

THE ENTERPRISE.

OREGON CITY, OREGON, AUGUST 11, 1874.

DR. BACON'S MONUMENT.—In company with Major Chalmers visited the Masonic burying ground to examine the beautiful Italian marble monument of the late Major Chalmers. The monument is of beautiful Italian marble with a column containing fifteen fluted flutes on top. The base stone is 2 1/2 inches high of Oregon City granite rock, the best in the State. Upon this sits a marble base of two feet, on which sets another marble cap 1 1/2 inches high, then comes the column, the whole standing nine feet and a half. On the South side is inscribed: "Forbes Barclay, M. D. born at Lew- 1812; died, May 14, 1873. On the East side is the Masonic square and compass with the letter "G" attached to which are the cross keys. On the West side is inscribed: "Well done thou good and faithful servant." and on the North side, "Erected in honor of Forbes Barclay, M. D., by the citizens of Oregon City, 1874." On the marble base on the South side, in large raised letters, the name Barclay, most excellently executed. The whole work is done in a most excellent and mechanical manner, and reflects credit on the establishment from which it was ordered. Mr. Wm. Young, of Portland, and is a beautiful emblem to mark the final resting place of one who was esteemed and beloved by all who knew him.

THE ALFRED FRUIT DRYER.—The Alfred Fruit Preserving Company commenced drying last Wednesday, and the samples of fruit dried by this process which we have seen, looks white, clean and most excellently preserved. The machinery used is of every respect first class and the arrangements for the receipt of fruit and the packing are complete and efficient. The Company are now ready to buy all kinds of fruits and vegetables to preserve. Mr. Thomas Chalmers is the general business manager, and Mr. Pye, an experienced gentleman in the business, has the charge of the house. They have already received considerable fruit, but their capacity is enough to handle the fruit from Clackamas county. We trust this Company may receive the patronage they deserve, and will be profitable to themselves as well as to our fruit raisers.

A Denial From Dr. Parker.—In your last paper, Aug. 6, 1874, I noticed a statement copied from the Statesman and Portland Oregonian to the effect that there were three cases of small pox in Judge Ringo's neighborhood in the family of Mr. E. Mayfield. In justice to all parties I would emphatically contradict this statement. I visited Mrs. Mayfield's house, and hereby positively assert that hers was an aggravated case of chicken pox and that the other children were the only mild. The patient was subsequently seen by Dr. J. W. Norris. His opinion coincides with mine, and I have supervised shortly after confinement, to which she has recently fallen a victim. J. M. BACON.

THE WATER QUESTION.—We are informed that at the last meeting of the City Council, regard to the water question, Mr. Paquet made a masterly attack in the manner the city has been supplied by the contractor, and held that the contractor failed to comply with the provisions of his franchise. The city was bound no longer to pay for the water. We hear Mr. Paquet's speech well spoken of and that there are many of our citizens who entertain similar opinions with himself and the contractor had better listen to these complaints.

EXCURSIONISTS.—A number of our local residents went to Astoria on the excursion last Thursday. They had a splendid time until they participated in a dance in dancing and eating green fruit, when some of them got quite sick, and at one time it appeared as though fatal results would be consequent. One of the ladies was so thoroughly convinced that she was going to die, she left a dying message for her husband. She didn't die, and we are happy to state that all are well again, and the next time they go to Astoria they don't propose to eat so much green fruit.

GRAND EXHIBITION AND BALL.—The Oregon City Turn Verein Society will give a grand exhibition and ball at Pope's Hall this (Thursday) evening, in which they will be assisted by some of the best turners of the Portland Society. Some of the ladies of this city will serve ice cream and support the occasion, and their well-known reputation for getting up things in good order, is a sure guarantee that there will be a fine supper had by those who attend. We trust the boys will have a full house, as they deserve the patronage of our citizens.

TRIAL TRIP.—The Bonanza made her trial trip last Saturday as far up as Rock Island, and everything worked to a charm. On Monday she took her place on the river, but while on her way up near Westland, one of the shafts broke and she returned for repairs. She will be all ready again in a few days, and will give us a complete success as a low-water boat.

CALLED.—We had a call last week from B. R. McPherson, of San Francisco, who was here for the purpose of introducing Dr. Price's baking powder. He left a box with us and after a fair trial given them by our betters, half, we can recommend them to the public as in every way possessing the merits claimed for them.

SMASH-UP.—Mr. James Smith's horses took it up into their heads that they wanted to go faster than their owner desired them, so they got into a bad way, and caused a general smash-up of the wagon. We are sorry that Mr. Smith has met with such a misfortune, as he is a hard working man and cannot well afford such mishaps.

SEMINARY.—The school will open at the Oregon City Seminary next Monday morning. This school is under the charge of an excellent corps of teachers and has given general satisfaction since it has been managed by the present board of Directors.

CLOSED.—Miss Addie Crawford's private school, in Linn City, closed last Friday. We learn that she has given general satisfaction to her patrons and she will again shortly take up another term.

LETTER LIST.—The following is a list of the Letters remaining in the Post-office at Oregon City, Aug. 13, 1874: Ballard, James; Boughna, Edward; Hamilton, James; Jones, Jonathan; Leadford, John; Mullens, Preston; Palmer, P. D.; Palmer, W. H.; Rowan, John; Rowan, Mary E.; Rowan, William; Rowan, John; Rowan, Mary E.; Rowan, William; Rowan, John; Rowan, Mary E.; Rowan, William.

BLACKSMITH SHOP.—The advertisement of Messrs McKinnon & Miller appears in to-day's paper. They have leased the new shop of the late David Smith, and are prepared to do all kinds of work in their line. They claim a specialty in horse-shoeing. Give them a call.

ACCIDENT.—Mr. Joseph P. Riding's son, postmaster at Glad Tidings, in this county, had his leg broken last Friday. We have not learned the particulars of the accident.

NOT SO.—We last week gave an item from the Statesman in regard to a case of small-pox in this county. A card from Dr. Parker in this issue denies the existence of any such thing in the place stated.

READ IT.—We call the attention of those who may wish to go east to the advertisement of the North-Western Railway Company, which appears in and is an excellent route to take.

Joseph Baughman, City Treasurer of Portland, has been in town this week, visiting relations and his own friends. Joe is a clever fellow, and quite a favorite wherever he is known.

IN TOWN.—Hon. Henry Warren, of Yamhill county, was in town Wednesday. He looks much improved in his general health since he has been relieved of his official duties.

PRIVATE SCHOOL.—Miss Jennie La Forest will open her private school, in the room she formerly occupied, next Monday.

RETURNED.—Mrs. Hood returned from the Sound, where she has been stopping for a year past, last Tuesday, looking in the health.

WENT TO SAN FRANCISCO.—Mr. W. H. Highfield has gone to San Francisco to spend a few weeks.

FREE EXHIBITION.—Professor Rockwell & Purbit announce that on the 14th and 16th inst. they will give free exhibitions of trained horses, and that Mr. Rockwell will publicly drive a carriage, without reins, his trained horses, appearing on the street in front of the post-office at 1 o'clock each day, after which classes will be formed for the purpose of imparting the knowledge of how to break and train horses to all who may desire it. These gentlemen come well recommended by the press of the Eastern States and California, and we have no doubt but that they will give entire satisfaction. From here they go to Portland, and will appear there on the 17th.

Independent Convention.—The Independent Convention met at Salem on Tuesday, and the committee on platform not being ready to report, adjourned until Wednesday morning, when the platform was adopted. It opposes the third term, declares against the profranchise of the Radical and Democratic parties, and resolved against dividing the school fund to sectarian schools, &c. The latter issue having no advocates, we see no need of the resolution.

Rev. G. M. Whitney, a Christian minister, of Eugene City, was nominated on the first ballot, the vote standing, Whitney 40, and Starkweather of this county, 24. Mr. Whitney has always been a Republican until last year, when he voted the Independent ticket. There was to be an effort made to nominate him in the Radical Convention, but this did not succeed. It was understood that Hon. Henry Warren, of Yamhill, formerly of this place, was to get the Radical nomination, and in that event, the Radicals would get Whitney to withdraw, and have but one candidate. Col. Knight and R. Mallory have some strength, while Dr. Watts, of Yamhill, appears to have a strong and positive support. At present writing, things are badly mixed, and we are unable to say what the final result will bring forth. One thing is sure, that Mr. Whitney's nomination will hurt no one, and if the Radicals do not nominate a stronger man, the contest for the Democracy will be an easy one.

Republican Nomination.—Hon. Henry Warren of Yamhill County, was nominated on Wednesday evening by the Republicans, on the first ballot, receiving 100 votes in J. W. Watts 9. Mr. Warren is well known in this county, as a good man, having been a resident of this city for eight years. He is the best selection the Radicals could have made. The Independent candidate has withdrawn, and consequently there are but two candidates in the do, we cannot now say, but should they fail to place a candidate in the field, the people will not endorse the sale made of the Independent voters, and Mr. Warren being the Ring candidate, will have to be slaughtered, not on any personal account of his, but for being in bad company. Having received the news of the nomination as we are ready to go to press we are compelled to defer a more full notice until next week.

DIRT-EATING.—The Oregonian, last Tuesday, showed evident signs of dirt-eating, and while the editor of that sheet seemed willing to give up the Independent organization and affiliate with the Ring Radicals, it seems the members of the Convention could not see things in that light. The Oregonian will bear watching. It is a treacherous concern, and is in favor of anything to beat Lane. We shall give it a little more extended notice hereafter.

RECEIVED WELL.—All exchanges received at this office since the Democratic Convention state emphatically that the nomination of Hon. Lafayette Lane is received with the greatest satisfaction by Democrats in all parts of the State. The Democratic press are harmonious and united in giving him their support, which argues a grand and triumphant victory.

COLORED FLYING.—The Plaindealer of the 31st ult. says that "the train yesterday evening came rolling into Roseburg, gorgeously bedecked in the national colors, in honor of the nomination of Hon. L. F. Lane."

APPOINTED.—Mr. Thomas Phipps has been appointed City Collector by the Council.

TELEGRAPHIC NEWS.

MEMPHIS, Aug. 5.—A heavy rain storm occurred this morning. Reports from above state that plantations 10 and 35 are being submerged, and at New Madrid the overflow is running through sunken lands to St. Francis valley. The water is rising here and slowly encroaching on the exposed plantations below. The crevasse at the city front has been repaired. Planters this side of Helena are working hard to protect their lands.

A special dispatch from Pine Bluff, Arkansas, says the river rose six inches this morning, and is within four feet of high water mark. A telegram from Little Rock reports another rise, and 25 feet on the gauge. Signal service tables show that 25 feet at that gauge, floods the lower Arkansas valley.

CHICAGO, Aug. 5.—Returns from the Cherokee election indicate that Col. Ross, now holding the office of principal chief of that nation has been defeated by the Rev. Chas. Thompson. The chieftaincy has been held by some member of the Ross family ever since the treaty which civilized form of government. Thompson has long been very popular with the Cherokee nation.

New York, Aug. 5.—The Herald denounces the proposition for a new trial of the Becher case, and characterizes the course of the counsel in reference thereto as a repetition of the nasty drama which for months has occupied the attention of the country. This whole Tilton business has been a sham from beginning to end. Tilton was a plaintiff striving for a sham verdict. He sued for damages which he didn't want, to prove the guilt of his wife, whose faults he had condoned, to vindicate a reputation which he himself had destroyed, and to overthrow an antagonist with whom he had entered into a league and covenant of peace.

The Tribune says Allen, Hendricks Holman and Thurman, so slaky in the north of West, are Democrats, strongly favor hard money, and also declare Bigler's prospects daily brightening for the Pennsylvania Democratic gubernatorial nomination.

TERRE HAUTE, Aug. 5.—The river is slowly rising. The Express this morning estimates the loss of crops and other property in the 14 counties tributary to this city, at not less than \$12,000,000. There is profound discouragement among all classes.

LEXINGTON, Aug. 5.—No very reliable estimate of the aggregate loss to wheat, corn and other crops in the State can now be made. Some sections put the damage at 50 per cent; others much higher and in many places the entire crop is destroyed. The most reliable information shows a loss in the central and southern parts aggregating 50 to 60 per cent of the entire crop. In the low lands on the Wabash river it has been put at \$500,000. The corn is wholly destroyed, and the wheat \$15 an acre would amount to \$30,000,000.

LAFAYETTE, Ind., Aug. 5.—The loss of crops in this county will not be less than half a million dollars. Carlton and Fountain counties a quarter of a million. This is the estimate of the loss to crops by the water overflow, and does not include the damage by wet weather to crops on uplands. Some put the damage higher than others.

LOUISVILLE, Aug. 7.—Returns from 50 out of 110 counties in the State give McLeary (Dem.) a gain of about a thousand over the same counties for Leslie in 1871.

New York, Aug. 7.—Dispatches from the White Mountains says there is a rumor in circulation that in which Beecher is stopping, that F. D. Monilton has been in consultation with Gen. Butler, and the result of their consultation is a partially perfected plan for a suit against Beecher in that county for perjury in swearing to his reply to the Tilton suit last year at Middleton. Beecher has introduced in the hotel a feature of morning prayer which will be continued during the time he remains.

CHARLESTON, S. C., Aug. 7.—Parker ex-Treasurer of State, who escaped from jail last week, while awaiting trial for plundering the State while in office, was returned in Camden last night and will be brought to Columbia in irons.

FRANKFORT, Pa., Aug. 7.—The magazine at the Bridesburg Arsenal exploded at half-past nine this morning. In the confusion and excitement were many reports of killed and wounded, but only one person, a lad of about eight years, was killed, and about twenty two others hurt, several of whom cannot survive. The explosion was caused by breaking up condemned metallic ammunition. In the building were stored a large quantity of powder, arms and artillery, besides battle flags and trophies taken in the wars of the country.

MONTGOMERY, Ala., Aug. 9.—Complete returns show that the Convention was carried by 19,500 majority. Delegates elected—Democrats, 81; Independent Democrats, 6; Republicans, 12.

BOSTON, Aug. 7.—The Republican State Convention will be held at Worcester on the 29th of September. EVANSVILLE, Ind., Aug. 9.—A letter from New Harmony states that the Wabash River broke through the levee in that vicinity on Saturday night, and inundated many farms and destroyed a great amount of property. Tugs are towing barges loaded with stock, and a night of danger is feared. Thousands of acres of corn are submerged.

RECEIVED WELL.—All exchanges received at this office since the Democratic Convention state emphatically that the nomination of Hon. Lafayette Lane is received with the greatest satisfaction by Democrats in all parts of the State. The Democratic press are harmonious and united in giving him their support, which argues a grand and triumphant victory.

OREGON CITY TURN VEREINS.—Oregon City, Aug. 6, 1874-34

WHAT A RADICAL PAPER SAYS.—

The Roseburg Plaindealer (Radical) of the 31st ult., speaking of the Democratic candidate for Congress, says: "By the above dispatch it will be seen that our fellow townsman, Hon. L. F. Lane, has received the nomination from the Democratic party for Congressman. We congratulate Mr. Lane upon his success so far, and, although this is a Republican paper, Lafayette is a personal friend of ours, and we cannot help shouting, Hurrah for Lane!!"

DISAGREED.—The jury on the Mountain Meadow massacre trial disagreed, as was expected, and have been discharged. From the evidence, the outside world has re-rendered its verdict of guilty of butchery.

DIED.—In Clackamas county, near Oregon City, after a short but severe illness, Sarah I. Embl, young daughter of Samuel and Luthera Embl, aged eight years and ten months.

Purify the Springs of Life.—It is a sine qua non of health, that the sources of vitality, "the springs of life," should be free from contamination.

The fluids which by their action upon the food, transform it into blood, and the great vital element itself, must be pure, if the muscles, the bones and the brain are to be properly nourished and kept vigorous. To this end the stomach, the liver, the bowels and the kidneys should perform uninterruptedly their various functions, since if these are disturbed the vital fluids speedily become vitiated. The best way to restore the system, which purifies them, by overcoming those bodily irregularities which produce the most distressing diseases, is to take the principle upon which this salutary alterative acts is as simple as it is philosophical, and is the most reliable, and invariably those which affect the organs above mentioned, is weakness, caused by insufficient assimilation of food. The Bitters speedily rectify the cause of the difficulty by restoring vigorous digestion, so that all parts of the physical structure are supplied with an abundance of pure, rich blood. This increases the activity of the digestive organs, and enables them to throw off the effete matter, which ranks in the system, destroys health, and bears his name on the face of the body, and perfect assimilation re-established, there is nothing to prevent a vigorous and healthy performance of the various functions. Such being the case it is plain that the Bitters are not only the most reliable, stomachic, but a cradicator of those diseases of the liver, bowels and kidneys which contaminate the springs of life.

The Profession and the public acknowledge the use of WIGGLESWORTH'S WILD CHERRY. It is the best remedy extant for all the ailments of the bowels to the settled disease.

It possesses the same virtues, and accomplishes the same results, in all cases, over twenty-five years, has been in medical writings, and steadily gaining the confidence of the people.
