"Are you sure that you did not go chattering about us? Did I not warn you that I did not wish it to be known that ours was a bridal party?" To this came the clenching reply "Sure, sir, and I held my tongue, as I was desired. At the servants'

she would like all the time to lie down and sleep by it!" This last is far-fetched. An Irish bull is a correct idea incorrectly stated. The thought itself, however ()expressed, is always intelligible. For example, two Irishmen, meeting after a long separation, made inquiries

after old acquaintances. "How is Tom Murphy?" was asked. The response was:

"Mighty bad. He has been laid up with sickness for some weeks, and is so reduced that you'd scarcely know him. You're thin, and I am thin, but he is thinner than both of us put together!"

Pat meant to say that the sick man was thinner than either of them, but, in the thoughtlessness of haste, he said thinner than both. A thorough bull, too, is to be found in the anecdote of the Irishman who,
