OREGON CITY, OREGON, JUNE 19, 1874.

## Is Our Party Demoralized?

Some of our Democratic exchanges are asking for a reorganization of the party—to heal up the broken wounds and close up the ranks for future battles. We cannot see where reorganization is necessary. Many of those who left the Democratic ranks and joined the Independents, did so from a feeling of duty and honest motives, and a desire to improve their local or county administration. In Multnomah and Washington the Democracy did not run any tickets for county officers, they being in a hopeless minority. Yet a large portion of the elected candidates are Democratic, and will on all party measures act to sustain the Democracy. In Benton, Douglas, and in fact, in nearly all the counties where the Independents made any headway, the Radical party was largely in the majority, and it was a desire to get rid of this misrule which caused Democrats and Republicans to unite for a common cause, and that was for a change in county administration. The same may apply to counties where the Democrats have had long control. Reorganization for these counties must be done at home, and the Democracy, if in office, must carry out faithfully its pledges to the people, and reorganization will be complete in such disaffected places.

In Umatilla, the candidates for county officers were nearly all Democrats, the Legislative ticket being entirely so, but owing to local differences or jealousy, these men went into the Independent organization for the purpose of changing local county officers, and not upon any party question. The State ticket in Umatilla received a larger majority than heretofore. It was purely a fight for the paying offices. The best way to reorganize the party on this question is to reduce the pay of the officers in the various counties so as to make them equal in their salaries to other occupations. As soon as this is done, the offices will not be sought after with such eagerness, and not cause the hot and bitter contests which are, as a rule, engendered. This should be one of the first duties of our next Legislature. The men who are candidates before conventions should also be learned that if the choice falls on some other than themselves, that they are in honor bound to give them, not only their votes, but their influence. There are men, we will not call them Democrats, who let their personal interests control them entirely in their political conduct. Such men are of no benefit to any party, and they will not prove any race faithful in the future to party obligations by reorganization than they have in the past. If they get the nominations and receive the offices, they are ever ready to support the nominees; but if they are left out, no matter how good the men are who are put out by the party, they either labor to defeat them or give an indifferent support to the successful candidates. This was in part the case in this county at the recent election. Aspirants who were defeated for certain nominations, only fought their successful competitors, and for no other cause only that they did not receive the votes of the convention themselves. This was also the case with certain aspirants for State offices. When they are honorably and fairly defeated before the convention, they gave what influence they possessed to the opposition. We have no use for reorganization in behalf of this class, and we can see no good there can come by submitting to the dictates of those who have not sufficient political integrity to support the ticket after they had been defeated before a convention. This principle of being rather defeated before the people than in convention, and after having labored hard to "set up" a convention for months, and then failing in getting nominations, is what, in the matter with some who claim to be pure and honest Democrats. The reorganization necessary for them in the future is, let them vote the ticket that Democrats make if they wish. The party is not demoralized, but a few score-headed individuals are, and when they find that they are but a very small handful, they will soon conclude to reorganize themselves and not the party.

**WITHEWINDS.**—Mr. H. Kelly gives notice in the last issue of the Jacksonville *Scout* that he has withdrawn his editorial connection from that paper. Mr. K. says that the paper was run against the interests and wishes of a large majority of its supporters and patrons during the late election, and contrary to his wishes. It was a straight Radical organ, and we presume, as the county went strongly Democratic, he means he ought to have supported the Democratic ticket.

On motion of Gen. Butler, the Lower House of Congress has passed a bill removing the political disabilities of Raphael Semmes.

J. Edgar Thompson, a leading Pennsylvania railroad magnate, died a few days since in Philadelphia.

## The Portland Election.

Last Monday an election for three Councilmen took place at Portland. The People's Nominating Committee had placed before the public three as good men and heavy taxpayers as there are in Portland, while the Radicals, in conjunction with the Crusaders, had placed in nomination three very good men, but in no sense, morally or otherwise, superior to the People's candidates. The Radicals enlisted the ticket and urged the faithful to support it. But fate was against them. The Crusaders feared that their mission could not be accomplished unless they took charge of the polls. They did so, and soon the Radical candidates were swallowed up by the Crusaders, and the end was easily foretold. The following circular was issued by the Crusaders, and when it came out, the people were universally disgusted. The circular is a base and wanton slander, and we are astonished at the duplicity of any party in attempting to carry an election by such means. The *Bulletin*, of Tuesday, gave the result as a People's and Crusade contest. On Monday morning it had a ticket; on Tuesday it did not. The following is the circular. It is a strange way to reform party politics:

**YORKER'S NOOK OR REMEMBRANCE.**

Voters of Portland, The Book of Remembrance is this day opened, and you are called upon to choose "whom ye will serve." On one hand are found prostitutes, gamblers, rum-sellers, whisky toppers, beer guzzlers, wine bibbers, rum suckers, loafers, loafers and ushers. On the other hand are found Christian wives, mothers, sisters, and daughters of the good people of Portland. You cannot serve two masters. You must be numbered one or the other. Whom will you choose?

Remember the Temperance ticket. Vote for it early and work for it all day. It is the safe side.

Remember that this is a struggle between virtue and vice. May you be found on the side of virtue.

Remember that the success of either of the other tickets is the success of whisky—supported by bad men and polluted women.

Remember that the whisky advocates employ prostitutes to insult Christian women while praying and reading the Holy Bible.

Remember that the police of Portland arrest, fine and imprison the Christian women of Portland for reading the Bible and praying.

Remember that the police of Portland are devoted to the protection of prostitutes, drunkenness and debauchery and the persecution and punishment of virtue.

Remember that persons are known by the company they keep. Birds of a feather flock together.

Remember that R. R. Thompson, one of the whisky tickets, served on the jury that fined and imprisoned Christian women in Portland for reading the Bible and praying.

Remember that the police and city police authority, wink at the flaunting of prostitutes and silently endorse their insulting language, applied to Christian women on the public streets of Portland.

Remember the honored name of our city and its inhabitants, and shield them from disgrace and the rule of prostitutes and rum-sellers, by voting the temperance ticket.

Vote for temperance, and thereby cast your influence on the side of God and humanity, for the upbuilding of a better civilization. If you vote for the opponents of temperance, you vote for crime, hatred and violence; for misrule, oppression and wrong; for debauchery, paperism, and the long catalogue of vices that load the soul with heavy burdens of shame and disgrace.

Remember your duty, and do it so well that it will stay done forever.

Remember thy duty to the mother that bore thee; to the wife that confides thee; to the sister that cherishes thee; to the children of thy love, that they may not be cursed into being a father unworthy to bear that sacred name.

Remember thy duty; quit you like men and be strong. Vote for temperance, virtue, morality, and all the blessings they confer. Be loyal to the requirements of a better life, and thy name shall be honored among men, and thy life shall be made a blessing to all who know thee.

Vote for school houses instead of rum-bells; industry instead of pauperism; factories instead of prisons, and churches instead of houses of infamy, and thy conscience shall be thy great reward, and thy children and thy children's children shall arise and call thee blessed.

Let your name be enrolled this day in the Book of Life. Be ye workers together with God for the putting down of the strongholds of sin, and great shall be thy reward. Thy journey shall be made peaceful and prosperous, and thy end—life everlasting.

It is an old truism, whom the gods would destroy they first make mad, and if the women will persist in this kind of devilishness, they will soon find that instead of their being a benefit in the cause of temperance, they are but an instrument in the hands of the devil to do mischief. They did one good thing, but we condemn the means it was done by, and that is elected three of the best men that have ever been placed in a Portland Council.

The Councilmen elected are, First Ward, R. R. Thompson; Second Ward, R. R. Thompson; Third Ward, E. Corbett. All Democrats.

A Salem dispatch of the 12th gives the following items: A burglar entered the house of John Smith in this city, last night and stole a tin box containing a small amount of money. He was discovered and pursued by Mr. Smith, who chased him a short distance and as he was just in the act of catching him, the man wheeled suddenly and fired at Smith, inflicting a terrible wound in the thigh. The burglar escaped.

## Pioneer Reunion.

The Reunion of the Oregon Pioneers at Aurora last Tuesday, was a grand affair, and had the weather been more favorable, the number in attendance would have been much larger. About 1,200 persons from the various parts of the State, and among the number several old pioneers from this county, were present. The procession was formed by the Marshal, J. W. Herrin, assisted by several aids, and headed by the flag of the society and the Brass Band, marched to the Aurora Park, the handsomest and most systematic park in the State. After all were comfortably seated, Hon. F. X. Mathison delivered a very appropriate address. He then introduced Rev. J. L. Parrish, the Pioneer Missionary of Oregon, who offered a fervent prayer. After the band played a tune, the President introduced Hon. S. F. Chadwick, who delivered the annual address. It was a masterly effort, and was listened to with close attention. Governor Grover was then introduced, who made a very excellent speech. We have not space to even attempt a synopsis of any of the addresses. After he closed, the assemblage repaired to the arbor and partook of a hearty dinner. After dinner several old pioneers made short speeches and the people amused themselves making and viewing the beautiful grounds. In the evening a general reunion was had by the Pioneers at their hall, where the officers for the present year were elected, and short addresses made. The young folks had a dance, at which there were over two hundred and fifty persons and it was a happy and pleasant affair. The music was splendid, and it is not necessary for us even to intimate that the supper was all that could be desired. Dancing was kept up till four o'clock, when all felt as though it was time to quit.

There was but one thing which in the least disturbed the pleasure of some of those present, and that was a large number who had gone up from this city were disappointed in not being able to return that evening. It was given out on the grounds that there would be a special train, and that arrangements to that effect had been made with the Railroad Company, at 6 o'clock, and of course all desired to remain as long as possible. But the railroad managers failed to comply with the arrangements and hence a number of our people had to remain away over night. We are informed by the President of the Society that the arrangements were completed for an extra train before public notice was given. But the worst of all was, that the tickets only specified that they were good for that day, and the conductor could do nothing but collect fare from those who held a ticket there and back. We are informed that the money is being refunded. It was a very small trick to say the least. The reunion was a grand success.

**A Deliberate Murder.**

Policeman Chas. F. Schoppe, a well known German, who resided in Union county in 1863, in Marion in 1870 and in this county for a short time in 1872, was murdered in cold blood last Saturday at Portland while in the discharge of his duty, by a man named H. Gibbons. Gibbons had fired at a woman who kept a saloon on Oak street, when Schoppe went into the house to see what was up, and just as he opened the door, Gibbons shot, the ball passing through the heart. He struck Gibbons after receiving the fatal shot, and both fell on the floor, Schoppe on top, and expired while laying across his murderer. Gibbons has been indicted for murder, and he will probably have his trial in a day or two, and there can hardly be a doubt but that he will be found guilty of murder in the first degree.

Mr. Schoppe was a man universally liked by all who knew him, and has many friends deeply sympathizing with his afflicted wife and the two orphaned children that are left to mourn the sudden death of their father.

**The Election Returns.**

The election returns are not yet complete. The counties of Baker, Curry, Grant and Tillamook, are not officially reported. As the count now stands, La. Dow has over 200 majority; Chadwick, over 2,400; A. H. Brown over 1,000; M. V. Brown, over 1,000; Dawn is behind Rowland. In the Judicial District, the Democrats elect the Prosecuting Attorneys in the First, Second and Third Districts, and Mr. H. Y. Thompson is elected in the Fourth by the People and Democrats; the Democracy having no candidate in the field. The contest between Barnett and Mosher is very close for the Judgeship of the Second District; and in the Fourth, Shattuck beats Johnson over 1,300, the former being the People's and Democrats' candidate.

**DANIEL J. MALABRY**, of Portland, has been appointed U. S. Marshal in the place of Thos. Young. Young has made a good officer, yet the "Green Grocer" had to be rewarded by Mitchell, and Tom's head must come off. Such is political life.

**The Lower House Members.**

The following is a list of the next Lower House of the Legislature. The Democrats are marked with a \*, the Republicans with a †, and the Independents are unmarked:

Baker—J. C. Wilson\* and G. C. Chandler†.

Benton—Jas. Bruce, Jas. Chambers† and W. J. Kelly†.

Clatsop—Jos. Jeffers†.

Columbia—J. S. Rinearson.

Coos—

Coos and Curry—

Douglas—Geo. Biddle, J. C. Drain, Stearns, Ledgerwood.

Grant—G. Reynolds.

Jackson—J. P. Van Riper\*, W. J. Pymale\*, Thos. Wright\*.

Josephine—W. F. Fidler\*.

Lane—A. J. Doak\*, Geo. Rinearson\*, T. J. Matlock\* and John McClinton.

Linn—Harvey Shelton\*, A. W. Standaert\*, G. F. Crawford\*, Frank Shedd, Jos. Lane, Jonathan Wasson.

Marion—F. M. Mathieu\*, David Simpson\*, Wm. Darst\*, C. A. Reed†, Warren Cranston† and A. N. Gilbert†.

Multnomah—Jacob Johnson, R. S. Jewett, S. Stott, J. M. Geary, Wm. Cornell†, P. Kelly†, and John M. Scott†.

Polk—W. C. Brown, S. L. Butler, and David Stamp.

Tillamook and Clatsop—W. R. Dean.

Union—D. Wright\* and W. W. Ross†.

Umatilla—W. M. Steen and J. A. Florence.

Washington—James Partlow, U. Jackson and Roe.

Wasco—Robert Mays and E. B. Dufur.

Yamhill—Wm. Galloway\*, E. C. Bradshaw\* and Lee Laughlin†.

Coos and Curry are not yet reported, but they have in all probability elected two Republicans.

Of the above the Democrats have elected 23, the Independents 26, and the Radicals 12, conceding that the latter have elected both their candidates in Coos and in Coos and Curry. The apportionment bill provides for only one Representative from Clatsop and Tillamook, and none from Clatsop separate. We find, however, that people of Clatsop have elected one member from Clatsop and another from the two counties jointly. Constitutional limitation of the House is 60 members, and the number which will claim and election is 61. There must be an error in giving Clatsop only one joint Representative. Before the present bill was passed she was entitled to one for her own population, and one joint with Columbia and Tillamook. How it came that she is only entitled to one now from the two latter counties is something we cannot understand. Clatsop has a larger population than either Josephine or Columbia, yet each of these counties have a Representative of their own. There appears to be an injustice in this matter, and while Clatsop has elected one joint and also one for herself alone, the joint one only can get his seat and the other will have to be rejected, as the full number is made up without the one from Clatsop, and the bill being passed, the other counties cannot be deprived of their Representation. The matter demands adjustment, and while we regret that the law is so, we see no way for Clatsop to get her just dues until the meeting of the next Legislature, when the present bill can be amended. The law as published, gives the above facts, while the bill gives Clatsop a separate member, and also only gives Benton two. There is, we apprehend, an error in the printing of the bill; but how it can be remedied will be a matter for the Legislature to settle.

Cows on the bottom lands in Umatilla are eating poisonous herbs, which are causing the death of a good many.
