Death of Thos. Henderson.

MARION STATION, April 5, 1878.

EDITOR ENTERPRISE:—This will inform you of the death of Mr. Thos. Henderson, who formerly lived near Barlow's station, Clackamas county. The circumstances of his death are about as follows: On April 4th he went to the north fork of the Santiam for the purpose of fishing. Not returning at noon, and having showed some signs of temporary insanity for some days before, a search was made for him, and about 1 o'clock he was found between two saw logs that had lodged in a small drift. He was so badly hurt that he died this morning at 1 o'clock. He was from Missouri, was married in Jackson county about one year ago; his wife lives near Aurora, Marion Co. ISAAC CHAPMAN.

ANOTHER SUICIDE.—Last Friday evening, a man named John Bontty, who was recently charged with uttering counterfeit coin, near Highland, in this county, committed suicide by jumping off the O. S. N. Co.'s dock into the river at Portland. He was standing on the wharf with James Birnie telling his domestic grievances and troubles, and Birnie says Bontty walked away from him toward the edge of the wharf, and when he looked around he had disappeared and about the same time he heard a loud splash in the water. Birnie called to Bontty, but failed to get any reply, and since which time nothing has been heard of the missing man, and in all probabilities he ended his troubles be seeking refuge in a watery grave.

THAT ROAD.—A correspondent of the Standard calls attention to the bad state of the road opposite Canemah, leading from the Tualatin, and takes the people of Oregon City to task for it. The county court ordered the supervisor of the district a month or more ago to notify Mr. Moore to remove his fence; and last week the supervisor was again notified to order Mr. Moore to remove it within a reasonable time (not to exceed ten days), and if not removed to take it down himself. Mr. Moore said he would have the objectionable fence removed on time, and in all probability it has been done before this time. In any event, the court has done its duty in the matter, and the supervisor has been instructed as to his duty in the premises, and he should attend to it.

RAILROAD ACCIDENT.—The Albany express train run over a horse below Milwaukie last Tuesday evening, and the locomotive, caboose and one of the passenger cars jumped the track. John Brandt, engineer, and Fred Bogart, fireman, were considerably bruised and used up generally, but the injuries are not of a dangerous nature. The passengers got a good jolting, and changed seats without regard for ceremony. The track was torn up for a short distance and the locomotive is a complete wreck. A number of Oregon City passengers were on the train, and some of them were badly scared. The track was repaired and the train came through next morning.

DELEGATES TO STATE GRANGE.—At a meeting held at the court house in this city last Monday, Mr. Arthur Warner, Mrs. E. Warner, Mr. C. W. Walt and Mrs. E. Skirvin were elected representatives for Clackamas county to the State Grange, to be held at Salem on the 28th of May.

A Lover's Troubles.

NEEDY, April 5th, 1878.

EDITOR ENTERPRISE:—The fun loving part of the people in the vicinity of Needy for some time have been watching, with considerable interest, the movements of a certain young man from Molalla, in trying to elope with one of the fair daughters of a good old farmer that doesn't live a thousand miles from Needy. The old man thinking to outwit the young lover, sent the fair daughter away to the far distant city of Silverton. But the young man, not to be "bulldosed" in this way, equips himself with horse and buggy and makes a bold strike for Silverton, to possess himself with his sweetness. But alas for human hopes; the person in whose care she was entrusted refused to let her go without the consent of her parents, and the young man was compelled to return without his treasure, resolving that stubborn parents are the curse of the age. The young couple have concluded to wait till the old man dies and then have it all their own way. The young man is frequently seen having a chat in the woodshed, or at the front gate, when the old man is not about, and we predict that love's labor will not be lost.

Beaver Creek Workingmen.

At a meeting of the workingmen of Beaver Creek precinct on the 7th, the following resolutions were adopted:

Resolved, That trade is the world's civilizer.

Resolved, That trade restricted tends to build up great commercial centers while the country remains unchanged.

Resolved, That a tariff tends to make money fluctuate.

Resolved, That the question of finance can be settled by the laws of trade only.

Resolved, That England, by having free trade with one fourth of the people of the earth, has become the wealthiest, if not the most enlightened nation in the world.

Resolved, That kings must have armies to keep the people under, and they find it necessary the people should feel a national distrust of the nations around, and a free intercourse would spoil their fun.

Resolved, That if we had free trade with Mexico we could call our army from the Rio Grande.

Resolved, That the Chinese question is all in their tails.

ROBT. MARKWOOD, Pres't.
Attest: CHAS. CUTTING, Sec.

SUICIDE.—The sad news was received last week of the death by suicide of Chas. H. Tuttle at Penawawa, on Snake river. His health had been poor for some time past, and a few weeks ago he was taken with a severe attack of inflamatory rheumatism and suffered the most terrible torments from its effects. This was the second attack of this complaint within a few months, and he despaired of a permanent recovery. On Saturday, March 30, he asked a friend watching by his bedside to get him some water, and as he left the room to do so, requested that he close the door. The next instant the friend heard the report of a pistol and returning found Mr. Tuttle dead. He had placed a small pistol, which he always carried, directly opposite his heart and discharged it, death being almost instantaneous. Mr. Tuttle had resided in Portland for many years, and was widely known and respected. He was for some time in the employ of Meier & Frank, Clark & Henderson, and the Wheeler & Wilson sewing machine agency; and always bore an honorable reputation. His death will be a source of sorrow to his many friends and aged parents, who live near Damascus, in this county. He was about 25 years of age.

IN DISTRESS.—The Omaha Herald of March 17th has the following: The sympathies of many were excited yesterday at the Union Pacific depot by a young woman stretched upon the floor with an infant at her side. The woman was evidently sick and had sought there only place she could find upon which to lie. The infant was quiet, and played about the floor, but was emaciated in the last degree. The woman said she was from Galesburg, Mo., had been neglected and finally deserted by her drunken husband, and after selling her furniture had started for Oregon City, Oregon where her parents and brothers reside. Her last cent had been given out before reaching Omaha, and she had only crossed the river by the charity of others. The matter was brought to the attention of the county commissioners yesterday afternoon.

BABY SHOW.—It is well known that Oregon City has the finest babies in the State, and now we have a chance to prove it. A baby show is to be held at Turn Verein Hall, Portland, on the 18th, 19th and 20th of this month. The prizes are as follows: Handsomest and brightest baby, $50; fattest baby, $25; best pair of twins, $20. The baby receiving the lowest number of votes will be awarded a silver goblet. All entries must be made by the 13th inst. Come now, mothers of Clackamas county, trot out your little darlings, and carry off the coin and silverware.

LARGE SALMON.—It has been urged as an objection to putting the fish hatching establishment on the Clackamas that the large Chinook salmon did not come up the river, and at the meeting of the stockholders, held at Portland last week, several large Chinook salmon, caught at this place, were on exhibition. Last Sunday night Jonathan Humphreys caught fourteen large Chinook salmon, one of which weighed 30 pounds, and another 27 pounds, and this is certainly sufficient evidence that the large salmon do come up into our waters.

LECTURES.—We are informed that arrangements are about perfected by which one or more lectures will be given in our city by Matthew Hale Smith D.D., for the benefit of the Baptist church. Dr. Smith will give a course the comidg week in the Taylor street M. E. Church in Portland, and then may be expected here. He is one of the most noted and eloquent lecturers in the United States. He leaves San Francisco, where he has been lecturing, for Oregon to-day. His lectures are both humorous and practical.

ESCAPED AND CAUGHT.—Frank Bernard, at one time a waiter at the Cliff House in this city, who was sent to the penitentiary for stealing Prettyman's horses at East Portland, made his escape on Wednesday of last week. He was caught Thursday evening at Aurora, where he stole a lot of oysters and was making his supper in the woods when he was caught.

ACCIDENT.—Trueman Ackerson, an employe of the Oswego Iron Co., met with a serious accident last Friday. He was cutting wood, and by some mishap he planted the ax in his left ankle joint instead of the wood, cutting about half way through his leg. Surgical aid was called, and the wound fixed up, but it will be some time before the injured limb can be used again.

STAR OF THE WEST.—At the annual meeting of the tax payers of school district No. —, Isaac Prindle was elected director, and M. F. Bird clerk for the 3d term. No tax levied; 28 scholars subscribed.

SOLD OUT.—Mr. Wm. Moreland, merchant at Needy, has sold out to Messrs. Hardesty & Ritter, tendered his resignation as postmaster, and is preparing to leave for the Palouse country in a few months.

It is remarkable that the Democrats have elected no German as delegate to the State convention. Are the Democrats afraid of the Germans, or are no Germans real Democrats? In their platform they proclaim that the eighteen years of misrule of the Republican party is indubitable proof that that party is no longer to be trusted; that R. B. Hayes was placed in the presidential chair contrary to the expressed (say Grover, Chadwick, Cronin) will of an overwhelming majority of the people of this nation; that we hereby call upon all true men of whatever shade of opinion, regardless of past political affiliations, to unite with us in our efforts to secure purity and economy in the administration of public (especially Grover and Chadwick frauds) affairs, and to correct abuses in official position.—*Oregon Staats Zeitung.*

The Outrage committee of the Mississippi legislature have reported. They have ascertained after laborious investigation, that since the early part of last fall there has been more or less lawlessness existing in the counties of Amite, Pike, Franklin, Lincoln, and counties adjoining. Gangs of men have gone about at night, threatening, whipping and killing persons and burning houses. These gangs act in this unseemly way because of the "general financial depression of the country." The committee refer to "this moment of supreme Democratic rule in Mississippi," and express their wonder at the state of affairs. They want the world to understand, however, that the kuklux of Mississippi are victims of financial depression, and are not, as we would call such fellows in the West, thieves, burglars and murderers.

On the 25th of March Thos. W. Waterman, treasurer of Lewis Co., W. T., arrived at Portland with $1,200 to purchase goods. He went on a spree and after several day disappeared and failed to return home. It is said that he passed through Roseburg bound south last week, and people are wondering at his strange conduct.

Among the Whitest Things on

Earth, are teeth, beautified and preserved by SOZODONT; and the rose is scarce sweeter than the breath which becomes aromatic through its influence. It is the very pearl of dentifrices and the surest preventative of dental decay in existence. Its remedies with certainty canker and every specie of corrosive blemish upon the teeth, and counteracts the hurtful influence upon them of acidity of the stomach. The formula of its preparation includes only botonic ingredients and it contains only the purest and most salutary of these.

A Gentle Hint.

In our style of climate, with its sudden changes of temperature,—rain, wind and sunshine often intermingled in a single day,—it is no wonder that our children, friends and relatives are so frequently taken from us by neglected colds, half the deaths resulting directly from this cause. A bottle of Boschee's German Syrup kept about your home for immediate use will prevent serious sickness, a large doctor's bill, and probably death, by the use of three or four doses. For curing Consumption, Hemorrhages, Pneumonia, Severe Coughs, Croup or any disease of the Throat or Lungs, its success is simply wonderful, as your druggist will tell you. German Syrup is now sold in every town and village on this continent. Sample bottles, for trial, 10 cents; regular size, 75 cents.

Quinine an Arsenic form the basis of many of the Ague remedies in the market, and are the last resort of physicians and people who know no better medicine to employ for this distressing complaint. The effects of either of these drugs are destructive to the system, producing headache, intestinal disorders, vertigo, dizziness, ringing of the ears, and depression of the constitutional health. AYER'S AGUE CURE is a vegetable discovery, containing neither quinine, arsenic, nor any deliterious ingredient, and is an infallible and rapid cure for every form of Fever and Ague. Its effects are permanent and certain, and no injury can result from its use. Besides being a positive cure for Fever and Ague in all its forms, it is also a superior remedy for Liver Complaints. It is an excellent tonic and preventive, as well as cure, of all complaints peculiar to malarious, marshy and miasmatic districts. It acts directly on the Liver and biliary apparatus, thus stimulating the system to a vigorous, healthy condition. For sale by all dealers.

Hall's Vegetable Sicilian Hair Renewer is a scientific combination of some of the most powerful restorative agents in the vegetable kingdom. It restores gray hair to its orignal color. It makes the scalp white and clean. It cures dandruff and humors, and falling-out of the hair. It furnishes the nutritive principle by which the hair is nourished and supported. It makes the hair moist, soft and glossy, and is unsurpassed as a hair dressing. It is the most economical preparation ever offered to the public, as its effects remain a long time, making only an occasional application necessary. It is recommended and used by eminent medical men, and officially endorsed by the State Assay of Massachusetts. For sale by all dealers.
