THE ENTERPRISE.

OREGON CITY, OREGON, FEB. 26, 1875.

COMPLETED.—The Fleming monument has been set up, the grave neatly enclosed with stone pillars, with an iron rod extending around it. Some who subscribed to this fund have not yet paid their subscriptions, and as we are anxious to close it up, we wish all would send in the amount subscribed. There is also room for others who desire to contribute to this worthy object, as we are short on the cost considerable, which we shall have to make up out of our own pocket. We shall make a full statement in our next issue, and acknowledge the receipts and show the expenses.

FINE BEEF.—Messrs. Albright & Logus this week purchased from Mr. Jacob Bowers, of Barlow Prairie, eight head of stall-fed cattle, which were the fattest and best we have seen in this market. The meat is superior to anything that has been sold in our market, being fat and sweet, with an excellent flavor to it. We are indebted to these gentlemen for some fine steaks and an excellent roast. Mr. Bowers' enterprise should be followed by other farmers, and then we would have no reason to complain of poor beef in Oregon.

BEEF-EATING CHINAMEN.—One of our numerous beef-eating "Heathen Chinese" attempted to appropriate some beef and mutton to his own use belonging to the proprietress of the Cliff House, about twelve o'clock Wednesday night, but as he had been there before, a watch was kept out for him, and just as he was making his way through the window, a couple of pistol shots persuaded him to drop the meat and run. He made good his escape, but minus the meat.

PROSPECTUS.—We have received a prospectus for a new paper to be started at Portland, to be called the "Sunday Welcome," to be published by a company of that name. L. Samuel is the agent for the proprietors. It is to make its first appearance on the 7th of March, not to be political, but to contain such reading as should appear in a metropolitan Sunday paper. $3 50 per year, in advance, and $2 for six months.

LECTURE.—The old Pioneer, Col. Jos. L. Meek, proposes to give a lecture in this city, at the Court House, next Wednesday evening. His subject: "From the Wigwam to the White House." It will be mainly from his experience as a pioneer, and will be of interest, not only to his old pioneer friends, but the public generally. Give him a good house.

REDUCED.—The O. S. S. Company have reduced freight from Corvallis to Portland to $2 50 per ton; from Albany $2 00, and from Salem $2 00. This looks to us as very cheap. We presume the other company has reduced its rates accordingly. Steamboating on the upper river promises to be lively before the season closes. It is a good thing for shippers, but may not be profitable for steamboat owners.

THE FLORAL GUIDE.—James Vick, the popular florist and seedsman of Rochester, N. Y., has again issued his elegant Floral Guide, a copy of which is now before us. It appears quarterly, and the price (25 cents a year) hardly pays the cost of publication. It is invaluable to those engaged in the culture of vegetables, flowers, etc. Subscribe for it.

THE ALDEN.—The Alden Fruit Preserving Company, of this city has purchased the lots of Chas. Church, (north of Mr. LaRocque's residence) for their factory. Price $400. Plans and specifications are being drawn, and it is expected that the contract will be let one week from next Saturday. The main building will be 35x50 feet and four stories high. This looks like business.

ELECTED.—At a meeting of Cataract Hose Company No. 2, held on the 23d inst., the following officers were elected for the ensuing year: Col. W. L. White, President; N. E. Randall, Secretary; William Pratt, Treasurer; H. J. Harding, Foreman; Ed. T. Hatch, First Assistant; V. C. Moss, Second Assistant. Geo. A. Harding was nominated for Chief and J. L. Barlow for Assistant.

READY FOR BIDDERS.—We learn that the plan and specification for the Alden Company's building will be at the store of Thos. Charman during next week, until Saturday, and that sealed proposals for the lumber and work will be received, seperately; also for the building completed, including all material and labor. Here is a chance for idle mechanics.

CENSUS.—According to the census just taken for Oregon City School District, which embraces the corporate limits, the population is 1,003; last year it was 969, an increase of 34; number of legal voters, [illegible]; number of children of school age, [illegible]13; girls, 219; boys, 194; increase of 47 over last year.

MUSICAL REVIEW.—The Musical Review, published by Sherman & Hyde, San Francisco, is at hand. It is replete with sketches of popular singers and teachers of music, a review of art, musical and literary intelligence of the day, besides some brilliant vocal and instrumental pieces of music.

LOOK AT THIS.—We have a new Florence sewing machine standing in our office which we want to exchange for coin. It will be sold for less than San Francisco cost price. Now is the time to get a sewing machine cheap. These machines have no superior in the market. Call and secure it before it is sold.

ELECTION.—An election for Chief and Assistant for the Oregon City Fire Department takes place next Monday. Messrs. John Myers and Geo. A. Harding have been placed in the field for Chief and J. L. Barlow is the only candidate thus far announced for Assistant. The polls will be held at the house of Cataract Hose Company.

NO COURT.—The last Legislature fixed the time for holding regular terms of County Court in this county on the first Mondays in April, July, September and January, therefore there will be no term of the Commissioners' Court until next April.

FOR THE SUFFERERS.—Rev. Mr. Starr, of this place, forwarded last Monday the sum of $50 for the Nebraska destitute, collected from our citizens and contributions taken up in the M. E. Church. That is pretty good for Oregon City.

SHOULD BE IN.—The reports of the School Clerks must be returned to the County Superintendent before the 1st of March. Those reported after that date are not entitled to draw school money.

SEND IT.—When you get through reading this paper, send it to some friend in the East. It is far better than any letter, and may be the cause of doing some good for Oregon.

WHEAT.—Wheat is worth in this place 72 to 75 cents per bushel. It has had a downward tendency at Portland.

TO BE INSTITUTED.—The Grand Encampment of Oregon will be instituted at Portland on Monday, March 29th.

LETTER LIST.—The following is a list of the Letters remaining in the Post-office at Oregon City, Feb. 26, 1875: Adams, C. F.; Billings, R. N.; Brown, Benj., care of Jno. Roberts; Crawford, J. E.; Curtis, Symon; Hoyt, John 2; Donaldson, John S.; Gates, Joseph; Huss, Samuel; Lewellen, Mr.; Michameal, Robt.; Nichols, Alfred; Wefzger, Bonifatzius; Warner, G.

If called for, please say when "advertised."
J. M. BACON, P. M.

OBSERVED.—Flags were displayed last Monday from every staff in town. The boats passing up and down the river were also in full rig, in honor of the birthday of the father of this country.

COMING BACK.—We are informed that James Athey, who left here about eight months ago for California, has become homesick and will shortly return to Oregon with his family.

HE FIRED A GUN FOR GRANT.—The Connecticut Radicals, according to a statement of the Hartford *Times*, have nominated for Governor a man who was never heard of beyond his own town, until he alone, of the forty million people of the United States, distinguished himself by firing in Norwich a cannon salute over Grant's action in breaking up the Louisiana Legislature by Federal bayonets. Having done this, they adopted a platform committing the party in Connecticut unreservedly to Grant and the Louisiana policy. The convention was managed by Federal office-holders and their allies; and it also passed a resolution "utterly condemning" what it calls "those unwarranted denunciations of the Federal Government" which have been uttered by the Boston Faneuil Hall meeting, the Cooper Institute gathering, and other assemblages irrespective of party. By the words "the General Government" the Connecticut Grant party mean U. S. Grant.

SENATOR THURMAN AND THE PRESIDENCY.—We find the annexed in our exchanges: Members of Congress just returned from Ohio, are authority for the statement that Gov. William (Oh Rise Up) Allen, of Ohio, has in his private residence, at Chillicothe, a full sized picture of his nephew, Senator Allen G. Thurman. There is nothing, of course, unnatural in this, but under the frame he has caused to be placed in big letters "Our Next President." In view of the fact that Gov. Allen was himself thought to have Presidential aspirations, this act of his would seem to indicate that he has cleared the track in favor of the younger member of the family. It settles one disputed point, and that is that he is not a candidate against his nephew. In contingency of the Senator's chances wilting, there is no telling, however, what the old man might do.

The *Record* says: E. M. Waite is publishing a pamphlet of 60 pages for the Oregon Pioneer Association, to contain the constitution of the society, the addresses delivered last summer by Hon S. F. Chadwick at the reunion, the remarks on the Oregon question made on the same occasion by Gov. Grover, quotations from the journal and register of the reunions of 1873 and 1874, and several interesting communications from members of the society. Mr. Waite has procured a handsome electrotype of the State seal under the provisional government, which is truly a tasteful and appropriate design, and will adorn the title page. The pamphlet will possess considerable interest to all early settlers of Oregon.

THE GRANGES.—Some of our exchanges are trying to figure up the annual revenues of the Society of Patrons of Husbandry. A correspondent of the Chicago *Times* makes the following estimate: "Initiation fees alone paid up to July last amounted to $6,000,000. The monthly dues yield $2,400,000 per annum. The six-cent quarterly dues to the State Granges amount to $480,000 per annum; in addition to which, large sums are derived from charters and dispensations. What precise sum the National Grange has now on hand we are unable to state, but it must, we should think, be a large amount."

RESOLUTIONS ADOPTED.—We have received the following resolutions which were adopted by Marshfield Grange No. 1, P. of H., at a recent meeting, from the Secretary, John M. Mills.

Resolved, That we, as Grangers, disapprove of the employment of Chinamen as laborers by any member of this Grange.

Resolved, That the Secretary furnish the ENTERPRISE, *Oregonian* and *Bulletin* with a copy of this resolution.

The *Oregonian* of Wednesday doubles on itself most handsomely on the Louisiana question, and while it mentions the two Democrats who sign the majority report, leaves out the Radicals. We are beginning to think that the *Oregonian* will not do to bet on. It is neither milk nor water, but badly mixed, and is trying its prettiest to ride two horses. In time, we expect, it will find out that this dodge does not win.

WASHINGTON, Feb. 22.—The Republican Senators held a caucus this morning on order of business. They reached no formal understanding, but general impression is they will first act upon the general appropriation bill before them, then the House civil rights bill and the Pinchback case. They do not think there is any probability of an extra legislative session, as all necessary public business is in such a state of forwardness that it can be transacted before the termination of this Congress. Owing to attending at caucus of Republican senators none of the committees called for to-day had a quorum.

ELECTED.—Allen T. Caperton was elected U. S. Senator from West Virginia on the 15th. He is a Democrat, and said to be a strong and able man.

THE REPUBLICAN LOSSES.—The New York *World* publishes official returns of the elections since 1872, which show that in the course of two years the Republican party, which elected its President by a majority of over 760,000 votes, has been put in a minority of over 750,000 votes. In 1872 their party carried thirty States, and by the end of 1874 had lost all but eleven of them. The *World* concludes: "In two years the opposition to the Federal Administration has made a net gain of nearly one and a quarter million of votes. There has been no such political overturning in so short a period in our history as a people. Never before has a Federal Administration received so rapid and overwhelming a condemnation from those who placed it in power. There has been a steady opposition gain everywhere. New York has jumped from 53,000 Republican majority to 62,000 opposition majority and Pennsylvania has changed from 137,000 Republican majority to 7,000 opposition majority. The opposition has possession of the four greatest States of the Union—New York, Pennsylvania, Ohio and Illinois. Two years ago it possessed not one of these."

EXTRA LABOR FOR THE ASSESSOR.—This will be a hard year's labor on our County Assessors. In addition to their usual annual assessments, says the *Democrat*, the law requires that they shall this year take the census of their several counties, for which blanks will be furnished them by the Secretary of State. The census will comprise the following headings: Number of legal voters; of males 21 years old and upwards; of males under 21 and over 10; of males under 10; of females 18 and upwards; of females under 18 and over 10; of females under 10; number of acres under cultivation; bushels of wheat, rye, barley, oats, corn, potatoes and apples raised last year; tons of hay, pounds of wool and tobacco, ounces of gold dust produced; number of sheep, hogs, cattle and mules owned by each person; number of barrels of salmon, and baskets of oysters sold; number of pounds of butter and cheese made and marketed, etc. In order to assist the Assessor and facilitate his labors we would suggest that our readers have these items written down and prepared by the time he comes around. Of course it is understood this is not for the purpose of taxation, but for the dissemination of valuable information that this census is taken; hence our citizens need have no fear of making as good a showing as the facts will warrant.

TO COMMENCE.—The San Francisco *Bulletin* of a late date says that "work on the Oregon and Winnemucca railroad will be began at both ends in the spring. The company have secured means enough to insure the completion of the work at an early day." This is good news to Oregon, but it may not be entirely reliable. Since this statement has been made public, we may as well tell what we were assured during the last session of our Legislature: A gentleman who ought to have known what he was saying, and who evidently spoke from authority, told us that if the Legislature passed the bill then pending, the "road would be built immediately, whether Congress gave any aid or not." We trust that it may, and believe it will.

DIED.—We are pained to be called upon to announce the death of Willard A., only son of the late Hon. Amory Holbrook, which occurred at Portland, at the residence of his mother, last Tuesday morning. He was a young man of generous heart, and was universally beloved by all who knew him. His age is 26 years. He has been in poor health for several years, but when we saw him, only last week, he informed us that he was much improved, little thinking he was so near the final home of all the living. He had his faults, but his good qualities more than counterbalanced them.

CELEBRATED.—The various military organizations of Portland celebrated Washington's birthday in an appropriate manner. Mr. Authur Crisfield delivered the address on the occasion, which is published in full in the *Oregonian*. It is one of the finest productions it has been our pleasure to read for many days, and shows the author to be a man ot fine abilities.

OPEN.—Navigation between Portland and the Dalles was resumed last Tuesday. The river is clear of ice.

It is seldom that we notice anything in the medical line, nor would we now, unless we could be convinced that we are not doing our duty as a journalist in recommending to the public the celebrated botanical preparation of Dr. Henry. Whoever induces the victim of scrofula or any other disease of the blood, to use Dr. Henry's Extract of Sarsparilla, has begun a good work. There is no question as to the result of this medicine if persevered in. It is a sure cure for scrofula, rheumatism, Salt Rheum, and indeed all complaints arising from vitiated or impure blood. It is just what a good physician would prescribe for these complaints, and we confidently recommend it as being the best article now in use. Dr. Henry's Cough Balsam is the most affective remedy for affection of the throat or lungs that we have ever known. It contains no deleterious drugs, and can be taken with impunity and certainty of relief. For the cure of coughs colds, sore throat, etc., it stands without a rival. Dr. Henry's Liniment as an alleviator of pain, is unrivaled by any preparation before the public; the most skeptical will be convinced by a single trial. It will prove itself a friend in need which no family should be without.

IMPORTANT.—Endorsed by the Medical profession. DR. WM. HALL'S BALSAM FOR THE LUNGS cures Coughs, Colds and Consumption, and all disorders of the Throat and Chest. DR. TOWLEY'S TOOTHACHE ANODYNE cures in one MINUTE. feb19

A Triumph Over Humbug.

It is not difficult to alarm the timid, and invalids are proverbially so. Aware of this fact, the venders of pseudo bitters "entirely free from alcohol," have raised a false cry against tonic preparations containing spirits, and no doubt have frightened a few sick folks into purchasing the fermented rubbish which they sell, and which is infinitely more injurious than the vilest drams drunk at tavern bars. But already a tremendous reaction has set in against these abominable nostrums, which, being devoid of the alcoholic basis which alone prevents liquid botanical preparations from turning sour, decompose almost as soon as made. Hostetter's Stomach Bitters has lived and will live down multitudes of such impostures. A regular recurrence of the demand for the great alterative invigorant from those who have always been its patrons, showing that they have not swerved in their time-honored allegiance to America's most popular remedy; and a constant influx of new orders demonstrates how little impression, after all, the blatant denunciations of the mock bitters men have made upon the general public. So long as Hostetter's Bitters continue to cure and prevent intermittent and remittent fevers, dyspepsia, constipation, kidney disease, and the numerous other ailments to which they are adapted, they will continue to dominate the factious opposition of humbugs, and will be just as long as they are manufactured and sold. Be it known to all bogus nostrum venders, of every degree of audacity and knavery, that they can never hope to puff themselves into public favor at the expense of Hostetter's Bitters, the reputation of which is founded, as it were, upon a rock.

DIED.

In this county, near the Sandy, on Saturday, Feb. 20, 1875, of congestion of the brain, Mrs. Lydia Larkins, wife of James Larkins.

Religious.

Rev. George H. Atkinson will hold regular services in the Congregational Church, in this city, on the first and second Sabbaths of each month. Morning services at 10½ o'clock. On the first Sabbath at Holmes' School House at 3 o'clock, P. M.

Everyone should know that the panacea which has stood the test of nearly half a century of trial in the cure of coughs, colds, bronchitis, influenza, and whooping cough is DR. WISTAR'S BALSAM OF WILD CHERRY. It maintains in the fullest degree its well-earned reputation. All sufferers should try it.

Dangerous Indifference.

If you have a friend troubled with a chronic cough and who apprehends no danger from it, speak to him seriously. Tell him that every paroxysm is like the sound of a muffled drum beating time to his march to the grave. Advise him to begin forthwith a course of HALE'S HONEY OF HOREHOUND AND TAR. The country from ocean to ocean rings with its astounding cures of chronic cough and all complaints of the lungs and throat tending to consumption.

PIKE'S TOOTH-ACHE DROPS—Cure in one minute.

In the Hands of Science all things become valuable by *adaptment*, and salutary by *application*. Thus, DR. J. W. WALKER has obtained from certain vegetable products of California, that have been trampled upon for centuries by the ignorant, the invaluable curative known as the California VINEGAR BITTERS, a medicine which is exciting the wonder of the community by its beneficial operation in the worst cases of Rheumatism, Pulmonary Disease, General Debility, Congestion of the Liver, Constipation, Scrofula and Malarious Fevers.

THE SUN.

WEEKLY AND DAILY FOR 1875.

THE APPROACH OF THE PRESIDENTIAL election gives unusual importance to the events and developments of 1875. We shall endeavor to describe them fully, faithfully and fearlessly.

The Weekly Sun has now attained a circulation of over seventy thousand copies. Its readers are found in every State and Territory, and its quality is well known to the public. We shall not only endeavor to keep it fully up to the old standard, but to improve and add to its variety and power.

The Weekly Sun will continue to be a thorough newspaper. All the news of the day will be found in it, condensed when unimportant, and at full length when of moment, and always, we trust, treated in a clear, interesting and instructive manner.

It is our aim to make the *Weekly Sun* the best family newspaper in the world. It will be full of entertaining and appropriate reading of every sort, but will print nothing to offend the most scrupulous and delicate taste. It will always contain the most interesting stories and romances of the day, carefully selected and legible printed.

The Agricultural Department is a prominent feature in the *Weekly Sun*, and its articles will always be found fresh and useful to the farmer.

The number of men independent in politics is increasing, and the *Weekly Sun* is their paper especially. It belongs to no party, and obeys no dictation, contending for principle, and for the election of the best men. It exposes the corruption that disgraces the country and threatens the overthrow of republican institutions. It has no fear of knaves, and seeks no favor from their supporters.

The markets of every kind and the fashions are reported in its columns.

The price of the *Weekly Sun* is one dollar a year for a sheet of eight pages, and fifty-six columns. As this barely pays the expenses of paper and printing, we are not able to make any discount or allow any premium to friends who may make special efforts to extend its circulation. Under the new law, which required payment of postage in advance, one dollar a year, with twenty cents the cost of prepaid postage added, is the rate of subscription. It is not necessary to get up a club in order to have the *Weekly Sun* at this rate. Anyone who sends one dollar and twenty cents will get the paper, post-paid, for a year.

We have no traveling agents.

THE WEEKLY SUN.—Eight pages, fifty-six columns. Only $1 20 a year, postage prepaid. No discounts from this rate.

THE DAILY SUN.—A large four-page newspaper of twenty-eight columns. Daily circulation over 120,000. All the news for 2 cents. Subscription, postage prepaid 55 cents a month, or $6 50 a year. To clubs of 10 or over, a discount of 20 per cent.

Farm to Rent.

THE UNDERSIGNED WILL RENT his farm situated on the Willamette river two miles below Oregon City, and containing 316 acres, for two, three or four years, on liberal terms. The farm has 180 acres under new fence, 20 acres of which is beaver-dam land, nicely seeded down to timothy, and is one of the best meadows of the size in the State. Adjoining this meadow, on the one side, is a field of 14 acres, well set in timothy and clover; and on the other side is 90 of slashing, done over a year ago, and burned over this fall.

It's convenience to market, whether to Portland or Oregon City gives it superior advantages. I will only rent to a person who will live upon and work the farm.

I have also a half section of good land, 40 acres of which is under fence, situated about three miles from Aurora, which I will sell on reasonable terms.

For further particulars apply to the undersigned at his residence in Oregon City.
