THE ENTERPRISE.

OREGON CITY, OREGON, OCT. 23, 1874.

Base Ball.

The decisive game between the College Club, of Salem, and the Arcadians of Portland, was played in this city last Saturday. The game was an interesting one, and very close, until the last inning of the College Club. It stood 12 to 16 on the even innings. On the ninth inning of the College Club, there were two men on the base, and the man at the bat struck a most effective ball, sending it beyond the fielders. The boys at first thought it was a 'foul' ball, and did not run, but the umpire, not having called the foul, the Captain of the College Club told them to run, which they all did, making three scores. The pitcher of the Arcadians called for the ball and struck the first base, there being already two out, and called for judgment. The umpire refused to render his opinion, and the College boys refused to go to the field, which, in our opinion, they were fully justified in doing. It was the duty of the umpire to call the foul ball loud enough for those on the bases to hear him, and we were seated between the first base and the striker, and did not hear him call a foul ball. Besides, we are informed by those who were near where the ball first struck, that it was inside the flag at least ten or fifteen feet, and that if it was called a foul, it was not proper. But it appears that the umpire himself had doubts as to his calling it a foul, until the claim was set up. It seems that there was a determination on the part of the Arcadians to win the game at all hazards, and as there was considerable money at stake, they were ready to claim all of the advantages when they found the game was likely to go against them. The College boys had a right to question the impartiality of the umpire on his first ruling. We do not say that he was partial, but persons are sometimes apt to be governed by their preferences, and hence we think the College boys did wrong to go into the game with an umpire chosen from Portland. The first ruling, when he decided that the man on the first base was out, was not correct. We were sitting in a place where we could see all the parties, and we know that the man who was ruled out had his foot on the base before the ball was caught by the first stop. But the College boys submitted to his ruling like men. The next ruling was against the Arcadians, and, after some argument, the umpire went back on his decision and ruled in favor of the Arcadians. Both these decisions were regarded as partial and unjust, and when the last ruling was made, the boys were fully justified in leaving the field and claiming the game. We are not prepared to say which side would have proved victorious as it was very close, the College Club having only four runs on the last inning, allowing the two ruled out, with two men in, while the Arcadians had one more inning. But as the game was, the College Club certainly had the best of it, and unless the Arcadians had been attended with extraordinary luck, they would have been defeated. This, probably, was the main cause of the difficulty. The College Club claim that great injustice was done them at Portland, in the second game, and they were determined not to stand it this time. We have no interest in the matter, whatever, but sincerely regret that the game did not terminate more satisfactorily. There was a large crowd present to witness the game, quite a number being from Portland, and the sympathies of those present appeared divided both on the field and grounds. This will probably end the game for the season, and as the friends of the respective clubs will not submit their opinions to the decision of the umpire, the question as to which club is the champion will have to remain undecided. Both clubs will certainly acknowledge that they were on strictly neutral grounds, and were treated hospitably by our citizens.

ROBBED.—The light-fingered gentleman at the State Fair went through our friend Ed. Fellows, to the tune of $101, 25. He was purchasing his entrance ticket, and taking out his purse, which contained six twenty-dollar pieces, selected one and placed the balance in his pocket. Waiting a few moments to get his change, and on turning to go away, he felt for his purse to replace his change, and it was gone. Ed. was going to buy a horse with the money, but was since concluded that he has no need for one. There was quite a crowd standing around at the time, and the trick was done so cleverly that none saw it.

LETTER LIST.—The following is a list of the Letters remaining in the Post-office at Oregon City, Oct. 22, 1874:

Banks, L.; Bejamner, Arminta B; Wm Mathews; Mathews W J; Rown John; Prof. J S Smith.

If called for please say when "advertised."

J. M. BACON, P. M.

Letters held for postage.—Morris W A, Fairview, 2 Ter.; Shealer M, Sandy, Oregon; Beck & Son, Portland, Or; Kirk J D, Burney Valley, Cal.; J M Broadstreet & Son, San Francisco, Cal; Ingram S P, Hillsboro, Or.

ARRESTED.—Samuel J. Tracy was arrested last Sunday on a warrant issued by Mayor McCowan on a charge of assault on W. P. Burns and son, with a dangerous weapon, (a club.) An examination was had on Monday and Tracy was bound over to appear before the next Grand Jury in the sum of $200. He gave the bonds and was discharged. This appears to be something behind this affair, and as it will come out on the trial, probably, we forbear giving a few of the particulars in regard to the matter.

RUNAWAY.—Considerable excitement was created last Saturday by the team belonging to Mr. Babcock taking it into their heads to take a spin up Main st. The horses started from the brick mill and ran up Main street to the butcher shop, when they attempted to turn the corner, and going in between the hydrant and the flag-staff, broke the hydrant and fell on the sidewalk. The horses were considerably bruised, and the wagon and harness demoralized. No other damage done.

PORK PACKING.—Mr. Chas. Logus proposes to engage in the pork-packing business in this city this fall, and expects to commence operations next week. He will pay the highest market price for pork. We understand that the present price is 6 cents. At this figure, it is better to put wheat into pork than sell it at the prices now going, and we presume our farmers will take advantage of it.

GOING TO WASHINGTON.—Hon. D. P. Thompson, of this city, leaves for the city of Washington during the coming week, where he expects to remain for some time. Mr. T. has business matters to attend to before the Departments. If any of our citizens have business to transact at Washington, they can secure the services of no better person than Mr. Thompson.

BURNED TO DEATH.—On last Tuesday a little daughter of Mr. Thos. Pennel, near Howard's mill, in this county, while roasting potatoes in a fire-place, had her clothing to take fire, and was so badly burned before the flames could be extinguished that she soon died.

LOST.—A gentleman's large, black, woolen cloak, the cape lined with red flannel, was lost between Harding's mill and A. B. Holcomb's, on the Oregon City road. The finder will please leave the same at the County Clerk's office or at this office.

OUT AGAIN.—We were much pleased to see Gen. Lovejoy on our streets last Monday. This is the first time the General has been able to come to town since he fell off the bridge some months ago.

MARRIED.—We acknowledge the receipt of an invitation to attend the wedding of our young friend, Edward H. Whitlock, formerly of this city, to Miss Myra Hand, sister of W. M. Hand, Esq., of the Mountaineer, which was to take place last Tuesday, at the Congregational Church, in the Dalles. We wish them a happy journey through life, and trust that their pathway may be strewn with Heaven's richest blessings, with no earthly sorrow to cloud their way.

On last Monday evening, after members of the Turn Verien had finished exercising, musicians were called in, and all present (this being the night on which visitors are admitted), joined in a social dance.

RETURNED.—Mr. Albright returned home last Monday, from the Soda Springs, where he has been for the benefit of his health for several months. We are pleased to state that he looks much better.

REMOVED.—The County Clerk removed his office last Monday to Dr. Thessing's building, next door to John Myers store. The Clerk and Sheriff have their offices on the first floor, front rooms.

FESTIVAL.—The Festival last Wednesday evening, was a complete success. Everything went off nicely, and a general good time was had.

PREMIUM.—Mrs. R. Tredgold, of this city, received the first premium for English linen lace, made by herself, and is said to be very handsome.

DIED.

In this county, on the 18th inst., of consumption, Martha, wife of Joseph Craig, aged 52 years. The deceased was a member of the Patrons of Husbandry, and was buried according to their rites and ceremonies.

MARRIED.

At the residence of J. W. Graham, in Clackamas county, Oct. 15, 1874, by J. W. Graham, J. P., Mr. Fred. Kortes and Miss Annie Ray.

In Portland, Oct. 19th, by the Rev. J. F. Fiernes, Ben Holladay, Esq., to Miss Esther Campbell.

The Source of Many Ills.

If all the ailments, bodily and mental, which torment the human family could be traced to their primary sources, it would be found that three-fourths of them originated in the failure of the stomach and the other organs by which the food is converted into nutriment and applied to the purposes of life, to perform the tasks allotted to them by nature, vigorously and regularly. This being the case the vast importance of a medicine which compels these organs to do their whole duty thoroughly and efficiently, becomes at once apparent. Hostetter's Stomach Bitters may be truly characterized as a preparation of this kind, indeed it is the only one which can be implicitly relied on as a stomachic, an alterative and an aperient in such proportions as to produce simultaneously the desired effect upon the disordered stomach, liver and intestines. This conclusion is warranted by the celerity and certainty with which the Bitters afford relief in chronic cases of dyspepsia, torpidity of the liver and constipation. That certain that these complaints and others that grow out of them, could be cured by fierce cathartics, has at last, it is hoped, been thoroughly exploded. The sick, during the last hundred years have swallowed thousands of tons of mercury, scammony, gamboge, croton oil, jalap, &c. and tens of thousands of graves been prematurely filled thereby. But ever since the principle of renovation, as embodied in Hostetter's Stomach Bitters, was arrayed against the principle of prostration, as represented by mineral salivants and furious purgatives, the latter has steadily and surely fallen into deserved contempt. The outcry against stimulation by which concoctors of depleting drenches hoped to give *eclat* to their disgusting and dangerous compounds has only served to increase the demand for the wholesome stimulant, tonic and alterative which for twenty-five years triumphed over all opposition and is now the most popular medicine on the Western hemisphere.

The Pioneers of California.

The Pioneers of California were among the most energetic and intelligent men who ever embarked in a grand enterprise, and they, if any one, know when they have a good thing. They are all of them investing in the Public Library of Kentucky, for the next *and last Grand Gift Concert*, to come off November 30. At this, *the very last Concert* which Library is entitled by its charter to give, there will be $2,500,000, *cash* distributed to the ticket-holders; there is one prise to every five tickets, and among the prises there are such as these, *all in cash*, $250,000, $50,000, $25,000, $20,000, &c, &c. No wonder the Pioneers are *going for them*—who wouldn't? All the States, and all Europe are buying up the tickets.

All people would undoubtedly prefer a fine head of hair grown upon their own heads, to being bald, or wearing false hair, and it has been the study of many of our learned men to find a remedy to restore the hair when it has fallen out, and renew its color after it has become gray. Such a remedy has been found and is now offered to the world under the name of Hall's Vegetable Sicilian Hair Renewer; and, to verify this statement, read the following:—

This is to certify that I was very bald; in fact, my head was perfectly smooth; and it is common in my family to grow bald early in life. I have now used four bottles of Hall's Vegetable Sicilian Hair Renewer; and the hair has grown out all over my head, and is now a natural brown.

Mortality Prevented.

It would be a moderate estimate to place the number of cases in which Consumption is prevented by the timely use HALE'S HONEY OF HOREHOUND AND TAR, at ten thousand per annum. No cough, cold, bronchial affection, sore throat, or other ailment of the organs of respiration, can ever degenerate into a mortal disease, if this palatable and absolutely infallible specific be taken in time and long enough persevered in.

Ayer's Cathartic Pills,

For the relief and cure of all derangements in the stomach, liver, and bowels. They are a gentle aperient, and a certain purgative. Being purely vegetable, they contain no mercury or mineral whatever. Many serious sicknesses and sufferings prevented by their timely use; and every family should have them on hand for their protection and relief, when required. Long experience has proved them to be the surest, surest, and best of all the *Pills* with which the market abounds. By their occasional use, the blood is purified, the corruptions of the system expelled, obstructions removed, and the whole machinery of life restored to its healthy activity. Internal organs which become clogged and sluggish are cleansed by *Ayer's Pills*, and stimulated into action. Thus incipient disease is changed into health, the value of which change, when reckoned on the vast multitudes who enjoy it, can hardly be computed. Their sugar coating makes them pleasant to take, and preserves their virtues unimpaired for any length of time, so that they are ever fresh, and perfectly reliable. Although searching, they are mild, and operate without disturbance to the constitution, or diet, or occupation.

Full directions are given on the wrapper to each box, how to use them as a Family Physic, and for the following complaints, which these *Pills* rapidly cure:—

For **Dyspepsia** or **Indigestion**, **Listlessness, Languor** and **Loss of Appetite**, they should be taken moderately to restore the stomach, and restore its healthy tone and action.

For **Liver Complaint** and its various symptoms, **Bilious Headache**, Sick Headache, **Jaundice** or **Green Sickness**, **Bilious Colic** and **Bilious Fevers**, they should be judiciously taken for each case, to correct the diseased action or remove the obstruction which cause it.

For **Dysentery** or **Diarrhœa**, but a mild dose is generally required.

For **Rheumatism**, **Gout**, **Gravel**, **Precipitation of the Heart**, **Pain in the Side, Back** and **Loins**, they should be continuously taken, as required, to change the diseased action of the system. With such change these complaints disappear.

For **Dropsy** and **Dropsical Swellings**, they should be taken in large and frequent doses to produce the effect of a drastic purge.

For **Suppression**, a large dose should be taken, as it produces the desired effect by sympathy.

As a *Dinner Pill*, take one or two *Pills* to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

Ayer's

Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Among the great discoveries of modern science, few are of more real value to mankind than this effectual remedy for all diseases of the Throat and Lungs. A vast trial of its virtues, throughout this and other countries, has shown that it does surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact, that CHERRY PECTORAL will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affections of the Pulmonary Organs yield to its power; and cases of **Consumption**, cured by this preparation, are publicly known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy it is adequate, on which the public may rely for full protection. By curing **Coughs**, the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attack of Pulmonary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tender lungs need this defence; and it is unwise to be without it. As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of childhood, CHERRY PECTORAL is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centred on them. It acts speedily and surely against ordinary colds, securing sound and health-restoring sleep. No one will suffer troublesome **Influenza** and painful **Bronchitis**, when they know how easily they can be cured.

Originally the product of long, laborious, and successful chemical investigation, no cost or toil is spared in making every bottle in the utmost possible perfection. It may be confidently relied upon as possessing all the virtues it has ever exhibited, and capable of producing cures as memorable as the greatest it has ever effected.
