BORNO OVER.—Hugh McCaulay, of Junction, Lane county, was up before Justice Athey last Wednesday, charged with obtaining money under false pretenses from Wm. Moreland, of Seely, in this county. He sold a check on the U. S. Treasury at Washington to Mr. Moreland, and then obtained the check himself, and used it. He was found over to appear before the next grand jury.

ACCIDENT.—On Friday night last, says the Sunday Welcome, a party from this city attended the temperance entertainment at Mt. Tabor. Driving near the school house the hind wheels of the wagon ran into a ditch causing the back seat to fall out, throwing to the ground those seated on it. Mrs. Captain Kellogg was severely if not seriously injured.

The fancy man who was selling soap without a license last week came to grief before Judge Athey, and his fine and costs amounted to \$15, which, owing to the depleted state of his finances, he was unable to pay. He languished in jail for six days, and then took his departure for a more congenial climate.

Several times during the past month we have heard complaints about the cleanliness of the county jail, and if our usual probe is correct, we should judge that several barrels of cologne distributed in the building would considerably diminish the horrible stench. Let our proper authorities look after the matter.

ANOTHER DEPARTMENT.—Owing to the large number of scholars in attendance at the Seminary, another department has been added to the school, and Mrs. Jasper Johnson appointed teacher. Mrs. Johnson has had considerable experience as a teacher, and the appointment affords general satisfaction.

Mr. S. D. Stevens, traveling agent for the Babcock Fire Extinguisher Co., called last Tuesday. He is negotiating the sale of a Babcock Chemical Fire Engine to the city of Salem, and made a test at that place on Wednesday. On Friday or Saturday he will test his Extinguishers in this city.

HEALTH SEEKING.—Mrs. J. W. Cochran took her departure on the last steamer for Southern California, for the benefit of her health. She intends to spend the winter in California, and then go to Norfolk, in Ventura county, where she will spend the winter.

Jimmy Wool, formerly of this city, got badly used in a fracas at Portland last week. His injuries consisted of a slight scalp wound with a laceration, and a pair of black eyes. A woman was at the bottom of it.

RETURNED.—Capt. Tackeberry, who has been steambathing on Stikeman river during the past summer, returned last Saturday. His health, which was failing when he left, has been materially benefited.

NEW GOODS.—Mr. B. A. Hughes has just received a fine assortment of waters, perfumes, and millinery goods, which are selected by him for all who desire anything in that line. Give him a call.

A LARGE and enthusiastic audience greeted Mr. Caples at Pope's hall last Friday evening, and he made one of his characteristic speeches, which was listened to attentively by all.

A correspondent from Sandy reports things in a prosperous condition; bear, deer, and small game in abundance; travel over the mountains closed, and everybody as happy as Larry.

CLACKAMAS COUNTY.—All of the precincts in the county heard from except Oswego and S. Prineville. The returns are: Oswego, Hayes 291 majority and Williams 253; S. Prineville, Hayes 291 majority and Williams 253.

The ladies of the Episcopal Church are preparing to hold their annual fair this week in this month, or the first of next. Posters will appear in due time.

The Oregon Iron Works at Albina have suspended, and the machinery for the Yamhill boat seems to be in the same predicament for the present.

CLERK.—Mr. W. P. Conaway, of Park county, is the clerk of the Board of Canal Commissioners. His salary has been fixed at \$1,200 per annum.

The partnership existing between Boss and Wortman has dissolved. Mr. Wortman will engage in the mercantile business up the valley.

SMALL-POX still continues at Portland, and it would be advisable for our citizens to take every precaution against this dreadful disease.

The last single member of the legal fraternity of this city will make his debut into the society of Benedictines this (Thursday) evening.

The ladies of the M. E. Church will give a Centennial ice-cream festival at Pope's hall on next Thursday evening at 7 o'clock.

Rev. G. W. Day has our thanks for the minutes of the annual conference of the M. E. Church, held at Albany last August.

"No's" proposition has been placed on file with numerous others, and before long we shall make our verdict known.

An Unanswerable Argument. The strongest argument which can be urged against the advisability of administering such corrosive and nerve-destroying poisons as arsenic and quinine for intermittent and remittent fevers, is the vast superior success in the prevention and cure of such diseases of a medicine which is the very antipode of the above named drugs, but in respect of its composition and the results wrought by it. Such a medicine is Hostetter's Stomach Bitters, a purely vegetable preparation, which not only eradicates with certainty all the various forms of malarial disease, but also every trace of fever and ague, and kindred types of malarious disease, from the system, but is a certain preventive of all malarial contagion of a malarial taint and water. These results mineral and anti-fetid remedies do not offer with certainty, and their continued use entails consequences highly pernicious to the system. The Bitters, on the contrary, not only afford speedy relief, but establish health on a permanent basis.
