THE ENTERPRISE.

OREGON CITY, OREGON, NOV. 13, 1874.

Remember the Meeting.

The citizens of Oregon City, those who are interested in the prosperity of the place, are requested to meet at the Court House on Friday evening the 13th. A full attendance is urgently requested. The committee appointed at a former meeting will be prepared to report in regard to the matters entrusted to them, and it is desired that some steps be taken to secure the establishment of the Home Manufacturing Company's Works in this city. A full attendance is requested of all who feel an interest in this matter. Let all our business men turn out, and let them show that they are in earnest in trying to build up our town. Seven o'clock, sharp, is the time set for the meeting to be called to order. This is an important matter to Oregon City, and there is no time for delay. If we desire to do anything in regard to the future prosperity of our town, now is the time to act.

Market Report.

We have no material changes to record in our market reports. Business has been rather quiet during the week, owing to the very inclement weather. In wheat there is no change in Portland, and the price at the mills here remains 70 cents per bushel. In Salem wheat is selling at 62 cents and Albany 55c. Wheat in Liverpool ranges from 9s. 10½d@10s. 1d. for average, and 10s. 4d@10s. 10d. for club. The money 44@46s. 10d. for club. The money quotations remain unchanged. Butter potatoes remain unchanged. Butter in our market is worth 35 cents per lb; and very scarce; eggs, the merchants are paying 35 cents per dozen and very scarce at that price. Other articles remain as heretofore quoted.

A JUST TRIBUTE.—We find the following complimentary notice of one of our citizens in the Salem Record:

The difficult task of selecting a successor to Mr. Dafur has been accomplished, and last Thursday Mr. Arthur Warner of Oregon City, well known as having been formerly connected with the old and wealthy firm of Chapman & Warner, of Oregon City, took possession of the office and commenced to transact its duties. We understand that Mr. T. J. Mathock, who has been connected with the business of the State Grange will retain his former position.

Those who know Mr. Warner will not need to be told that the Grange interests are in the hands of a gentleman of large business experience and excellent judgment, who has succeeded in commanding the entire respect and confidence of the community in which he has so long lived. Mr. Warner owns the old McCarver farm, two miles from Oregon City, one of the best improved places in the State.

COURSE OF LECTURES.—A course of lectures will be delivered at the Library Rooms, for the benefit of the Library, commencing either on the 16th or 23d inst. The following well-known gentlemen will deliver the course: Rev. J. H. Atkinson, Prof. S. C. Simpson, Rev. P. S. Knight, Chaplain Van Horn, U. S. N., Rev. T. L. Eliot and Prof. F. F. Caruthell. The above names are a sufficient guarantee that the course will be highly interesting and instructive, and we trust that they may all be well attended. The object of these lectures is very worthy one, and the citizens should call in their dollies and help in establishing the public library which we have established. It is an institution which deserves their support, and by the time the course of lectures is completed it promises to be well, and creditably on good in our midst. Price of tickets to single lecture 50 cents; for the course, $2; ticket for the use of a lady and gentleman, $3.

ENTERTAINMENT.—Notwithstanding the very inclement weather last Tuesday evening, Pope's Hall was crowded on the occasion of the entertainment given by the pupils of Prof. Popplewell. The entertainment consisted of singing, reading, etc. All concerned acquitted themselves very creditably, and to one or two there were well pleased. The Oregon Volunteers was the use of the evening and Messrs. W. Pope and C. A. Rand and W. Pope, and others displayed their musical skill to the best advantage. The audience applaud this piece of performance to such a degree that they were called back twice. Judge Randall's lecture was particularly interesting, as he had thoroughly examined his subject and was in most excellent trim. We regret that space will not permit us to give more than in detail.

LEAVES.—Mr. Eugene LaForest expects to leave for the Islands the coming week in the hope that a change of climate may prove beneficial to his poor health. He requests us to return thanks to his many friends for their liberal aid received by him last week through H. H. Warren. The amount received by him was $127. It is hoped that Mr. LaForest's expectations may be realized, and that he may be restored to better health. We join with his many friends in wishing him a pleasant journey and trust that he may soon return much improved in health.

STEAMBOATS.—The late rains have raised the river sufficiently for boats to go up as high as Corvallis. The Willamette River Transportation Company have now the tug Mower and Chief running to Corvallis and way landings and the Shoshone on the Yamhill trade. The O. S. S. Co., old line, have the Dayton on the Yamhill trade; the Fannie Patton, Success, Cooke and Albany. These boats are all ready for service, and for a while we may expect to see them on the river to be lively. The Odlers also running, and was the first boat of the season that reached Albany.

NEEDED.—The walk from this city to Canemah is in a horrible condition, and unless something is done soon, there will be an accident to record. There should be a new walk laid in some places, and repaired in others. Let our Canemah friends circulate a petition to raise funds, or ask the County Court to do it, and if their needs are properly presented, we have no doubt the necessary funds can be raised. The way the walk is now, it is not only inconvenient, but dangerous.

IN BUSINESS.—Mr. A. Warner, well known to our citizens, has taken charge of the Grange Store in Portland. He is a good business man, and we are satisfied will faithfully discharge the duties put upon him. He is a successful farmer and has been a very successful merchant, so the present business is nothing new to him.

BOUGHT OUT.—Mr. Kelly, who recently arrived in this city, has gone into business and is now prepared to make barrels, tubs and other wooden articles to order. He bought out Mr. Zigler. If you want anything in his line, give him a call.

PERSONAL.—We had a call from Mr. E. C. Holden, of Astoria, last Saturday. Mr. H. reports times quite good at Astoria, and informs us that the place is rapidly improving.

GONE TO PORTLAND.—Fred., son of Major Charman of this city, left here last Monday to attend a course of instruction at the Portland busines College.

DIED.—Priscilla, daughter of Hon. F. X. Mathieu, of Butteville, died on the 7th inst. She was a young lady much esteemed by all who knew her.

The Aldine for November comes to us richly freighted with art and literary treasures, something after the manner of one of the argosies of old that made periodical returns from distant lands, bringing the most valuable things that could be seized in all. Artistically, the place of honor is held by an exquisite picture called "Dinner-Time," after the German Knaus, showa dark-haired Gretchen feeding her ducks, and equally commanding respect in the charming rural subject, in the management of details in the original picture, and in the keen and elaborate engraving. The other full-page pictures are "Rescues at Sea," a terrible striking representation of the White Star steamer Baltic taking off the passengers of the wrecked ship Assyria, in the fall of 1872; and "Normandy Cattle," breathing the very atmosphere of the country and of the best artists of the French school, who have made such subjects their profitable study, beyond any other painters of the line.

The Aldine Company has determined to establish an Art Union, similar to the well-known Art Union in England, and distribute its works of art, both sculpture and paintings, which are constantly collecting, among its subscribers. Art premiums, valued at $2,500, will be distributed among each series of 5,000 subscribers. Subscription tickets, at $6.00 each, entitle the holder to the Aldine for a year, to the new chromo, and to a ticket in the distribution of art premiums. The Aldine Company, publishers, No. 58 Maiden Lane, New York City.

COUNTY COURT PROCEEDINGS.—Following are the County Court proceedings for the October term, N. W. Randall, Judge; A. J. Cason and L. D. C. Latourette, Commissioners.

Resolutions of Condolence.

At a regular meeting of Multnomah Lodge, No. 1, A. F. & A. M., Oct. 31, 1874, the following resolutions were unanimously adopted commemorative to the death of James Clark:

Knowing that we cannot comprehend the inscrutable ways of Providence, which has so suddenly taken from us by death our esteemed brother, be it

Resolved, That the brethren of this Lodge mourn the loss of a brother, faithful to his trust as a Mason; and devoted to his family, and once more realize that death has broken our ranks, thereby bringing to our minds another time, "how uncertain is life."

Resolved, That we proffer our heartfelt sympathies to the afflicted family and brother of the deceased in their great sorrow, and commend them to the Great Architect of the Universe, as a source of comfort and consolation in this, their sore trial.

Resolved that these resolutions be spread on the minutes of this Lodge, and be published in the Oregon City ENTERPRISE, and that a copy of these resolutions under seal of the Lodge be sent to the bereaved family.

AS THE OFFICE.—Sheriff Apperson requests us to announce to the taxpayers that he has completed his visits to the precincts and can now be found at his office to receive the taxes.

The rains for the past week have made the river in good stage for boating.

It is reported that money is being raised in San Francisco to build a large flouring mill at Astoria.

FIFTH AND LAST
GIFT CONCERT,
IN AID OF THE
PUBLIC LIBRARY OF KENTUCKY.

A Card to the Public.

The management have determined to have the drawing of the Fifth and Last Gift Concert of the Public Library of Kentucky, on the 30th day of November next. We believe now that all the tickets will be sold, and that the drawing will be a full one, but whether all are sold or not the drawing will nevertheless certainly come off on the day appointed.

The special object of this card is to call a meeting of the ticket-holders at Public Library Hall, on the 30th of November, to make arrangements in connection with the committee appointed by the Trustees to superintend the counting of the tags representing the numbers of tickets sold. While there is no actual necessity for the presence of ticket-holders, as under our arrangements the interests of all are equally cared for, yet at the same time I would gladly prefer that as many as can, would attend this meeting, and see each for himself how perfectly fair and impartial the distribution must be.

Every arrangement has been made for the drawing, but little more than a month remains for the sale of the remainder of the tickets, and whatever is done must be done promptly.

Played Out Nostrums.

Will coldish oil cure a consumptive cough? No! Will opiates? No!! Will inhalation? No!!! Can such a cough be cured at all? Yes, it can. Reject all these nostrums; they have been weighed in the balance and found wanting. Try HALE'S HONEY OF HOREHOUND AND TAR. Thousands upon thousands are using it. Millions have tried it. So far it has never disappointed any man or woman who took it for a cough or cold, however violent.

PIKE'S TOOTH-ACHE DROPS—Cure in one minute.

What are the Chances!

When the Gift Concert of the Public Library of Kentucky are under discussion, we frequently hear the assertion that, after all, it is extremely difficult to draw the Capital Prize, or even one of the many smaller prizes of $10,000 or $5,000, and much is also said about the uncertainty of the venture. A careful and accurate mathematical calculation has demonstrated that the only insuperable difficulty in the way of drawing the capital prize is the failure to purchase the a ticket. As to the certainty, there is just enough of that to add to the excitement; while a plucky man with a ticket in his pocket feels that he would swap his "chance" for a big thing, for any moderate "certainty" that might be mentioned in a week.

The Season of Intermittents.

All miasmatic complaints, in other words, all disorders generated by unwholesome exhalations from the earth or water, are prevalent at this season. In every section subject to the visitation of fever and ague or other forms of intermittent disease, the causes which produce these maladies are now actively at work. This, therefore, is a period of the year when the inhabitants of such districts should prepare their system to meet the unwholesome condition of the atmosphere, by a course of tonic and alterative treatment. Foremost among the invigorants, recommended by time and experience, as a means of fortifying the system against all endemic and epidemic maladies, stands Hostetter's Stomach Bitters. Whoever have traveled in the West or South knows full well the esteem in which this incomparable preventive and restorative is held throughout those regions. It is literally a domestic staple in the swampy and neophite localities, which lie on the borders of many of our large rivers and in the neighborhood of our Southern bayous and lagoons. Now is the time when the inhabitants of all malarious districts should put their system and constitutions in good defensive trim by a course of this powerful vegetable antidote. By this means the feeblest resident of an unhealthy soil may escape the sickness, which without the aid of this potent ally of nature, will be apt to overtake the strongest. Chills and fever, bilious remittents, constipation, rheumatism, dyspepsia and many other complaints are frequently brought on by the caprices of temperature and alternations of very cold and excessive moisture common in our climate at the commencement of spring. Let all who desire to avoid these distressing ailments take the Bitters as a safeguard.

Important Medical Correspondence.

If all who are now suffering from Colds and Coughs and other throat and lung diseases, could read the letters continually received from all the country, giving the details of cases similar to their own that have been cured by HALE'S HONEY OF HOREHOUND AND TAR, the demand for that life-saving specific, vast as it is, would double. It never fails. No cough can resist its tranquilizing influence. It strengthens weak lungs and prevents the possibility of tubercular consumption.

Plain Questions for Invalids.

—Have the routine medicines of the profession done you no good? Are you discouraged and miserable? If so, test the properties of the new Vegetable Specific, Dr. WALKER'S CALIFORNIA VINEGAR BITTERS, already famous as the finest invigorant, corrective and alterative, that has ever seen the light. Dyspeptics and persons of bilious habits should keep it within reach, if they value health and ease.

Ayer's Cathartic Pills,

For the relief and cure of all derangements of the stomach, liver, and bowels, which require a mild but efficient cathartic, an excellent remedy is found in these Pills. Being purely Vegetable, they contain no mercury, minerals, or deleterious drugs, and may be taken with perfect safety by any one. Their sugar coating preserves them in any climate, and renders them pleasant to take, while their virtues are unimpaired for a length of time, so that they are ever fresh, and perfectly reliable. Although searching, they are mild, and operate without disturbance to the constitution, diet, or occupation.

Full directions are given on the wrapper to each box, how to use them as a Family Physic, and for the following complaints, which these Pills rapidly cure:

For Dyspepsia or Indigestion, Biliousness, Elangour and Loss of Appetite, they should be taken moderately to stimulate the stomach, and restore the healthy action.

For Liver Complaint and its various symptoms, Bilious Headache, Sick Headache, Jaundice, Dizziness, Sour Stomach, Bad Breath, Costiveness, Colic and Piles, a dose should be judiciously taken, to produce the desired effect, which is different from purgation, and which cause it.

For Dysentery or Diarrhœa, but one mild dose is generally sufficient.

For Rheumatism, Gout, Gravel, Inflammation of the Kidneys, Pain in the Side, Back and Loins, they should be continuously taken, as required, to change the action of the system, and relieve or cure the complaint.

Ayer's
Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Among the great discoveries of modern science, few are of more real value to mankind than this effectual remedy for all diseases of the Throat and Lungs. A vast trial of its virtues, throughout this and other countries, has shown that it does surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact, that CHERRY PECTORAL will and does relieve and cure the afflicting disorders of the Throat and Lungs beyond any other medicine. The most dangerous affection of the Pulmonary Organs yield to its power; and cases of **Consumption**, cured by this preparation, are publicly known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy it is adequate, on which the public may rely for full protection. By curing **Coughs**, the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attack of Pulmonary Affections, which are easily met at first, but yllich become incurable, and too often fatal, if neglected. Tender lungs need this defence; and it is unwise to be without it. As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of childhood, CHERRY PECTORAL is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centred on them. It acts speedily and surely against ordinary colds, securing sound and health-restoring sleep. No one will suffer troublesome **Influenza** and painful **Bronchitis**, when they know how easily they can be cured.

Originally the product of long, laborious, and successful chemical investigation, no cost or toil is spared in making every bottle in the utmost possible perfection. It may be confidently relied upon as possessing all the virtues it has ever exhibited, and capable of producing cures as memorable as the greatest it has ever effected.
