Fountain Hose Co. No. 1.

EDITOR ENTERPRISE—Dear Sir: The members of Fountain Hose Co. No. 1 ask that the following proceedings be published, as a matter of news and information to the City Fathers, and others that might be interested:

The regular monthly meeting of Fountain Hose Co. No. 1 was held at the hour of 7 oclock on Thnrsday evening, December 13, 1876.

President, W. W. Myers, presiding. Present, Messrs. Fuller, Nass, Sheehan, Levy, Selling, Rolls, Schram, Highfield, Geo. Willis and Andy Willis.

The records of the last regular meeting were read and approved, as recorded.

A communication from Prof. S. D. Pope was read by the Secretary. Communication ordered on file. The Prof. asked that the Secretary present to the Fountain Hose Co. his grateful appreciation of their many kindnesses, and also heart-felt well-wishes for their future prosperity, that he would ever look back with pride to the members who, under the most extreme difficulties, guided "T. e Ship of State" as to come out victorious in this, that they kept the company at the head of the ranks, and showed their vim on many occasions when property was the prey of the destroying element, fire.

The matter of exempt certificates was introduced, by the exhibiting of a sample one, sent from New York. Various members spoke of the design as not being the kind desired by the members. After various remarks upon the matter, it was ordered that the Secretary procure samples of different designs, either from Portland, San Francisco or New York, and that he receive pay from the company for his services in procuring the same.

It was also ordered by the company that the Secretary receive pay for his services as secretary of the company; that he receive the sum of one dollar for each regular meeting, and fifty cents for each special meeting.

A question arose among the members of the company, that "Madame Rumor" had it that the City Fathers had expressed uneasiness in regard to the Fire Department, that they had been endeavoring to arouse them to action. The company has this to say in regard to inactivity: That they are in good spirits, and entertain no su h idea as yielding up the ship. Yet, while they may have cause to complain of certain things, they do not propose giving up the command. Our motto, which can be seen by visiting our rooms, is, "We Never Yield."

The company numbers 28 members, being within two of the limits of the law, all in good standing, and active members, who always respond to the call of the bell. If the City Fathers think that we are not alive and up to action, let them visit our rooms on nights of meeting, and they may hear something of interest.

A. C. BAILEY,
Secretary F. H. Co.

Terrible Accident.

A special dispatch to the Standard, dated Celilo, Dec. 16, gives the following acoount of the premature explosion of giant powder, which caused the death of Cornelius S. Rinearson, eldest son of Mr. P. M. Rinearson, and D. S. Moore, residents of this city: "Information has just been received here of a terrible accident which occurred at Owyhee Rapids, about 10 A. M. yesterday, through the premature explosion of some giant powder, instantly killing D. S. Moore and C. S. Rinearson, both of Oregon City. Preparations were just being made by Mr. Moore, who has had charge of the explosives, for thawing out about ten pounds of the powder, which was in a frozen state, by heating with warm water. An interval of only two or three minutes had elapsed when a terrible explosion took place, blowing to atoms the cartridge house, and instantly killing Mr. Moore and Mr. Rinearson, who were standing some six or eight feet outside the house. As the powder was still in a frozen condition, the fuse and caps stored about three hundred feet away, and as no one had handled the powder but Moore, who was a careful and experienced hand at the business, and as every possible precaution had been used to avoid any accident, the cause of the explosion remains a profound mystery. In fact, no other theory can be given than that the powder must have been manufactured from inferior material and thus more liable to spontaneous combustion.

CHRISTMAS BALL.—The ball to be given next Monday evening by the Mystic club will be one of the pleasantest affairs that has taken place in our city for many a long year. The attendance promises to be large and select; the music, under the leadership of Prof. Bray, will be second to none, and the supper will be fit for a king. We are informed that a large attendance may be expected from Portland, and towns up the valley. The managers have determined to make it a success, and beyond a doubt it will exceed their expectations. Tickets, including supper, $3 50, payable to the secretary at the door.

RUNAWAY.—Last Friday evening, Mr. John Trewavas and Miss Eliza Eudey, while en route for Portland, in a carriage, met with quite an adventure. In the darkness of the evening the driver got out of the road and upset the carriage. The horses became frightened and left the scene at a rapid rate, breaking the tongue of the carriage and leaving it behind. The passengers, who only received a few bruises, had to walk about two miles to East Portland, where they found that the horses had arrived safely.

Holloway's Ointment,—The Opinion of the Press.—Read it.—*Sprains, Dislocations, &c.*—We take great pleasure in recommending this deservedly popular medicin to our friends and patrons in particular, and to the public at large. We speak advisedly, being in a position to pronounce a reliable opinion from having used it at home, besides the economy of the article, as we have saved within the year more than one doctor's bill by having the Ointment on hand. We have tried opodeldoc liniments, embrocations and pain extractors without end, but for the immediate cure of sprains, dislocations, wounds, bruises, cuts, burns, scalds, blotches, pimples, and, cutaneous eruptions, we have found none so speedy or effectual as Holloway's Ointment.—*Herald.* 193

From a Distinguished Jurist.

"I have tried the PERUVIAN SYRUP and the result fully sustains your prediction. It has made a new man of me, infused into my system new vigor and energy. I am no longer tremulous and debilitated as when you last saw me, but stronger, heartier, and with larger capacity for labor, mental and physical, than at any time during the last five years." Sold by all druggists.

A Valuable Medical Treatise.

The edition for 1877 of the sterling Medical Annual, known as Hostetter's Almanac, is now ready, and may be obtained, free of cost, of druggists and general country dealers in all parts of the United States and British America, and indeed in every civilized portion of the Western Hemisphere. The issue of Hostetter's Almanac for 1877 will probably be the largest edition of a medical work ever published in any country. The proprietors, Messrs. Hostetter & Smith, Pittsburg, Pa., on receipt of a two cent stamp, will forward a copy by mail to any person who cannot procure one in his neighborhood.

A Remarkable Cure.

WEST TOWNSEND, VT., May 12, 1860.

MESSRS. S. W. FOWLE & SONS:

Gentlemen.—Several years since I took a severe cold, which settled on my lungs, when it remained without relaxation. I was in Massachusetts, and growing worse and becoming unable to attend to my business I returned home and commenced searching in earnest for some medicine which would restore my lost health. I consulted physicians, I tried many remedies, but obtained no help, but daily grew worse. I had a terrible cough, and raised a good deal of blood. I had profuse night sweats, and severe pain in my side. I continued in this state for months, and became so weak that it was with great difficulty I could walk, when I was advised to try WISTAR'S BALSAM OF WILD CHERRY, and to my great joy I soon found that this remedy has arrested the disease. I continued to use the BALSAM to the extent of five bottles, and have since experienced no difficulty of the lungs. I believe the BALSAM saved my life, and I shall ever hold it in estimation.

Yours truly, LEWIS PHELPS.

CUT THIS OUT.

It May Save Your Life.

There is no person living but what suffers more or less with Lung Diseases, Coughs, Colds or Consumption, yet some would die rather than to pay 75 cents for a bottel of medicine that would cure them. DR. A. ROSCHE'S GERMAN SYRUP has lately been introduced in this country from Germany, and it conditively cures, or relieves every one that try it. If you doubt what we say in print, cut this out and take it to WARD & HARDING'S and get a sample bottle for 10 cents and try it. Two doses will relieve you. Regular size 75 cents. Agents: Craine & Bingham, Wholesale Druggists, San Francisco, Cal.

We Can't Talk.

Without showing the condition of our teeth. Every laugh exposes them. In order not to be ashamed of them let us use that standard dentifrice, SOZODONT, which is sure to keep them white and spotless. No tartar can encrust them, no canker effect the enamel, no species of decay infest the dental bone, if SOZODONT is regularly used. It is a botanical preparation, and its beneficial effects on the teeth and gums are marvelous, as it removes all discolorations, and renders the gums hard and rosy.

THE MOST REFRESHING AND HEALTHFUL Institution is the morning bath, and it is double beneficial when GLENN'S SULPHUR SOAP is added. Use it in preference to the costly scented soaps, which sometimes injure instead of improving the skin.

A CARD.

To all who are suffering from the errors and indiscretions of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the REV. T. JOSEPH INMAN, *Station D, Bible House, New York.* nov17-ly.

Know all men by these presents, ... the Twentieth day of June, ... Lord, One Thousand Eight Hundred and Sixty-six, personally came Joseph H... me known as such, and being duly ... deposed as follows: "That he is the ... eral agent for the United States and ... encies thereof for preparations or med... known as Dr. Holloway's Pills and Ointment, and that the following certificates are verbatim copies to the best of his knowledge and belief."

JAMES SMITH, E. Notar. Public
[L. S.] 14 Wall street, New York.

DR. HOLLOWAY:—Make my pen to write you of my great relief and thank the day I took in my side has left me at last—thanks to your pills. Oh, Doctor, how thankful I am that I can get some sleep. I can never write enough. I thank you again and again, and I'm sure that you are really the friend of all sufferers. I could not help writing to you, and hope you will not take it amiss. JAMES MYERS,
16 Avenue D.

This is to certify that I was discharged from the army with Chronic Diarrhœa, and have been cured by Dr. Holloway's Pills.
WILSON HARVEY,
New York, April 7, 1866. 21 Prince St.

The following is an interesting case of a man employed in an iron foundry: Some, in pouring melted iron into a flask that was damp and wet, caused an explosion. The melted iron was thrown around and fell in a perfect shower, and he was burned dreadfully. The following statement was made to me, by him, about eight weeks after the accident:

New York, Jan. 11, 1868.

My name is Jacob Hardy. I am an Iron Founder. I was badly burnt by hot iron in November last; my burns healed, but I had a running sore on my leg that would not heal. I tried Holloway's Ointment and it cured me in a few weeks. This is all true, and any one can see me at Jackson's Iron Works, Manchester.
J. HARDY, 139 Goerck Street.

EXTRACTS FROM VARIOUS LETTERS.

"I had no appetite; Holloway's Pills gave me a hearty one."
"Your Pills are marvelous."
"I send for another box, and keep them in the house."
"Dr. Holloway has cured my headache that was chronic."
"I gave one of your Pills to my babe for cholera morbus. The dear little thing got well in a day."
"My nausea of a morning is now cured."
"Your box of Holloway's Ointment cured me of noises in the head. I rubbed some of your Ointment behind the ears, and the noise has left."
"Send me two boxes, I want one for a poor family."
"I enclose a dollar, your price is 25 cents, but the medicine to me is worth a dollar."
"Send me five boxes of your Pills."
"Let me have three boxes of your Pills by return mail, for Chills and Fever."
I have over 200 such testimonials as these but want of space compels me to conclude.

FOR CUTANEOUS DISORDERS.

And all eruptions of the skin, this Ointment is most invaluable. It does not heal externally alone, but penetrates with the most searching effects to the very root of the evil.

HOLLOWAY'S PILLS.

Invariably cure the following diseases:

Disorders of the Kidneys.

In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be afflicted with stone or gravel, or with aches and pains settled in the loins over the regions of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief when all other means have failed.

For Stomachs out of Order.

No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasioned either by intemperance or improper diet. They reach the liver and reduce it to a healthy action; they are wonderfully efficacious in cases of spasm—in fact they never fail in curing all disorders of
