

THE ENTERPRISE.

OREGON CITY, OREGON, AUGUST 27, 1874.

THE MARKETS.—Legal tenders, July 8th, selling at 85c. Wheat in San Francisco, \$2 10 to \$2 20. The two mills of this city are deservingly of the gratitude of this farming and trading community from the reason that they are paying higher prices for wheat than any other mill in the city. Their present quotation is one dollar and five cents per bushel. Whereas the Portland mill is paying but one dollar and eight cents per bushel. The Portland mill is one and a half cents higher than the Oregon City mill. The Oregon City mill is one and a half cents higher than the Portland mill. The Oregon City mill is one and a half cents higher than the Portland mill.

REMOVED.—Capt A. F. Hedges, who moved with his family to Woodburn, Marion county, where he and his son are engaged in business. The Captain has been a resident of this city for many years, and during that time he has held several positions of honor and trust, and in all cases discharged his duty faithfully and honestly, and we regret that he has left our country. But as he has gone, we trust that his success may attend him, and his confidence that the Captain will always have a kindly feeling for the citizens of Oregon City, and his many friends here.

ACCIDENT.—On Thursday the 19th inst. as the Rev. Mr. Huff was driving with his little girl down the road from the summit of the bluff, his spirited team became frightened, and making a sudden leap forward precipitated the gentleman over the dash-board on his head, throwing at the same time, his little daughter into the air, and she fell back. He received an ugly, though not very serious cut on his forehead, besides many contusions on his head. The little girl providentially escaped without a scratch. The carriage was knocked into kindling wood.

COMING.—Gen. Phil. Sheridan will arrive at Portland on the next steamer. The authorities in that place are making great preparations, in connection with the military, to give him a reception. Phil. has been in Oregon before, and many of his old friends will be glad to meet him again. We would be much more inclined to give him a hearty welcome if that handful of officers were not in the city, and if he were not the darkest spot in Phil. Sheridan's life. He expects to remain but a short time.

IMPROVEMENTS.—Dr. H. W. Ross is having a neat new fence erected around his residence on the hill. Mr. Singer is putting up a tasty awning and Mr. Chas. Logus is having his row of stores on Main street raised, putting a fine front and has laid out a new sidewalk. We learn that all the fine stores in this block have been rented, and as soon as the improvements now being made are completed, they will be occupied. That looks as though Oregon City is not dead yet.

TO TAX-PAYERS.—Next Monday the Board of Equalization meets for the purpose of assessing the taxes for the fall. Persons interested should be careful to attend. Those who were assessed prior to the 6th of May, and have not yet reported their claims, should do so on that day, and if they do not, under the decision of the Courts, should be on hand and attend to the assessment roll. It will be troublesome to get the indebtedness allowed.

SNASH-UP.—Last Tuesday evening, as the express train was coming up from Portland, about four miles this side, an old man named Brown attempted to cross the track just in front of the cars, when the wagon was caught by the engine, and the old man was killed, and one horse badly injured. Brown was considerably bruised up, but not considered dangerously hurt. Those who wish to see the accident, can see it on any but the old man.

TO BE ANNEKED.—The Encampment at Victoria, O. O. F., has petitioned the Grand Lodge of the United States to place it under the supervisory control of the Grand Encampment of Oregon. They have heretofore been attached to California, and properly belong to Oregon. We hope their petition will be granted, and that they shall soon see our friends "across the waters" united to Oregon.

COMING.—By a postal card from Prof. T. A. Wood, we learn that Prof. A. E. Rice, the great Mind Reader, will shortly visit Oregon. It is stated that his past performances are all new. In fact, he can read a person's mind as readily as others can read print. Prof. Wood informs us that we cannot speak too well of this gentleman's abilities.

RAIN.—We have had several days of cloudy weather and some rain during the past week. As yet, it has done no damage, but has a rather a benefit; but if it should continue any length of time, it will do great damage. Our farmers are hurrying up with their harvesting and another two weeks will find the fields entirely cleared. The crops are turning out well.

GOING TO SAN FRANCISCO.—Mr. I. Selling, so well known to our citizens as a successful merchant, leaves on the steamer this evening for San Francisco for the purpose of buying an immense stock of fall and winter goods, which will arrive in about three weeks. In the meantime, he wants everybody to call and buy the present stock on hand at reduced prices, so as to make room for his new good.

WILL BE OPENED.—The locks opposite this city, after being closed for a few days for repairs, will be open again for the passage of boats on Monday next. They have heretofore been repaired, and are pronounced better now than when first put in.

ROGUE JOKE.—We learn that some of the youngsters played a rather rough joke on a singing-school teacher in the Upper Molalla a few days ago. The joke was probably more appreciated by the youngsters than by the teacher.

LOCATED.—Rev. G. W. Day has been stationed in this city for the ensuing year by the late M. E. Conference. Mr. Day was located at Corvallis last year, and from the papers of that place we learn that he was well liked.

CHANGED.—Rev. N. A. Starr has been changed from this city to Lewis River, Washington Territory, where he will shortly move with his family. We trust that he may find his new field of labor a pleasant one.

COMING IN.—We have noticed quite a number of teams in town during the late weeks, bringing in wheat. It looks like business.

ARRIVED.—Miss Moody, Weight, 10 pounds.

SUMMARY OF STATE NEWS.

Indian David Hill, who disappeared suddenly in New York, while with the Meacham troupe, has returned all safe to his tribe.

Special arrangements have been made for the accommodation of teachers and others in attendance at the Institute at reduced rates at the hotels in Salem.

The Washington Guard, of Portland, voted the company should go to Salem at the coming State Fair, and have a three days' camp at Fair grounds. It is expected the full company will go, and it will be accompanied by field music.

O. H. Smith, of Salem, formerly of Eola, committed suicide at Astoria last Saturday. He was well known in the State. His remains were taken to Salem for burial last Tuesday.

The fall wheat on Howell's Prairie is now cut and thrashed. The yield is from 33 to 48 bushels to the acre. The difference in the yield is not in the land, but in the manner of farming. Those who plowed deeply and then harrowed well and summer-fallowed and used the drill, have indeed reaped a golden harvest.

Mr. Asa B. Simmons, of Howell's Prairie, raised on 94 acres of land, summer-fallowed, over 4,000 bushels of wheat, and 20 acres of this land were 30 1/2 bushels to the acre by actual weight, which is the largest figure we have heard of. Wheat well put in has done well this year.

Citizens of Albany have subscribed \$1,500 to the Corvallis and Yaquina railroad.

Near two hundred horses have been built in Albany within the past fourteen months.

Judge Gerritsen, now of Iowa, will shortly assume editorial control of the Oregon Granger, at Albany.

The wheat field of Mr. Stewart, near Eugene, averaged 36 bushels to the acre.

The college year of Pacific University and Tuatlati Academy will begin on the first Wednesday in next month.

Mr. F. Landrum, of the firm of Landrum & Rogers, of Watsonville, California, is at present in Jackson county with a band of about 2,000 Angora goats, bound for the Willamette valley.

Hon. James Partlow has sold his Washington county farm, and removed to East Portland.

"Uncle" Joel Christmas died at the residence of his daughter in Yamhill county on the 16th inst. The deceased was born in Virginia, but moved to this State in 1844, where he has since resided. Had he lived to the 7th of next October, he would have been 80 years old.

Mrs. G. Berry and Mrs. Blanche G. Patterson, have been appointed teachers of music in Willamette University.

The Eagle Creek canal, Baker Co., which furnishes water for the Gem City and Sparta mines, is running full of water.

The foundation for the new brick hotel at Baker City is completed, and the masons will soon commence laying the brick walls.

Purify the Springs of Life.

It is a sine qua non of health, that the sources of vitality, "the springs of life," should be free from contamination. The fluids which by their action upon the food, transform it into blood, and the great vital nutrient itself, must be pure if the system is to be healthy and the frame able to be properly nourished and kept vigorous. To this end the stomach, the liver, the bowels and the kidneys should perform uninterruptedly their various functions, since if these are disturbed the vital fluids speedily become vitiated. The best way to keep the system pure is to purify them, by overcoming those bodily irregularities which produce them. The origin of most diseases, and invariably those which affect the organs above mentioned, is weakness, caused by insufficient assimilation of the food. The Bitters speedily rectify the cause of the difficulty by restoring vigorous digestion, so that all parts of the system receive their proper share of an abundance of pure, rich blood. This increases the activity of the discharging organs, and enables them to throw off the effete matter, which rankling in the system, destroys health. This health-giving effect is accomplished by a perfect assimilation re-established, there is nothing to prevent a healthy and active performance of the various functions. Such being the case it is plain that the Bitters are not only the most reliable and certain, but also the most efficacious of those diseases of the liver, bowels and kidneys which contaminate the springs of life.

Wonderful are the cures which have been effected by Warrant's Family Kidney and Liver Bitters. It is a direct cure for coughs, colds and all disorders of the Throat and Chest. DR. TOWLEY'S BLOOD PURIFIER AND ANODYNE cures in one minute.

A History Without a Parallel.—Albion, N. Y. The following is a true history of a man who has a sale that has increased until it is known and valued by all countries. The history varies in quality or length, under any temperature and in any climate, it is the most reliable and certain, and produces the same results. FOND'S EXTRACT, for over twenty-five years, has been in constant use, and is gaining the confidence of the people.

IMPORTANT.—Endorsed by the Medical profession, DR. WM. HALL'S BALSAM FOR THE LUNGS cures Coughs, Colds and all disorders of the Throat and Chest. DR. TOWLEY'S BLOOD PURIFIER AND ANODYNE cures in one minute.

NEW TO-DAY. NEW GOODS! Per Steamer John L. Stephens. ACKERMAN BROS. WILL RECEIVE THE FIRST VOICE OF FALL AND WINTER GOODS, which they will have open for inspection on the arrival of the steamer.

CITY GRAMMAR SCHOOL. WILL BE RESUMED ON MONDAY, Sept. 1st, in the building joining the Odd Fellows Hall. As only a limited number of pupils can be received, applications will be accepted until the 10th of next month. S. D. POPE, E. A., & Co., Principals.

NOTICE. THE WILLAMETTE FALLS CANAL, owned by the State of Oregon, and built by the State of Oregon, will be opened for navigation on Monday, August 26th, at 12 M. The canal is 1 1/2 miles long, and will improve the navigation of the Willamette River, at that point.

Improvement of Upper Columbia River. U. S. ENGINEER OFFICE, Portland, Oregon, August 25, 1874. SEALED PROPOSALS, IN DUPLICATE, will be received at this office until 12 M. on the 31st day of September, 1874, for the improvement of the Upper Columbia River, at that point.

Hon. E. Wood Evans, of Olympia, with an appropriate speech, presented Col. Nesmith with two large clam-shells. Mr. Nesmith, in reply, said that while he was in Congress, or occupying a public position he never accepted the smallest present; but that on this occasion, now that he had become a broken-down politician out of office, he would accept the gift of his friend Evans.

"I see with you, Evans, it is the same as with other broken-down politicians. You have made me a present, but have been sure beforehand to remove all that was really good in it." The point was well made, Mr. Evans being an ex-Federal officeholder, and produced a most hearty laugh by the entire crowd. Nes was supplied with a full supply of clams in consequence.

APPOINTMENTS.—Hon. L. F. Lane has made his appointments for Lake, Jackson and Josephine counties, which will be found at the head of our columns. We are informed that Mr. Warren will take the stump and also Mr. Whitney, besides the Temperance candidate, Mr. Dimick, was pledged to make a thorough canvass. So it appears that all four candidates will present their claims before the people. This will make it interesting. Mr. Warren is expected to meet Mr. Lane at Jacksonville, and will not go to Linkville.

NATURAL ENOUGH.—We see that Wm. Barlow and L. D. C. Latourrette, of this county, have seen fit to publish cards, pledging their support to Mr. Warren. This is nothing unusual. Both these gentlemen are old line Radicals and personal friends of Mr. Warren, and their support is natural enough and should not surprise any one.

FRUITS.—Fruits of all kinds bear a good price this year in Oregon. Also vegetables. The fruit crop is small all over this country owing to spring frosts. The vegetable crop will be poor on account of dry weather.—Washington Independent.

CALIFORNIA ELECTION.—The election takes place in California next Wednesday. There is scarcely any doubt but that the Democracy will carry the State, by a large majority.

What has become of the Willamette improvement project? The season is fast drawing to a close, and now is the time for the improvements to be made. Our farmers and millers need it, and if delayed much longer, will be a great detriment to the shipping community.

Allison G. Bernal, an old pioneer of Portland, died recently in San Francisco.
