A regular term of the county court was ordered for the 29th of October, 1876.

HYMNICAL.—On Tuesday afternoon of this week, a large number of friends assembled at St. Paul's Church to witness the marriage of Wheeler Church and Miss Minna Randall. The couple are both young and general favorites with the entire community, and as a consequence the church was crowded long before the time for the service to begin.

Rev. M. J. Cason, of New Era, officiated at the wedding. The happy couple took the evening train for Albany, where they will spend the honeymoon. Our wish is that the Church may have a happy and pleasant future, and that it may increase in members as the years roll by.

CORRECT.—The Dalles Mountaineer of the 9th, has the following complimentary notice of our popular Register at the Land Office: Hon. Owen Wade, Register of the U. S. Land Office, at Oregon City, is sojourning at the Dalles for a few days for the purpose of recruiting his health. His continued residence in the Dalles for the past two years has been a little of his natural good constitution. Mr. Wade in regard to land matters in Oregon is the best posted man in the State, and will be pleased to hear of his appointment as Commissioner of the General Land office at Washington.

HAYES AND WHEELER CLUB.—The Hayes and Wheeler Club have secured Pope's Hall until after the Presidential election as their headquarters, and have placed their banners on the outer walls. The committee on speakers has made arrangements to have most of the prominent speakers address the club during the course of the campaign; and for this Friday evening they have secured the services of E. C. Gibbs. The Gov. is well known as an interesting and well informed speaker, and we believe his services are well appreciated. All are invited to be present, and we expect to see the house crowded.

DR. T. W. WATTS, Republican Presidential elector, addressed the Hayes and Wheeler Club, at their headquarters last Friday night. The hall was filled with a large and intelligent audience, among whom we noticed a large number of the fair sex. The Dr. proceeded to pull aside the veil that surrounds the Democratic cause, and exposed its Indian rubber nature, and the way he went after them on every side was a caricature of the truth. The speaker was listened to very attentively throughout his entire speech, and all join in praising him one of the best lecturers in the State.

GROCERIES FOR SALE.—T. A. Bacon who lately bought out Barlow & Fuller, is doing a rushing business, and is prepared to do still more. If you want groceries, fruits of any kind, bread, cakes, or anything in his line, give him a call, and we guarantee that you will get it as cheap and as good as can be found elsewhere. Theodore understands his business, and you can always be accommodated and waited upon in first class style.

The wooden mills have received a new gig for the finishing room, thereby giving that room an equal capacity with the other departments. Hereafter this department, to keep up with the other departments, had to work two or three hours overtime.

LAST SATURDAY Mr. T. Bartlett, who resides across the river from this city, placed a fine basket of peaches on our table. For size and flavor we have not seen their friend on the Pacific Coast.

Our young friend T. A. Bacon has a large supply of watermelons, and did not forget to send us a sample, and we believe it, go and test them.

The Beecher scandal is a thing of the past in our city, and you local wags and rascals may not some-body commit suicide, break a limb, or do something awful, just for our benefit?

Solemn Admonition.

From ignorance of this we've a fellow in our eye.

When a fellow in the wrong place this doubling up did try.

Oh, give me aqua-fortis, or whisky let me take a Glass, of before the proper time, but while my knees are shaky.

If you want a good saddle or anything in that line, don't forget to go to J. K. Graham's Masonic building, Oregon City, where you can get the worth of your money.

THE Occident Club, owing to a scarcity of the "wherewith" to meet their wants, has closed up. There is some talk of reorganizing this winter, and we think it would be a good idea.

FRANK BARLOW had a finger dislocated last Thursday while playing ball. The doctor fixed it up and he will be ready to play ball again in a day or two.

A GOOD CHOICE.—Hon. J. K. Weatherford, a young and gifted lawyer of Albany, has been elected to the honorable position of Speaker of the House.
