

THE ENTERPRISE.

OREGON CITY, OREGON, JULY 9, 1875.

BASE BALL GAME.

Some of our citizens made up a purse for the champion base ball club of the State and extended an invitation to Salem and Portland to contest for the prize which was accepted.

The Portland nine were made up from the Pioneers, and two from the Pioneers, and the Salem nine from the various clubs at that place.

The first inning was a tie, but the Portland boys soon gained the confidence of the crowd on the first inning, and made five runs, while the Portland boys made but two.

The result surprised all present, but in our opinion, the Salem boys can get away with the nine played last Monday evening.

The amount of money raised for the successful club was \$41.

It is a matter of regret that we are compelled to say that the conduct of certain individuals who accompanied the base ball players from Portland last Monday...

nature ordains, equal in force and contrary in direction. It is too late in the century to produce a permanent solid correction in the minds of thinking men and women by working desire up to a fever heat that amounts to a belief—for the time.

THE ALDINE.—The Aldine for June, (No. 12) the current series, has come to hand, and it may be called one of the most substantial numbers of the publication which has yet appeared.
