, Baxter's organ, has a special from Pine Bluff reporting a large meeting approving Baxter and denouncing Brooks. A dispatch from Helena states that J. T. White, ex-Senator (colored), addressed a meeting chiefly composed of colored persons, advising them to preserve neutrality and leave the decision of the question to legislation.

A favorable report was confidentially expressed.

WASHINGTON, May 5.—The Senate Finance Committee, by a majority vote, agree to recommend the incorporation of the following provisions in the House Finance Bill: To fix the

maximum of greenback circulation at \$382,000,000, and to issue \$164,000,000 of new National Bank notes, retiring for each million of such issue half a million of greenbacks, until the total greenback circulation is reduced to \$800,000,000, and fixing January, 1875, as the date for the resumption of specie payment.

It is generally conceded that Tolman, the Radical candidate for Governor, is unfit for the place, and that he is the laughing stock of the people wherever he has entered an appearance.

One of the Radical candidates for the Legislature from this county has only been here about two years, and a portion of his family are yet in Iowa. He is a sort of preacher—Foster is his last name.

Doc. Barlow, the chief of the Radical ring in this county, came near being "singed" by them last Monday. It required the Democratic vote to save him. Rather rough, Doc.
