DIED.-Capt. Aaron Vickers died at the residence of his brother in this city, last Friday morning, at the age of 36 years, 10 months, and 13 days. He had been sick but a short time, which sick-ness was brought on him by being exposed during the cold weather in the water. At the time the Albany sunk, he was in command of her, and in his auxiety to secure the machinery, labored hard and exposed himself. This brought on bleeding of lungs, and he was soon confined to his bed on board of the Success. Our Thursday he was brought down here, in a very critical condition, and on the following day his spirit took its flight. He was wellknown among steamboat men, having been running on the river for upwards of twenty years, and there were none faithful in their duty. He was generally respected by all who know him, a man of generous impulses and liberal heart. He has a brother and sister re-siding here, and one in Montana and Nevada, who have lost an affection brother. The funeral took place from the residence of his brother, which was largely attended, and his remains were conveyed to the burying gound followed by a large concourse of sorrowing friends. The steamers plying on the Willamette had their flags at half-mast on Friday in honor of the deceased. Peace be to his remains.

The cross questioning to which his fair and gracious interlocutor subjected him, sufficed, however. to elicit the information sought.

We congratulate the managers of that institution on having secured the services of Mrs. Campbell, for we doubt whether one more competent to fill the position could be found in the State. THE SUN.

WEEKLY AND DAILY FOR 1875. THE APPROACH OF THE PRESIDEN-TIAL election gives unusual impor-lance to the events and developments of 1875. We shall endeavor to describe them fully, faithfully and fearlessly.

She Weekly Sun has now attained a circulation of over seventy thousand copies.
Its readers are found in every State and
Territory, and its quality is well known to
the public. We shall not only endeavor to
keep it fully up to the old standard, but to
improve and add to its variety and power. The Weekly Sun will continue to be a thorough newspaper. All the news of the day will be found in it, condensed when unimportant, and at full length when of moment, and always, we trust, treated in a clear, interesting and instructive manner. It is our aim to make the Weekly Sun the best family newspaper in the world. It will be full of entertaining and appropriate reading of every sort, but will print noth-ing to offend the most scrupulous and delecate taste. It will always contain the most interesting stories and romances of the day, carefully selected and legible printed.

The Agricultural Department is a prominent feature in the Weekly Sun, and its articles will always be found fresh and poseful to the farmer.

articles will always be found fresh and useful to the farmer.

The number of men independent in politics is increasing, and the Weekly Sun is their paper especially. It belongs to no party, and obeys no dictation, contending for principle, and for the election of the best men. It exposes the corruption that disgraps the corruption that disgraces the country and threatens the overthrow of republican institutions. It has no fear of knaves, and seeks no favor from their supporters. The markets of every kind and the fashons are reported in its columns.

The price of the Weekly Sun is one dollar a year for a sheet of eight pages, and fifty-six columns. As this barely pays the ex-penses of paper and printing, we are not able to make any discount or allow any premium to friends who may make spe-cial efforts to extend its circulation.
