OREGON CITY, OREGON, AUGUST 21, 1874.

Letter from "Northwest."

Correspondence of the Daily Oregonian.

OSWEGO, August 5, 1874.

The news comes from different quarters that the harvest for fall wheat is general this week in Willamette Valley; the weather, so far, is all that could be desired for that purpose. The prospects of an abundant crop, safely secured and selling at prices that will pay the farmers an average remuneration for their labor, are encouraging to those interested in the prosperity of the State.

THE OSWEGO IRON COMPANY

at the village of Oswego, is an interesting place to visitors, at present. The manufacture of iron at the Company's furnace is in full operation, and the process of smelting is in full working order. The buildings are extensive and complete; erected in a most substantial and durable manner, and admirably located for procuring the ore, timber for making charcoal and convenient shipping. The stack that encloses the furnace is a piece of as fine stone and brick work as ever was erected for a similar purpose. The furnace is brought to an intense heat by means of charcoal and a powerful blast of air forced through a pipe into a condenser in the wind house by means of a high pressure, that acts on the principle of a pair of bellows. The furnace is charged twice an hour, each time with 26 bushels of charcoal, from 700 to 900 pounds of ore, and from 100 to 120 pounds of limestone. This is kept up day and night and all the days of the week. every eight hours the melted ore is drawn of in moulds made in the form of bars three feet long, making three castings in the twenty-four hours. Each casting yields two and a half tons of iron bars, equal to about eight tons each day. In this department there are ten men employed, in two divisions of five each, that work twelve hours. It is warm work and requires unceasing attention, constant care and good judgment.

There are six kinds of bar iron made at these works: Nos. 1 and 2 are soft grades of iron adapted for foundries; Nos. 3 and 4 are highly tempered for railroad car wheels; Nos. 5 and 6 are made very hard and highly tempered for various purposes The iron is considered by competent judges to be the best on this coast, and equal to any made in the United States.

The ore is got a mile from the furnace near the surface of the ground, and yields forty per cent. of iron. It is hauled in wagons; the fine ore is screened to remove the dirt, the large hard lumps are roasted so as to make them easily broken before being put into the furnace. as well as to facilitate the smelting. The roasting process is similar to the mode of burning lime. Men are kept prospecting for ore all the time. The indications are that the district is intersected with numerous beds of ore. Charcoal is used in preference to coal, being free from sulphur, and limestone is used to remove any sulphur that may be in the ore. The limestone is shipped from San Juan Island on the Sound, because it can be brought from there cheaper than it can be by railroad from Roseburg in our own State. A large number of men are employed in burning, hauling and storing the charcoal. The works are under the efficient superintendence of Mr. C. E. Botsford. The Company have a good general store for supplying their men and the public, and a neat, comfortable office in the same building under the charge of Mr. Brown and Mr. Cealey. We found all these gentlemen most obliging and willing to give any information required. In the various departments of the work — wood-chopping, charcoal-burning, mining, hauling, smelting and superintending—there are upwards of a hundred men employed. The whole establishment does credit to the Company who originally constructed the works at a cost of $125,000; to the enterprise of the present Company, who are likely to make it successful, and to the gentlemen who are in charge of the different departments.

There is little doubt but this company's works will, in a reasonable time, grow to large proportions and prove one of the valuable institutions of the State. They are already supplying the Oregon Stove Manufacturing Company in East Portland with their iron, which company are making arrangements to supply the wants of the State with stoves of a superior quality, that will save $300,000 from leaving Oregon for this article alone. If the Oregon and California Railroad Company would reduce the freight on limestone from Roseburg, they need not be a pound of lime or limestone imported from San Juan. As it is, the best of limestone is locked up in the mountains of Douglas County, except to a very limited extent, waiting the energy, enterprise and business capacity of some company that will give the proper encouragement to develop this and similar industries.

THE VILLAGE OF OSWEGO

has assumed something of its former bustle and business appearance; all the houses are occupied and the steady growth of the place is guaranteed by the increasing success of the Company's Iron Works. The site of the town is elevated and commands a good view of the Willamette river and a good front view of the country for many miles. The timbered land for many miles in the neighborhood of Oswego is admirably adapted for raising fruit to perfection. The trees are well protected from storms; the ground is high, rolling, and lies well to the sun; the soil is sandy clay, rich, productive and requires no irrigation. A visit to

MESSRS. GEO. W. WALLING & SON'S.

orchard and nursery will satisfy the most casual observer of the truth of these statements. Their place, known as the Willamette Orchard and Nursery, is located two miles above Oswego. They have forty acres embraced in their orchard and nursery, and will increase them year by year, until they have a hundred acres planted. They have 1,000 plum trees, 1,000 pear trees, 500 cherry trees, and 400 apple trees, bearing fruit. They excel in raising the peach plum, the result of their own cultivation; it is one of the largest, richest and best for drying and cooking in the United States. It is a universal favorite wherever known —the demand for them, when dried, is unlimited in the Eastern States, and no fruit pays better. Their Italian, German and French prunes are almost as distinguished as their peach plums. Oregon is the only State in the Union where the genuine prune is cultivated to perfection.

Their cherries are very fine, such as the May Duke, Major Francis, Black Tarterian, Royal Ann and Black Republic.

They have 300,000 fruit trees in their nursery, at their private residence, and the same number in their nursery in the immediate neighborhood of Oswego, including all their choicest kinds and many other varieties not mentioned. Last year they sold $3,000 worth of plums. This season the plum trees have not borne so well with them. The peach plum trees begin to bear when three years old. A tree will produce a bushel of plums when four years old; at eight, when the tree is at maturity, it will yield eight bushels of 60 pounds each to the bushel, making 480 pounds to a full grown tree.

These statatements go to show the value of cultivating choice fruit, when convenient to market or having facilities to ship. At present the market is overstocked with apples and have not paid any profit for raising them for some years.

MR. A. R. SHIPLEY,

located two miles west of Oswego, is distinguished for raising small fruits and berries for the Portland market. He is cultivating an extensive vinery that will pay him well in one or two years more.

MR. S. LUELLING,

of Milwaukie, ranks among the best fruit raisers and nursery men in the State. His peaches, pears, cherries, plums, prunes and berries are equal to any in the Portland market. He gives his individual attention to this business, and understanding it thoroughly he has made it a decided success. So much for men getting into a good business, understanding it thoroughly and attending to it perseveringly. These gentlemen are all as distinguished in the private and public walks of life for their integrity of character and honorable dealing as they are for raising the best and choicest fruit trees in the State.

NORTHWEST.

STAY ON THE FARM.—The *Rural New Yorker* talks to the farmers and farmer's boys as follows:

If discontented farmers, farmers' wives, sons and daughters, who think the delights of city life something worth realizing, could walk through our streets to-day and read one-thousandth part of the misery and apprehension that haunt the hearts of all classes and are making lines on their faces, they would thank God for the peace and seclusion and abundance gathered in the gardens of their homes. Thousands of men and women are, at the beginning of winter, suddenly thrown out of employment! Few, comparatively, of these have aught laid up in store. Young women flock through the streets with restless, eager, anxious eyes, with lips quivering with fear lest they fail to obtain employment that shall give them food and shelter. Boys and girls of the country! be grateful for plenty and shelter. You will, perhaps, never know how to value it until you want and cannot get either. How many of these in the city are country-born; and how many would gladly go back to the homesteads for refuge, and yet may not have the means to get there! Farmers, thank God for the harvests, and that you have unsold food for your families! You have reason!

OFTEN.—Love-matches are often formed by people who pay for a month of honey with a life of vinegar.

VINEGAR BITTERS

VEGETABLE — FREE FROM ALCOHOL — PURELY — CALIFORNIA — DR. WALKER'S — EUREKA — VINEGAR BITTERS

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BITTERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle a perfect Renovator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, in Bilious Diseases.

The properties of DR. WALKER'S VINEGAR BITTERS are Aperient, Diaphoretic, Nutritious, Laxative, Diuretic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilious.

Grateful Thousands proclaim VINEGAR BITTERS the most wonderful Invigorant that ever sustained the sinking system.

No person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital organs wasted beyond repair.

Bilious, Remittent, and Intermittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughout our entire country during the Summer and Autumn, and remarkably so during seasons of unusual heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essential. There is no cathartic for the purpose equal to DR. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purifying all its fluids with the BITTERS. No epidemic can take hold of a system thus fore-armed.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. One bottle will prove a better guarantee of its merits than a lengthy advertisement.

Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goitre, Scrofulous Inflammations, Mercurial affections, Old Sores, Eruptions of the Skin, Sore Eyes, etc. In these, as in all other constitutional Diseases, DR. WALKER'S VINEGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

For Inflammatory or Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood.

Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters, and Miners, as they advance in life, are subject to paralysis of the Bowels. To guard against this, take DR. WALKER'S VINEGAR BITTERS.

For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ringworms, Scald-head, Sore Eyes, Erysipelas, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried out of the system in a short time by the use of these Bitters.

Pin, Tape, and other Worms, lurking in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vermifuges, no anthelminities will free the system from worms like these Bitters.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonic Bitters display so decided an influence that improvement is soon perceptible.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul; your feelings will tell you when. Keep the blood pure, and the health of the system will follow.

DR. RADWAY'S

SARSPARILLIAN RESOLVENT

has made the most astonishing cures; so quick, so rapid are the changes the body undergoes, under the influence of this truly Wonderful Medicine, that every day an increase in flesh and weight is seen and felt.

THE GREAT BLOOD PURIFIER.

Every drop of the **Sarsparillian Resolvent** communicates through the Blood, Sweat, Urine and other fluids and juices of the system the vigor of life, for it repairs the wastes of the body with new and sound material. Scrofula, Syphills, Consumption, Glandular disease, Ulcers in the Throat, Mouth, Tumors, Nodes in the Glands and other parts of the system, Sore Eyes, Strumous Discharges from the Ears, and the worst forms of Skin diseases, Eruptions, Fever Sores, Scald Head, Ring Worm, Salt Rheum, Erysipelas, Acne, Black Spots, Worms in the Flesh, Tumors, cancers in the Womb, and all weakening and painful discharges, Night Sweats, Loss of Sperm, and all wastes of the life principle, are within the curative range of this wonder of Modern Chemistry, and a few days will prove to any person using it for either of these forms of disease its potent power to cure them.

If the patient, daily becomes reduced by the wastes and decomposition that is continually progressing, succeeds in arresting these wastes, and repairs the same with new material made from healthy blood—and this the Sarsparillian will and does secure. Not only does the Sarsparillian Resolvent excel all known remedial agents in the cure of Chronic, Scrofulous, Constitutional, and Skin diseases; but it is the only positive cure for

Kidney and Bladder Complaints,

Urinary and Womb diseases, Gravel, Diabetes, Dropsy, Stoppage of Water, Incontinence of Urine, Bright's Disease, Albuminuria, and in all cases where there are brick-dust deposits, or the water is thick, cloudy, mixed with substances like the white of an egg, or threads like white silk, or there is a morbid, dark, bilious appearance, and white bone-dust deposits, and when there is a prickling, burning sensation when passing water, and pain in the small of the back and along the loins. Price, $1 00.

WORMS.—The only known and sure Remedy for *Worms—Pin, Tape, etc.*

Tumors of 12 Years' Growth Cured by Radway's Resolvent.

BEVERLEY, Mass., July 18, 1868.

DR. RADWAY:—I have had Ovarian Tumor in the ovaries and bowels. All the Doctors said "there was no help for me." I tried everything that was recommended, but nothing helped me. I saw your Resolvent, and thought I would try it, but had no faith in it, because I had suffered so twelve years. I took six bottles of the Resolvent, and one box of Radway's Pills, and two bottles of your Ready Relief, and there is not a sign of tumor to be seen or felt, and I feel better, smarter, and happier than I have for twelve years. The worst tumor was in the left side of the body over the groin. I write this to you for the benefit of others. You can publish it if you choose. HANNAH P. KNAPP.

SUMMONS.

In the Circuit Court of the State of Oregon, for the county of Clackamas.
Suit for partition.

George W. Prosser, Plaintiff,
vs.
William H. Prosser, Hester A. Cook, John F. Cook, Arthur Warner, Administrator of the Estate of Mary Prosser, deceased, Defendants.

To William H. Prosser, one of the above named defendants:

IN THE NAME OF THE STATE OF Oregon, you are hereby required to appear and answer the complaint filed against you in the above entitled suit, by the first day of the term of said Court following the expiration of six weeks from the first publication of this summons. Said first publication being on the 17th day of July, 1874, and said next term of said Court commencing on the fourth (4th) Monday of September, 1874. And if you fail to answer said complaint, the plaintiff will apply to the Court for the relief demanded therein, which is for the partitioning and sale of a tract of land belonging to plaintiff and defendants herein, situated in Clackamas county, State of Oregon, being parts of sections eight and nine in Township two South, Range one East of the Willamette Meridian.

By order of the Hon. W. W. Upton Judge of said Court, dated the eleventh day of July 1874.

SEPTIMUS HUELAT,
Attorney for Plaintiff.
