THE ENTERPRISE.

OBEGON CITY, OREGON, AUGUST 28, 1874.

AFTER NEW GOODS .- Our merchants e making preparations to lay in large tocks of fall goods, Messrs. Charman, L. Ackermau, of the firm of S. Ackerman & Co., of his city, and I. BADLY INCURED.-Miss Georgia Greaves, a young girl about 14 years of age, who resides with her parents on the Clackamas, step-daughter of Mr. P. M. Rinearson, met with a sad accident last Sunday. She was riding on horseback in the orehard, and no one knew that there had any accident befallen her unti the horse was observed in the orchard without a rider, when search was made for her and she was found lying on the ground insensible, in which condition she has remained until last Thur day, consequently we have been until to learn positively have been up ble to learn positively how the accid it occurred. It is supposed that she hust have ridden under a limb, which knocked her off. Dr. Norris was called and has done all that could be to elieve her sufferings, and at last accounts she was much improved. For a time it was thought that the injuries would prove fatal.

BREWERY .- The Oregon City Brewery, H. Humbel proprietor, has undergone a great deal of repairing and been considerably enlarged this summer. In every department the capacity of has been doubled. We learn that Mr. Humbel has, or will have, when completed, spent over \$3,000 this year in the building. The \$3,000 this year. new boiler which he has put in cost over \$500 alone. The basement of the entire structure has been built of solid rock, and the improvements are of a character which will last for years, Mr. H. informs us that he can now make more lager than his increasing business requires. His beer is regarded very highly in Portland, for which market he makes the most, while he sends it to other places.

THE ALDEN FRUIT PRESERVING PROcass.-Articles of incorporation of the bargain. See advertisement. Alden Fruit Preserving company of Portland have been filed at the County Clerk's office of Multnomah. The in-corporators are A. R. Shipley, J. H. Lambert, Seth Luelling, H. Hanson and J. T. Hunsaker. The business in which this corporation propose to engage is to dry fruits, vegetables and other materials and substances by the Alden process, in Multnomah and Clackamas counties. The principal office of the company will be at Portland, and the capital stock is put at \$10,000, in shares of \$100 each.

LECTURE.-Dr. Haskell, the great Temperance Lecturer, gave two lectares in this place this week, on Monday and Tuesday evening. The first night the attend mee was small, but on second it was quite large. The Doctor is certainty an interesting speakor, and handles his subject to the best advantage. He is humorous, and at times very pathetic. He is an elegant elecutionist, and pleases his audiences. He has something new in his line and toes not follow the steps of the stereotyped temperance lecturers.

FINE BLACKBERRIES.—Our better half requests us to return thanks to Mrs. Cassidy, of Canemah, for a bucket of blackberries, f the Evergreen variety. They are very fine berry, and we are informed that there is no limit to their productiveness. In appearance they resemble the Lawton but are of entirely different flavor and much sweeter, Mr. Cassidy informs us that he will get 30 gallons off of one bush.

Markets.-We have no material change to note in the market reports this week. New wheat is not coming in, as the farmers do not feel disposed to sell at present prices, which is quotable at 75 cents at the mills. Bacon and hams are firm, and have advanced; bacon is selling at 11@12c, and hams at 15@16c. The merchants are paying 20 cents for eggs and the same for butter. Coal oil has come down to 50 cents per gallon retail. Other articles remain same as at last quotations.

CALLED.-We had a call from Mr. Drury, of Wheatland, last Tuesday. He informs us that he is meeting with considerable success with his separator, for which he recently received a patent, and that he will shortly engage extensively in their manufacture. We also received a call rom Henry Hedges, of the same plac, who informs us that business is good and plenty of wheat coming in, with his worth 70 cents.

MADAME A а Візнор.—Ву letter from Mr. Hil agent for Madame Anna Bishop, we learn that she will be here with her troupe and give a concert in this city next Saturday evening. The name of Madame Bishop is enough to secure a crowded house. The press wherever she has appeared has been unsparing in its laudations and we feel that all will be well pleased who at that all will be well pleased who at-

An Unwholesome Season. The closing days of winter and the early

days of spring are very trying to the feeble and sensitive and are apt to affect unpleasantly even the more robust and vigorous. Nothing can be more uncongenial to the nerves or more depressing to the spirits than damp, chilling winds, fogs and cold rains, and of such unwelcome visitors we have a superabundance at this season. Common prudence suggests, therefore, the these insidious enemies of health and comfort, and the experience of more than a quarter of a century points to Hostetter's Stomach Bitters as the all-sufficient sanitary safeguard under such untoward circumstances. THE PARKER GUN.-We take pleas ure in calling attention of our Valley friends to the wonderful merits of the double-barreled breech loading sho guns manufactured by Parker Broth ers, West Meriden, Conn. The highest testimonial received

by our friend Capt. Green B. Samuels warrant us in asserting that it is the best breech-loading shot gun in the world. The simplicity of construction, the ease with which it can be loaded or unloaded, the facility with which the load can be changed from small to large shot-enabling the sportsman, in an instant, to adapt his change to any sized game that may present itself—the ease with which it may be kept clean its availability to a country where nothing but muzzle-loading ammunition can be procured, all combine to recommend it to every sportsman who can appreciate a perfect fowling piece,—"Warren Sentinel;" (Front Royal, Va.)
