AN OLD TIMER.—The old building formerly occupied by Bell & Parker as a drug store, and lately by Mr. C. M. Kester for his bag factory, has been moved from its old resting place, where it has stood the storms of many a hard winter since 1843, to the lot adjoining the Barnum Saloon. Perhaps if this old building could only have its say, it would unfold many a tale untold of the early times in this city. A portion which was added to the main building at a later day has been torn down, and in so doing the workmen have laid bare the timbers of the structure. While we were standing by, watching the building move along to its new home, one of the old pioneers passing by, remarked that "there was the identical beam he had helped to lay 33 years ago, and it seemed to carry him back to those days of yore when he was young and happy, and this was considered a handsome structure; but alas! how things had changed." Many were the old settlers who passed by and stopped to take a tender glance at the old frame building which has filled its place faithfully until times have changed and the wants of the present day demand that its place shall be occupied by another. We observed a good many of our citizens inspecting the dirt to see if it would "pay," but have not heard of any relics of by-gone days being discovered.

HARPER'S FOR JUNE.—The Magazine for June comes to hand running over with good things and seems to grow better with every number, if that is possible. This number contains the entire fourth book of George Elliot's "Daniel Deronda," a story, "the construction part of which," says the London Times, "seems to approach perfection." In addition to the brilliant novels already commenced, there will be begun in the July number an anonymous serial story of great promise, to be published simultaneously in Blackwood and Harper. "Old Abel's Experience," an illustrated poem by Mrs. E. T. Corbett, is one of the characteristic and striking stories in verse which have become a striking feature in Harper's Magazine, and is good enough to tempt one to buy the number for its sake alone. In its other contents the Magazine is as fresh and bright and varied as it always is. The Weekly and Bazar are fully up to the times, and every home circle should possess them.

TENT MEETINGS.—Our citizens have been edified by a course of Biblical lectures, delivered by a Mr. Lee, during the past week, in a large commodious tent opposite the Methodist church. The lectures that we have attended were quite interesting and novel, and the tent has been well filled every evening. His main point, if we understand his argument, is the second advent of Christ; and his theory very much like the Millerites, only this gentleman has not set the time as yet for the world to end. He puts it at some time in the future, without date. Whenever the date of this catastrophe is announced, we shall give our readers warning so that they can have ample time to prepare themselves for the occasion. We understand that the lectures will continue through next week, and we certainly think it well worth listening to, even if we don't exactly agree with the gentleman.

THRASHING MACHINE.—Mr. George Miller of this city has invented an improved thrashing machine for which he has applied for a patent. The machine is intended to be run by hand power—but horse power can be applied—and can be operated by two hands. It will be just the thing needed by many of our farmers in this vicinity who have only a few hundred bushels of grain to thrash, and cannot afford to have a horse power. One of his machines, which was constructed some time ago, and before he had made his late improvements, was tried by Mr. W. P. Partlow, and it is said to have given general satisfaction, two men thrashing 6 bushels an hour with ease, and with the late improvements it will thrash 10 to 15 bushels an hour. Mr. Miller has sent his model on to the Patent Office at Washington, and before long expects to engage in the construction of thrashers in this city.

PERSONAL.—Major Rinehart, one of Oregon's old settlers, who has been located at Los Angeles, Cal., for the past year or so, gave us a pleasant call last Monday. The Major has lately received the appointment of Indian Agent at the Malheur Reservation, and is now en route for his post. He says California is a good country, but can't compare with Webfoot. His family still remain at Los Angeles. We are gratified to see honest, straightforward men like Mr. Rinehart appointed to the agencies, and feel assured that he is just the man for the place.

MR. GEO. MARSHALL, of the firm of Miller, Marshall & Co. of this city, takes his departure for the Centennial on the the next steamer.

Mr. I. A. Macrum, of Portland, conducted the services at the Congregational Church last Sunday morning.

THE fence around the Catholic Church has received a new coat of paint, which adds much to the appearance of the surroundings. Guido Stearns was the artistic painter that manipulated the brush, and he is prepared to fill all orders in his line with neatness and dispatch. Leave your orders at the postoffice.

THE editor of the Sunday Welcome happened to be in this city recently and in the course of his wanderings dropped in the Y. M. C. A. rooms, and "was much surprised at the laage bevy of handsome young ladies present." He advises his bachelor friends to emigrate to this city. We certainly agree with the aforesaid editor when he compliments our young ladies on their good looks and winning ways. Oregon City will not take a back seat for any town in the State in this respect.

NEW BLACKSMITH SHOP.—Mr. C. W. Ganong, a first-class workman, has opened a blacksmith shop at John Lewis's old stand, where he is prepared to do all kinds of blacksmithing to order. William is at the top of the ladder in his profession, and work performed by him can be relied upon. Farmers will please bear in mind that they can get anything done in his line just as cheap as it can be had at Portland, and we know it will be done as well. Give him a call.

BENEFIT OF Y. M. C. A.—On next Monday evening a grand literary entertainment will be given at Pope's Hall for the benefit of the Y. M. C. A. The public are aware that entertainments given by the young people of this city are invariably a success, and there will doubtless be a good attendance. Acordial invitation is extended to all. Admission 50 cents.

OREGON CITY was favored with a band of picnicers from Vancouver last Wednesday. They arrived in the forenoon, and spent an hour or two in admiring our beautiful scenery, and left about 2 o'clock.

MR. GEO. LAROCQUE, accompanied by his sons Alfonzo and Eugene, left last Monday for the Dalles, where we understand he has purchased a ranche for Alfonzo, who intends to engage in stock-raising.

A HORSE attracted considerable attention dashing through town last Sunday evening with a saddle turned underneath him. Several horsemen gave pursuit, but failed to catch him.

MR G. M. STROUD, the conductor of the evening express train, says that more passengers are carried to and from Oregon City than any other station on the line.

The amount of treasure stolen from Wells Fargo & Co. at the stage robbery, near Boise City, Nov. 10th, 1875, was $7,069 16. Of this amount about $4,000 has been recovered since the capture of the Owyhee robbers by Mr. Thacker.

At Tacoma, on the 17th, Thos. Kaveny, quartermaster of the Pacific Mail steamship Dakota, fell through the hatchway, a distance of 17 feet, dislocating his right wrist and receiving a deep wound beneath the lower jaw, and other injuries too numerous to mention, but it is not considered fatal.

D. D. Clarke, civil engineer, was engaged last week surveying a line for the extension of the Northern Pacific R. R. northward along the beach, from the present terminus at New Tacoma to a point in Central Tacoma. Depot grounds have been laid out, and all the preparations on paper made for completing the work. The length of the proposed extension is about one mile.

The new steamship company of Olympia have completed arrangements with J. E. Higgins of that city for the construction of their first boat. Dimensions of boat as follows: 90 feet long, 30 feet beam, 4 feet 9 inches hold (deep). She is to be built after a very fine model, stern wheel. The Salt Lake *Tribune* says: "Rockwood, the Mormon elder who stole the Utah penitentiary, says he has received 370,000 salmon eggs within the past three years to stock the waters of the Territory. We notice, however, that his own fish farm has received the greater portion of these eggs, and the public waters are not much troubled with the finny tribe."

The *Reporter* says: Mr. Thielsen, surveyor for the Oregon railroad companies, passed through McMinnville a few days ago on a tour of examination of the country for the most feasible route for the railroad from St. Joseph to Amity via McMinnville. So far as we can learn, the probability is that the road will cross the north fork just below the wagon bridge between McMinnville and St. Joe, and, bearing on through Mr. Braly's farm, will approach this place just west of Mr. Newby's farm, pass on near the cemetery and proceed nearly in a direct line from here to Amity.

The Importance of Good Habits.

Good habits tend to prolong life. The laws of Nature are in perfect harmony with those of Nature's God. Habits of life should be regular. The animal functions should be regularly performed, sleep should not be put off until untimely hours, unnecessary and depraved excitements should be avoided. The observance of hygenic rules will not, however, always suffice to rescue a naturally delicate constitution from wreck. When this is the case a wise discretion should be exercised in selecting the tonic to be used. Hostetter's Bitters, on account of the purity of their alcoholic basis, the powerfully invigorating properties of the vegetable elements which they contain, and their alterative efficacy, are precisely the article required to create energy in and restore regularity to the feeble system, and thus preserve it from destruction. For those disorders which proceed from impaired digestion, dormancy of the liver and weakness or irritation of the bladder or kidneys, it is a most valuable specific, and is equally to be relied upon as a preventive of malarious fevers. Persons who suffer from flatulence will find it an excellent carminative. It remedies heartburn with far more alacrity and certainty than carbonate of soda, and relieves nervous headache and constipation with gratifying promptitude.

The Bitters are a powerful auxiliary in the blood manufacturing process; giving tone to the entire system, and recalls "the rose tint of health" to the wan cheek and wasted invalid. They also tend, through the medium of improved digestion, to increase the bodily substance, and are a capital appetizer and after-dinner cordial.

The Montana gold dust is selling for $18 25 to $18 75 per ounce.

Armed to the Teeth,

Is a very common expression, but we think that armed to embellish and preserve them to a ripe old age is decidedly more appropriate. This can be done by keeping yourself supplied with a bottle of that splendid dentifrice, Fragrant SOZODONT, which will beautify the teeth and preserve them from the ravages of decay. SOZODONT contains no acids or gritty substances which injure the enamel, but is composed of rare and antiseptic herbs, which have a beneficial effect on the whole economy of the mouth. Sold by druggists.

POND'S EXTRACT

"Hear, for I will speak of excellent things."

POND'S EXTRACT—The great **Vegetable Pain Destroyer.** Has been in use over **thirty years,** and for cleanliness and prompt curative virtues cannot be excelled.

CHILDREN.—**No family** can afford to be **without Pond's Extract. Accidents, Bruises, Contusions, Cuts, Sprains, are relieved** almost instantly by external application. Promptly relieves pains or **Burns, Scalds, Excoriations, Chafings, Old Sores, Boils, Felons, Corns,** etc. **Arrests** inflamation, reduces swellings, stops bleeding, removes discolorations and heals rapidly.

FEMALE WEAKNESSES.—It always relieves pain in the back and loins, fullness and pressing pain in the head, nausea, vertigo.

IN LEUCORRHŒA it has no equal. **All kinds of ulcerations** to which ladies are subject are promptly cured. Fuller details in book accompanying each bottle.

PILES—blind or bleeding—meet prompt relief and ready cure. No case, however chronic or obstinate, can long resist its regular use.

VARICOSE VEINS.—It is the only sure cure for this distressing and dangerous condition.

KIDNEY DISEASES.—It has no equal for permanent cure.

BLEEDING from any cause. For this is a **specific.** It has saved hundreds of lives when all other remedies failed to arrest bleeding from nose, stomach, lungs, and elsewhere.

RHEUMATISM, NEURALGIA, Toothache and Earache are all alike relieved, and often permanently cured.

PHYSICIANS of all schools who are acquainted with **Pond's Extract of Witch Hazel** recommend it in their practice. We have letters of commendation from hundreds of Physicians, many of whom order it for use in their own practice. In addition to the foregoing, they order its use for **Swellings** of all kinds, **Quinsy, Sore Throat, Inflamed Tonsils,** simple and chronic **Diarrhœa, Catarrh,** (for which it is a specific,) **Chilblains, Frosted Feet, Stings of Insects, Mosquitoes,** etc., **Chapped Hands, Face,** and indeed all manner of skin diseases.

TOILET USE.—Removes **Soreness, Roughness,** and **Smarting;** heals **Cuts, Eruptions,** and **Pimples.** It *revives, invigorates,* and *refreshes,* while wonderfully improving the **Complexion.**

TO FARMERS.—**Pond's Extract.** No Stock Breeder, no Livery Man can afford to be without it. It is used by all the Leading Livery Stables, Street Railroads and first Horsemen in New York City. It has no equal for **Sprains, Harness** or **Saddle Chafings, Stiffness, Scratches, Swellings, Cuts, Lacerations, Bleeding, Pneumonia, Colic, Diarrhœa, Chills, Colds,** etc. Its range of action is wide, and the relief it affords is so prompt that it is invaluable in every Farm-yard as well as in every Farm-house. Let it be tried once, and you will never be without it.

CAUTION.—**Pond's Extract** has been imitated. The genuine article has the words **Pond's Extract** blown in each bottle. It is prepared by the **only persons living** who ever knew how to prepare it properly. Refuse all other preparations of Witch Hazel. This is the only article used by Physicians, and in the hospitals of this country and Europe.
