SUMMARY OF STATE NEWS. LETTER FROM NEW YORK

[From Our Regular Correspondent.]

NEW YORK, Sept. 7, 1875. Yesterday was the first day of the "Plattdeutsches Volksfest," for It opened with an immense procession, taking over two hours to pass any given point. As processions usually move at the rate of between three and four miles an hour, this one must have been between six and eight miles long, and contained great numbers of those allegorical masks, of which the Germans are so fond and which they act so well. An interesting feature was the rep- chine resentation of German warriors from the earliest to modern times. First came twelve Germans dressed in the ancient costume-a" bear-skin wrapped around the body and a headdress of fur having two horns upon it-and carrying heavy clubs in their hands; next came seven warriors in the uniform of Charlemagne, seven in the costume of the Crusaders, seven in the dress worn during the thirty years war in Germany, and
