Hartman, forty acres of land situated in Clackamas county, Oregon, in T. 5 and 6, 1 E. Consideration \$50. MOLALIA MINES AGAIN .- A corres-

pondent of the Oregonian, writing from Woodburn says :

This place being the headquarters of the Molalla mines, and as there are parties going and coming from here lmost every day, I desire to keep your readers posted from time to time in regard to this matter. I informed you in my last letter that on the day before a Dutchman had arrived here from that region with some unknown specimens. After as close an examination as could be made under the circumstances, by myself and others, the conclusion was arrived at that it was a pretty rich copper ledge, mixed with a certain proportion of native silver and also quickexcitement, and on the following morning a company of five, led by Mr. Sour Crout, on a flying pair of twisted shoes, left for the new Washoe, well prepared with notices to stake out their claims. Mr. Henry Hedges, who was one of the parties, arrived here last evening in a horoughly demoralized condition. Inder the excitement, his provisions gave out before he noticed it, and he had to make his way home without anything to eat but a piece of tobacco. He complained of being very stiff, and his face showed all the marks of the brought before. They will soon be taken to Portland to be assayed. There will be a stock exchange established here soon, but as the parties are all of limited means, if the assay proves suceessful, a number of the leading merchants of Portland will be called upon to invest in stock. When Mr. Hedges left our Dutchman was picking away. He says that as soon as he gets \$30,000 he will leave for "Shermaney," and leave the rest for some other poor

ONE YEAR IN OREGON CITY .-- TIO following communication from Rev. Mr. Day, pastor of the M. E. Church in this city, appeared in a recent issue of the "Christian Advocate:"

Allow me first, to acknowledge the kindness received from all the mem-hers of the M. E. Church of this city, and from the citizens generally. This kindness begun with the year, and has been continued up to the close; for which I am truly thankful to all, and especially to Him who is the giver of all. Quite a number have been added to the Church on profession of faith, and we believe there has been some improvement in the spiritual condition of the former membership. The vigor-ous efforts of the official brethren have calminated in a financial success. The Elder and Pastor have been paid in full, the indebtedness of the church has been re luced more than one-half, and a sum has been secured on each one of the disciplinary causes. Our thanks are due to the many friends not connected with the Church, who have aided materially in attaining to these desirable results.

Be it known unto you therefore, and teall that dwell in the regions round about, that by the grace of God, Oregon City Church still lives. Our fraternal relations to some of the sister churches of the city have been intimate, and to us, pleasant and profitable. We have participated in union meetings, nearly every Sabbath evening in connection with the Baptist Church, Rev. J. T. linff, Paster, and the Congregational Church, Dr. Atkinson, Pastor, I would also mention the Young Men's Christian Association as an important Christian element in our city; Hon. F. O. McCown, President."

JUSTICE COURT. - Judge Athey's court has been occupied during the past week with the case of State vs. Henry Nachand. It seems that the defendant had laid a water pipe from he spring above Cason's meadow, to his Plummer fruit dryer, and failed to cover the ditch across the country road made to the Supervisor, who ordered the defendant to remove the obstruction, which he failed to do, and the Supervisor brought suit before Justice Athey, After empanneling three juries, and going to considerable exuse, the case was decided against Mr. Sachand, and he can now appreciate the luxury of the law. The obstruction could have been removed for a cost of not more than \$2.50, but as a is, he had to remove the obstruction and pay the costs in the suit, which amounted to

HIGHWAYMAN ABROAD,-Last Monday evening, Gordon Hayes, a young man about 17 years of age, residing five miles south-west of Oswego, was way-laid and robbed. He had been to Oswego to purchase some provisions, etc., for his father, and was returning about 10 o'clock in the evening. When about three miles from Oswego, a man umped from behind a tree and knocked in from the horse, and another person grabbed him by the neck and choked him until he was senseless. When consciousness was restored, the highwaymen had disappeared, taking with them the contents of his pockets and the articles which he had purchased at Oswego. They took his overcoat and gloves off, but left them in the road a short distance from the scene.

engaged on the Champion, and expect on Gen. A. L. Lovejoy's farm and the other on Mr. John Nachand's. to have her ready for work next week. She will take the place of the Occident, and the latter will be put in the dry dock for a thorough overhauling. The old steamer Success will be brought down to the warehouse in a few days, when the machinery will be taken out and the once celebrated freight boat will then be bauled out of the basin and tied to the bank above Canemah, where she will rest in peace for evermore. The steamer Fannie Patton was slightly damaged last week by a collision with the Occident.

INSANE. The once brilliant and sucessful attorney, Mr. S. Huelat, was xamined before the County Court, on the 9th of last month, and was adjudged asane and ordered to be committed to the insane asylum. By request of his friends he was placed under medical treatment in this city, but nothing could be done for the poor man, and last Tuesday he was turned over to Sheriff Andrews Sheriff Apperson, who escorted him to East Portland. Thus, has the demon of intemperance consigned to an insane asylum, one who might have been at the head of the legal fraternity in this

FIRE .- Last Saturday night about 11 o'clock the Plummer Fruit Dryer, at Marshfield, was discovered to be on fire by some young men of that place. The alarm was given and a large number of persons assembled to lend their aid in extinguishing the flames, but it had too much headway, and their efforts proved fruitless. It seems that a small fire had been left in the dryer when the employes quit work at 6 o'clock, and it is supposed the fire originated from that. The loss is estimated to be about \$750.

JUST So .- The Albany "Democrat" has the following, which we verily believe will fill the bill for a goodly number of our readers:

"We have observed that the greediest man after a newspaper is the one who is too mean to subscribe. He is always in waiting for the latest paper, and it is not two minutes on the owner's premises till the non-subscribing fiend pounces ubon it, and never lets up till the last line is read, and then perhaps will east it aside with the remark that he could make a better paper himself.'

LOOK OUT!-The police of Portland are making it too varm for the thieves and vagrants in that city, and they are making their appearance in all parts of silver. These specimens created great State. Robberies have been perpetrated at Astoria, McMinnville and other places, and several of these vagabonds have been in our city during the past week, so that it would be well for our citizens to look out for their valuables.

BASE SLANDER .- A correspondent proposes to change the name of our beautiful city to "Sleepy Hollow."
