Wonderful Discoveries.

MOLALLA, Jan. 27, 1877.

EDITOR ENTERPRISE: — Eureka! 'tis found, and, like the Irishman's frog, all up and down the creek they exclaim, "Struck it! Struck it!" You might offer the people of school district No. 20 wonderful stories of mammoth or mastadon bones found in other States, and they would turn from you in disgust: coral reefs, fossil remains, etc., would fail to interest them now. Even great discoveries of small temples, grand old cities, peopled with plentiful remains of giants, would not excite astonishment in their mighty minds. Even rumors of wars in this and other countries fail to excite more than a passing remark or a contemptuous curl of the lip, since some one in this neighborhood discovered the mighty bone, the bone of all bones, to hear them tell it. Those who have explained to me its great magnitude are men of science and research; men who never take second hand information, but get it direct from headquarters; men whose mathematical calculations cannot and will not be disputed. I am not prepared just now to give the exact size of this bone, but there is a committee that was chosen to superintend the excavation, and they seem hopeful of bringing it out in all its greatness, and express a hope that all may see it in the same light that they do. Some think it has been placed there lately for speculation and a grand swindle, but from its size this theory don't seem possible to my simple mind; besides, I heard the president of said committee say himself, "twas premature." Whatever that may mean, the committee—Jas. Offield, Wm. Riggs and Geo. Irving, all well known men of Clackamas county — are my authority. They seem to think that it will be a great curiosity and luxury, but of no benefit to the State of Oregon. The president says, (for instance): "The ruins of Greece, Rome, Carthage, Asia, Africa, America, Mexico, etc., never were a benefit, etc." To tell the truth, I am sorry that all can not hear them lecture about this bone.

A lyceum has been organized at Bachelor's Hall, school district No. 20, with good attendance and lively times.

There will be a grand ball given by Mr. Wilcox, who lives one mile above the lower bridge on Molalla, on Feb. 22d.

MEGA INFANTI.

Mt. Pleasant.

Jan. 24 1877.

EDITOR ENTERPRISE:—Although there has been nothing in the line of amusement since your last issue, still we will try and give you a few items.

Among the noticeable improvements is the completion of a new sidewalk from the farms of Messrs Partlow & Byers to the school house. Mr. Partlow says that he was requested to build it for the accommodation of those who take moonlight strolls in that direction—the moon generally being a lantern.

As Captain Apperson was on his way from Oregon City to his home the other evening his horse stepped upon a hoe some one had carelessly thrown into the street, and a portion of it entered the animals foot, inflicting a dangerous wound. We hear that the horse made it rather lively for the Captain for a short time.

Some of the ladies of Mt. Pleasant have been in Portland for the past week, but again we see their smiling faces among us.

We noticed the familiar countenance of John Abbott at Sunday School last Sabbath. He was on a visit to friends near his former home.

Mr. Moore refused eight hundred dollars for his place recently.

Mr. Haynes wants a wife and a cat.

Mr. Newell has spent the past week in search of the "man who writes for the paper." He expects to find him on a stump looking for items. Alas, poor Austin, I fear you will not find him on a stump this cold weather.

The last step in waltzing is taught by Judge Pandall and is called the "pepper waltz." The public, who have not tried it, thinks it is very nice. Those who have don't like it quite so well.

Will H. was up last week. He laments the loss of a "dorg." No more.

FARMER.

St. Paul's Church.

The vestry of St. Paul's Church, of this city, adopted the following resolutions on the 19th ult:

WHEREAS, This parish has for a long time received much needed aid from the Board of Domestic Missions, and whereas we, as a parish, realizing that the Board has more calls for help than means to meet them, and not wishing to see any of the works of the Church fail therefore be it

Resolved, That St. Paul's Church, Oregon City, will by God's help endeavor to walk alone, and we hereby relieve the Board of our weight.

Resolved, That the thanks of this parish are due, and are hereby tendered, to the Church in general and the Domestic Committee in particular, for the long continued and generous aid we have received, and we pray our Heavenly Father so to prosper us that we may not only sustain ourselves as a parish, but be able to give something to the Mission work of the Church; also

Resolved, That the Secretary be instructed to send a copy of these resolutions to the Bishop, to be forwarded by him to the Domestic Committee.

Passed by unanimous vote.

JOHN MYERS, President.

H. L. KELLY, Secretary.

SHALL WE KEEP IT UP?—The Y. M. C. A. will, as we understand from its officers, appeal to the citizens for aid to assist in paying the current expenses for the next year. The Society has kept a pleasant room open each evening in the week, except Sunday, furnishing a home for the strangers of our city, and a quiet, cozy place for our own young men and ladies too, with books, papers and music, free to all. Very many persons have enjoyed the comfort of these rooms during the past year, and whatever may be the theories about religion, entertained by any citizen, it seems that this organization is accomplishing much good in a quiet, practical way. The association is controled by four churches of this city, each represented in a board of managers, and is worthy of a liberal support. The current expenses are not large, being made up of lights, fuel and janitor's pay. Its active officers and members are humbly and patiently endeavoring to carry out practical Christianity without advocating the doctrines of any sect, by following the example of Christ in "doing good to all men," as opportunity offers; and not only in advocating the doctrines of the Christian religion, but in reaching out after the wayward, wayside prodigals, and extending to them sympathy, pointing to a higher life, also in visiting the sick, feeding the hungry, and doing whatever they can to alleviate human misery. If you feel that what has been said is true, help carry on this sort of practical work by contributing liberally to pay its expenses.

GOLDEN WEDDING.—On Thursday, Jan. 11th, Mr. and Mrs. Charles Kelly celebrated the fiftieth anniversary of their marriage, at the residence of their son-in-law, W. G. Conant, where a pleasant company of their relatives assembled to congratulate them. After an hour of delightful social intercourse with the venerable and brightly couple, the guests partook of a bountiful wedding feast, and all heartily concurred in the opinion that Golden Weddings are very enjoyable occasions. One peculiar feature in this event is the fact, that on Jan. 11th, 1827, Mrs. Kelly and her sister were both married at the same hour, and both couples live to celebrate their golden wedding. Mr. and Mrs. Kelly formerly resided for many years in this vicinity. About three years ago they went West, and have traveled extensively in California, Oregon, and Colorado, they have recently resided for some time in Denver, from whence they have just returned.

It will be remembered that Father and Mother Kelly left this city last summer for Denver, Col. From the above extract from the Fenton Gazette, it seems that they have at last returned to their old home in Michigan. They made many warm frinds while living in our city, who will be glad to learn of their arrival at their old stamping ground.

Mr. Geo. Fuchs will open a cigar manufactory in Caufield's old store at no distant day. He will only employ white men.

In Memoriam.

It was with the deepest pain that the news was received of the untimely death of Joseph-Miller, eldest son of Captain J. D. Miller of this city. He had gone to the Dalles for his health, which had been for some time failing and at which place he passed away on the very threshold of manhood, dying on his twenty-first birthday, the 28th of January, 1877, a victim to that fell destroyer, consumption.

Joseph Miller was a young man of quiet disposition, of high moral character, and possessing the peculiar faculty of making all his acquaintances his friends. His mother and eldest sister carefully nursed him for months past, but all was in vain. He has been called by One who does all things for the best, hard though it may seem to us, as our heart cords are rent assunder, but we know he is in a happier home and a pleasanter state. We most respectfully join our sympathy with that of the entire community, in this affliction to Capt. Miller and his family, and hope, as time wears on, the poignancy of grief may lose its keenness, and the memory of his bright life be ever a source of happy thoughts and family pride.

SMALL-POX.—The small-pox patients in this city are getting along as well as could be expected. They have good medical attendance and a competent nurse. The little baby who was taken down first is almost well, and running around the house. The last two cases, a boy about 14 years of age and a little girl of 3 years, are getting along finely; the girl, however, has been very low for some days past, but is improving slowly. Dr. Norris informs us that it is not probable that the rest of the family will have the terrible disease.

TIN STORE.— Read the ad. of J. W. Miller & Son, of 98, Front St., Portland, and when you are investing in their line of business, remember to give them a call. Mr. J. W. Miller was for many years a resident of this city, at one time employed by E. Milwain & Co., and afterward running a shop of his own. His capability as a workman is well known over the entire State, and we will guarantee satisfaction to all who favor him with their patronage.

SOME WIND.—A young friend residing seven or eight miles east of this city sends us the following item: "On the windy night of Jan. 21st, half the roof of W. F. Kirk's barn was blown off by the wind. The doors on the windward side being open, the wind rushed into the barn, raising the roof, rafters and all, and carried it over the horse shed, by the barn. No harm was done, except causing some work and new boards. Total loss about $12."

ROBBED.—Last Saturday night, Col. W. L. White had $60 taken from his room. He had placed his pants, containing $60 in gold and a small amount of silver, on a chair near his bed, with the door slightly open, and on looking for the money in the morning, he found the silver still there, but the gold was gone. Suspicion points to a certain individual, and if the deed can be traced to him, he will secure lodging at Salem.

Territorial News.

The Seabeck mill cuts 50,000 feet of lumber every 12 hours.

A sorghum factory at Dayton, W. T., is a fixed fact.

Mr. Hammond of Port Madison has caught 1,000 barrels of herring at one haul of his seine, and makes 7,800 gallons of fish oil every month. He beats Brother Hammond as a fisherman all hollow.

Over fifteen miles of the Puyallup road are now cleared and one hundred graders are following the choppers. Hallet expects to have 800 men on the road in two weeks. This will be a good opportunity for some of the idle men in this city to make a raise.

Associate Justice Davis positively declines to act as one of the judicial branch of the compromise commission. He considers it would be indelicate, after being elected Senator by Democrats and Independents, and we agree with him

The Oregon State Agricultural Society gives two stakes of $500 each at the coming fair—one for two year olds, running dash of one mile, and one for three year olds, trotting, one mile and repeat—$400 to the first, two-thirds of balance to second, and remainder to third. Entries to close May 1st, naming the colt, also sire and dam. Entries to be made with secretary of society. Entrance and forfeits to be paid to the secretary the day preceding the race. The premiums on horses, through the different classes, have been raised 33⅓ per cent.; besides, two new classes have been added, one of Percheron and one of Clydesdale. For trials of speed there are five running races: One dash of mile, $100; one mile for two year olds, $500; one mile heats for three year olds, $500; one mile heats (three in five), $500; one two mile heat, $500. Also four trotting races, for $500 each, making $4,100 in all, and if the trials of speed are as good the coming season as they were the past, they will be good enough.

After debating all night, the Senate passed the compromise bill at 7 o'clock on the morning of the 25th ult. The vote stood 47 to 17. Various amendments were submitted, but they were all voted down. Eaton was the only Democrat who voted against the bill.

What has the *Oregonian* to say in regard to that $3,000 paid to the law firm of Thompson, Durham & Hill, because one of the members was editor of that sheet? The leading paper of Oregon taken in for the paltry sum of $1,000—its proportion of the swag.

The Supreme Court has adjourned until the 19th inst., on account of the withdrawal of five justices to form the judicial branch of the tripartite electoral commission.

The People Want Proof.

There is no medicine prescribed by physicians, or sold by Druggists, that carries such evidence of its success and superior virtue as ROSCHEE'S GERMAN SYRUP for severe Coughs, Colds settled on the breast, Consumptions or any disease of the Throat and Lungs. A proof of that fact is that any person afflicted, can get a Sample Bottle for 10 cents and try its superior effect before buying the regular size at 75 cents. It has lately been introduced in this country from Germany, and its wonderful cures are astonishing everyone that use it. Three doses will relieve any case. Try it. Sold by Ward & Harding.

Happy Influence of a Great Specific.

For the preservation or recovery of health and strength, the diet should be wholesome and nutritious. When it happens that the alimentary processes are disturbed by improper or half masticated food, the best remedy for evel results of abusing the digestive organs is Hostetter's Stomach Bitters, a most agreeable, prompt and gentle remedy for dyspepsia, and for the bilious and evacuative irregularities which result from it. The liver and bowls, in common with the stomach, experience its beneficent influences. The refuse of the system is carried off through its natural outlet, a healthy flow and secretion of the bile is promoted, and a powerful impetus is given to assimilation in consequence of its use. It healthfully stimulates the bladder and kidneys when they are inactive, and by its tonic and regulating action fortifies the system against malaria.

A CARD.

To all who are suffering from the errors and indiscretion of youth, nervous weakness, early decay, loss of manhood, &c., I will send a recipe that will cure you, FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the REV. T. JOSEPH INMAN, *Station D, Bible House, New York,* nov17-1y.

A Sense of Weariness

is often felt by persons who cannot locate any particular disease. If they work, it becomes labor; if they walk, they soon tire; mental efforts become a burden, and even joys are dimmed by the shadow of this weakness which is cast over their lives. Recourse is had sometimes to stimulants of a dangerous character. The advice of physicians to abstain from active labor produces no happy results. Why? The system is debilitated and needs to be built up properly. PERUVIAN SYRUP will do this very thing. Like the electric current, it permeates the entire system, and harmonizing with the corporeal functions, it raises up the enfeebled and brings the color to the cheek again, and hope to the despondent. It does its work promptly and well. Sold by all druggists.

Do it at Once!!

If a tithe of the testimonials now on hand of the value of DR. WISTAR'S BALSAM OF WILD CHERRY should be published, no one would stop to read the bulky volume. Ask any druggist and he will tell you that this BALSAM is a real blessing to all affected with throat or lung diseases. All kindred affections, including Bronchitis, Sore Throat, Croup, Hoarseness, Pains in the Chest, and Bleeding of the Lungs, yield to its wonderful power. We advise any one tired of experimenting with Physicians' prescriptions or quack medicines to drop them at once and use this BALSAM OF WILD CHERRY. Sold by all druguists.

MARK THESE FACTS!

THE TESTIMONY OF THE WHOLE WORLD.

HOLLOWAY'S PILLS.

☞Let the Suffering and diseased read the following.

☞Let all who have been given up by Doctors, and spoken of as incurable, read the following.

☞Let all who can believe facts, and can have faith in evidence, read the following.

Know all men by these presents, That, on this, the Twentieth day of June, in the year of Our Lord, One Thousand Eight Hundred and Sixty-six, personally came Joseph Haydock to me known as such, and being duly sworn deposed as follows: "That he is the sole general agent for the United States and dependencies thereof for preparations or medicines known as Dr. Holloway's Pills and Ointment, and that the following certificate are verbatim copies to the best of his knowledge and belief.

JAMES SMEITRE, Notary Public.

[L. S.] 14 Wall street, New York.

DR. HOLLOWAY:—Itake my pen to write you of my great relief and that the awful pain in my side has left me at last—thanks to your pills. Oh, Doctor, how thankful I am that I can get some sleep. I can never write it enough. I thank you again and again, and am sure that you are really the friend of all sufferers. I could not help writing to you, and hope you will not take it amiss. JAMES MYERS, 116 Avenue D.

This is to certify that I was discharged from the army with Chronic Diarrhœa, and have been cured by Dr. Holloway's Pills.

WILSON HARVEY.

New York, April 7, 1866. 21 Pitt St.

The following is an interesting case of a man employed in an Iron Foundry, who, in pouring melted iron into a flask that was damp and wet, caused an explosion. The melted iron was thrown around and on him in a perfect shower, and he was burned dreadfully. The following certificate was given to me, by him, about eight weeks after the accident:

New York, Jan. 11, 1866.

My name is Jacob Hardy; I am an Iron Founder. I was badly burnt by hot iron in November last; my burns healed, but I had a running sore on my leg that would not heal. I tried Holloway's Ointment and it cured me in a few weeks. This is all true and anybody can see me at Jackson's Iron Works, 2d Avenue.

J. HARDY, 119 Goerch Street.

EXTRACTS FROM VARIOUS LETTERS.

"I had no appetite; Holloway's Pills gave me a hearty one."

"Your Pills are marvelous."

"I send for another box, and keep them in the house."

"Dr. Holloway has cured my headache that was chronic."

"I gave one of your Pills to my babe for cholera morbus. The dear little thing got well in a day."

"My nausea of a morning is now cured."

"Your box of Holloway's Ointment cured me of noises in the head. I rubpob some of your Ointment behind the ears, and the noise has left."

"Send me two boxes, I want one for a poor family."

"I enclose a dollar, your price is 25 cents, but the medicine to me is worth a dollar."

"Send me five boxes of your Pills."

"Let me have three boxes of your Pills by return mail, for Chills and Fever."

I have over 200 such testimonials as these but want of space compels me to conclude.

FOR CUTANEOUS DISORDERS.

And all eruptions of the skin, this Ointment is most invaluable. It does not heal externally alone, but penetrates with the most searching effects to the very root of the evil.

HOLLOWAY'S PILLS.

Invariably cure the following diseases:

Disorders of the Kidneys.

In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be afflicted with stone or gravel, or with aches and pains settled in the loins over the regions of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief when all other means have failed.

For Stomachs out of Order.

No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasioned either by intemperance or improper diet. They reach the liver and reduce it to a healthy action; they are wonderfully efficacious in cases of spasm—in fact they never fail in curing all dis
