Bronchitis.

From John Flagg, Esq., of Bennington, N.H. "Three years since I was very much redueed with a dreadful cough, which resulted in Bronchitis, affecting me so severely as to render it difficult to speak in an audible voice. To this was added severe night sweats, and I was fearful of going into a decline. After recourse to various remedies, to no purpose. I made use of Dr. WISTAR'S BALSAM OF WILD CHERRY, a few bottles of which fully restored me to health. Since that time I have had several attacks of cough, but the Balsam has always removed them. I always keep it by me, and should not know how to do without it."

An Unuanswerable Argument.

The strongest argument which can be urged against the advisability of administering such corrosive and nerve-destroying poisons as arsenic and quinine for intermittent and remittent fevers, is the vastly superior success in the prevention and cure of such diseases of a medicine which is the very antipode of the above "Mein friendt" Fuchs opposite the | named drugs, both in respect of its compodepot, will supply families with fresh sition and the results wrought by it. Such a medicine is Hostetter's Stomach Bitters, a purely vegetable preparation, which not only eradicates with wonderful promptitude every trace of fever and ague, and kindred types of malarious disease, rom the system, but is a certain preventive of all maladies begotten of a miasma-tainted air and water. These results mineral and anti-febrile remedies do not effect with certainty, and their continued use entails consequences highly pernicious to the system.
