## THE ENTERPRISE.

OREGON CITY, OREGON, DEC. 18, 1871.

CEGEBRATION.-Oregon Lodge No. 3, 1. O. O. F., will celebrate its twentyfirst anniversary on the 23d inst. This is one of the oldest lodges in the State, and has met with a degree of success which always attends a faithful adherence to the principles of the Order, ence to the principles of the Order.

The Lodge has not been without reversely, but yet she has worked out of them

all, and to-day stands in the tore-ranks
of the Order in the State. In 1863, they
were burned out, and lost all they had,
but now they have a beautiful hall,
well furnished and a membership of
about 80, and have a revenue of upwards
of \$500 per year besides she has the reof \$500 per year besides she has the re-sult of her labors scattered throughout the State and adjoining Territories. We have no data by which to calculate precisely, but it is safe to state that during her twenty-one years of existence, there have been made by this Lodge, over two hundred members. It is one of the finest working Lodges in the State, and her services have been highly appreciated. She has among her membership three Past Grand Masters, the present efficient Grand Masters, and two or three Past Grand Representatives. Harmony and good feeling has generally prevailed, and the Lodge may feel truly proud of her past record.

Row on a Steamboat.-Last Thursday night quite a little row occurred on board the Fannie Patton. It appears that the Mate discharged two of the deck-hands for insubordination, but they did not take it altogether as a joke. So soon as they had received their pay, they pitched upon the mate and gave him a most unmerciful flogging. The mate made no resistance to the assault, nor could he have done so, as he is rather a weak, sickly man, not capable of contending with one ordinary man, much less two large athletic fellows. much less two large athletic fellows. Woods, one of the men, was arrested on Thursday night in this place. On the return of the Fannie Patton he was tried and found guilty of assault and battery, and fined \$50 and costs, which he paid and went his way rejoicing. Joyce, the other man, was arrested in Portland on Friday, and brought back here. His case was examined on Tuesday, and he was bound over in the sum of \$500 to appear efore the next grand jury to answer a charge of assault with

There was no business worth mentioning transacted by the Commission-OREGON CITY SEMINARY .- The Di-

rectors of the School District opened the Oregon City Seminary last Monday lowing teachers: Prof. Thos. Principal: Prof. John Rock, the Academic Department; Miss Katie Hunsaker, teacher of the y Department; and Mrs. M. C. At., v, teacher of Primary. This is certainly a good corps of teachers, and they cannot fail to give the fullest satisfactic. The tuition for outside scholars was fixed the same as heretofore charged by the City Council. The Directors, at their meeting last Friday, expressed themselves determined to leave nothing undone to make the Oregon Cay School second to none in School second to none in and to this end, they ask the of all our citizens who cational interests of our youth at Leart.

Thes. Logden brought a load of nine dressed porkers into market in Corvallis last week, which averaged 31814 ths each. This is pretty heavy considering that none of them were over 18 months old.-Exchange.

That is very good, but forty head which average that amount is a little better. Mr. Chas. Logus, of this city, bought forty head from one man which averaged as high as the above. There is plenty of money in raising such hogs, no matter how low wheat is, But our Corvallis friends are not getting the credit due them. The same gentleman, last Tuesday received a lot of hogs from Corvallis, one weighing 516 and another 424 pounds and any number weighing 300 pounds.

FINE Hoos .- Mr. M. G. Wills, of this county, in the Norton neighborhood, recently, purchased from Mr. S. G. Reed lately a thorough-bred Berkshire boar, which took the first premium at our State fair last fall, and also at the Washington county fair. The dam of this boar took the first prize at the show field at Romford, England, in 1871. He also purchased a thorough-bred sow, sired by Agitator, who was owned by S. G. Reed's St. Louis Sweepstake dam. Faithful, by St. Louis Sweepstakes, 9 months old, and is as large as ordinary nogs at two years. These are the best preed of hogs in the State, and are a very valuable acquisition to the stock of this county. We are not informed what Mr. Wills paid for the pair.

NEW STEAMERS .- From the Portland papers we learn that it is the intention of the W. R. T. Co. to immediately build five new and large boats, three for the upper Willamette and two below. The Company, at present, have not enough boats to meet the demands of their patrons, and having been very unfortunate thus far this season in los ing one of their boats and having the others damaged, they find it necessary to build these boats to meet the requirements of the shippers.

take hold of this matter. S. W.; S. Ackerman, Scribe; J. M. Ba-con, Treasurer; W. J. Caldwell, J. W.; will take place on the first Tuesday evening in January.

Pork.—Considerable pork is being packed this season in this place. Chas. Logus has riready put up about 800 hogs, and Messrs. Logus & Albright have put up 1.156, and have already smoked 509. Mr. Chas. Logus bought the other day forty head for which he paid a little over \$800, or about twenty-one dollars per head. The entire lot averaged over 300 pounds.

HAIR JEW RY.—We call the attention of our reters to the advertisement of Mrs. Brayton. The work done by of Prof. S. D. Pope, a daughter.

LETTER LIST.-The following is a list of the Letters remaining in the Post-office at Oregon City, Dec. 18, 1874: Beebe, Hiram; Brioda, Thomas; Baker, R. The school has been well attended durind the past term and the patrons have been well pleased with the progress of

A Representative and Champion of American Art Taste!

Prospectus for 1875-Eighth Year. THE AHIDENE.

THE ART JOURNAL OF AMERICA, Issued Monthly.

'A Magnificent Conception, Wonderfully carried out." The necessity of a popular medium for the representation of the productions of our great artists, has always been recognized, and many attempts have been made to meet the want. The successive failures which so invariable followed each attempt in this country to establish an art journal, did not prove the indifference of the American people to the claims of high art. So soon as a proper appreciation of the want and an ability to meet it were shown, the public at once ralled with en-

thusiasm to its support, and the result was a great artistic and commercial triumph— THE ALDINE, while issued with all the regularity, has none of the temporary or timely interest characteristic of ordinary periodicals. It is an elegant miscellany of pure, light, and graceful literature; and a collection of pictures, the rarest specimens of artistic skill, in black and white. Al-though each succeeding number affords a fresh pleasure to its friends, the real value and beauty of *The Aldine* will be most appreciated after it is bound up at the close ed with rivals of a similar class, The Aldine is an unique and original conception-alone and unapproached-absolutely without competition in price or character. The possessor of a complete volume could not duplicate the quantity of fine paper and engravings in any other shape or number of volumes for ten times its cost; and then there is the chromo besides!

Among the great discoveries of modern cience, few are of more real value to mankind than this effectual remedy for all diseases of the Throat and Lungs. A vast throughout this and other countries, has

shown that it dees surely and effectually control them. The testimony of our best citizens, of all classes, establishes the fact, that CHERRY PECTORAL will and does relieve and Lungs beyond any other medicine. The most dangerous affections of the Pulmonary Organs yield to its power; and cases of Consumption, cared by this preparation, are public-ly known, so remarkable as hardly to be believed, were they not proven beyond dispute. As a remedy it is adequate, on which the public may rely for full protection. By caring Coughs, the forerunners of more serious disease, it saves unnumbered lives, and an amount of suffering not to be computed. It challenges trial, and convinces the most sceptical. Every family should keep it on hand as a protection against the early and unperceived attack of Pulmonary Affections, which are easily met at first, but which become incurable, and too often fatal, if neglected. Tender lungs need this defence; and it is unwise to be without it. As a safeguard to children, amid the distressing diseases which beset the Throat and Chest of childhood, CHERRY PECTORAL is invaluable; for, by its timely use, multitudes are rescued from premature graves, and saved to the love and affection centred on them. It acts speedily and surely against ordinary colds, securing sound and health-restoring sleep. No one will suffer troublesome Influenza and painful Bronchitis, when they know how easily they can be cured.

Originally the product of long, laborious, and successful chemical investigation, no cost or toil is spared in making every bottle in the utmost

possible perfection. It may be confidently relied upon as possessing all the virtues it has ever exhibited, and capable of producing cures as memorable as the greatest it has ever effected. PREPARED BY Dr. J. C. AYER & CO., Lowell, Mass.,
