She Weekly Sun has now attained a circulation of over seventy thousand copies. Its readers are found in every State and Territory, and its quality is well known to the public. The number of men independent in polities is increasing, and the Weekly Sun is their paper especially. It belongs to no party, and obeys no dictation, contending for principle, and for the election of the best men. It exposes the corruption that disgraces the country and threatens the overthrow of republican institutions. the overthrow of republican institutions. It has no fear of knaves, and seeks no favor from their supporters.
