Immigrants are still rapidly coming among us, and many are seeking to make investments in this favored porof which our city presents valuable facilities, particularly to manufactures of every description. Our immense water power, when properly utilized, will furnish employment and homes for thousands. It therefore becomes our as guardians of the city to look well to its general interests, and make it as inviting and render it as cleanly and healthy as possible. I would therefore recommend to your consideration, and at the same time ask you to take action on the subject, the improvement of streets as tending to the beauty and value of the city, as well as to the satisfaction of the citizens. I would also call your attention to the subject of the alleys and drainage of that portion of the city lying between the river and the bluff, and ask you to indicate what importance in effect upon the general health of this community.
