

The Enterprise.

OREGON CITY, THURSDAY, MAY 30, 1878.

POLITICAL SPEAKING.

The nominees of the Republican, Democrat and Greenback parties will address their fellow citizens on the political issues of the day at the following places: Milwaukee, Tuesday, May 29; Rock Creek, Tuesday, 27th; Union school house, Cascades, Wednesday, 28th; Dixon's Mill, Friday, 30th; Fosters' school house, Viola, 27th; Dixon's Mill, Friday, 30th; Upper Molalla, 28th; Moody's Store, Margamans, 27th; Margamans' Store, Lower Molalla, 28th; Camp Ground, Canby, 28th; Camp Ground, Tualatin and Forest, 28th; Seel's school, Oswego, 31st; Court House, Oregon City, June 1st.

BREVITIES.

See T. A. Bacon's "ad." Who killed Ferguson's dog? See Noble & Mann's new "ad." Candidates are still on the rampage. Are you going on the excursion trip to the Cascades? Several interesting letters necessarily crowded out. We are under obligations to Senator Mitchell for favors. Examine your tickets and see that they have not been fixed. Mrs. W. E. Deiment, of Astoria, is visiting friends in this city. The weather has been somewhat mixed for the past two weeks. The agony will soon be over, and soreheads more numerous than ever. Julius Logans soon to move into his house, the old Toner place, on Piety Hill. There was quite a large number went on the excursion to Vancouver this morning. Mrs. J. M. Moore is slowly improving in health—being able to sit up part of the day. Strawberry festival in the basement of the Baptist church, on Tuesday evening, June 11th. We are indebted to Mr. Peter T. Barclay, formerly of this place, for the San Francisco Price Current.

Miss Adelle Buchtel, of East Portland, has for the past week been visiting relatives and friends in this city. One of these days the Chalmers will make it pretty warm for some of the boys if they don't quit fooling with their grand Republican ratification in this city Saturday evening. Speakers from abroad, bonfire, fireworks, and a big time generally. Turn out. To get yourself in voting order so as to enable you to know you are voting for, next Monday, go to the Barlow house and invest a quarter in Bacon and eggs. Judges of election in the various precincts will confer a favor by sending in the election returns without delay so as to enable us to furnish the full vote in our next issue. The City of Salem, while upon an excursion trip, one day last week, succeeded in demolishing a scow set just below the Island at the Falls. The net belonged to two men working on the locks, and will probably be a good deal of trouble to get it out.

J. M. Gevin the Democratic candidate for District Attorney called at our office last Thursday for a brief visit. We don't know what was the result of the interview, but by means of which he became a Democrat but this we do know that Johnny is very good fellow in temperament if elected. Mr. Theodore Clark has applied for a patent on an attachment to a filling machine. As the patent has not yet been granted, it is not possible to give the public a full description of it in print, but Theodore will be glad to show it to any one curious enough to call at the factory. There is "millions in it."

Mr. Geo. Root brought us a sample of his winter wheat which is five and three quarters feet high and has a good crop grown on his farm in the southern part of the county near Rock Creek; for so early in the season the wheat is so green and vigorous growth, and we should be fearful that it will lodge before it comes to maturity. We were very sorry not to be able to attend the party given by Mr. W. B. Partlow, on attending his fiftieth birthday, last week. It is a pity that we could not have seen the lady who knows how to manage a home to perfection. Their tables were so attractively set up as if they knew we were coming, and it is sorrowful to know that so much good things went into other breadbaskets than our own.

We do not vouch for the tale being strictly correct, but our devil says it is so, so we give it for what it is worth, as he is pretty generally respected especially when it comes to collecting his weeks wages Saturday night. He says Louis Lewis' "dog" ran off with the money, and Ladder Co's office for three or four days, and owing to hunger eat up two or three windows, and then he was taken to the valuable desk that Geo. Washington signed the Treaty of St. Francis, and had just started in to undermine the tower when discovered. We understand that one or two cents have been pledged there to pay the ransom of election.

POLITICAL SPEAKING.—Last Thursday evening the Hons J. F. Caples and J. M. Gevin, Republican and Democratic candidates for the office of Prosecuting Attorney, addressed the citizens of this place on the various political questions of the day, the setting of the business. Both of these gentlemen are able speakers, but from the start Mr. Caples had the advantage, owing to having all the facts on his side, and with his customary eloquence he did not hesitate to tell them, carrying conviction to the minds of our hearers, notwithstanding the fluent argument of his opponent. It is to be regretted that Mr. Gevin, in his question of politics in the right light, for on the right side, with his young, ambitious abilities, there is no office in the State but what is within his reach.

EXCURSION TO THE CASCADES AND PRECIPITOUS.—The Hons J. F. Caples and J. M. Gevin, Republican and Democratic candidates for the office of Prosecuting Attorney, addressed the citizens of this place on the various political questions of the day, the setting of the business. Both of these gentlemen are able speakers, but from the start Mr. Caples had the advantage, owing to having all the facts on his side, and with his customary eloquence he did not hesitate to tell them, carrying conviction to the minds of our hearers, notwithstanding the fluent argument of his opponent. It is to be regretted that Mr. Gevin, in his question of politics in the right light, for on the right side, with his young, ambitious abilities, there is no office in the State but what is within his reach.

LETTER LIST.—The following is a list of the letters remaining in the postoffice at Oregon City, Clackamas county, Oregon, May 30th, 1878: Barkley, Ida Mrs.; Bohra, W. L.; Burns, John; Call, W. F.; Caples, J. F.; Carter, Mrs.; Fletcher, Hossa; Herson, John; Jones, George; Lawrence, Bella; Lewis, D.; Lewis, W. C.; Minton, J. W.; Powell, Robert; Roderick, M. O. Miss; Rathbourn, W. A.; Stout, Sarah Mrs.; Stevens, W. Woodie; J. P.; Wyland, Nancy E. Miss. If called for, say when advised. J. M. BACON, P. M.

IN BUSINESS AGAIN.—There is an old saying that plunk wins every time. We are glad to see Theodore Bacon exhibiting his pluck in getting into business again. As Theodore is a thorough business man, we see no reason why he cannot do as well to save the life of Mr. Miller's child last week, his initiation into Oregon was first class, and Oregon City will want to encourage him to stay in this vicinity.

Mt. Pleasant Letter.

MOUNT PLEASANT, May 29th, 1878.

EDITOR ENTERPRISE.—Having waited patiently for some months, hoping that some more would pen than my own would give you a letter from this part of the world, I have at length determined to wait no longer. Little of importance has happened here on Mt. Pleasant, and like Oregon City, it would be called by the strange "duh." Still we have among ourselves some interesting news.

The weather for the past few weeks has been just what farmers want, and both grain and grass are growing, and looking nicely. In fact so accustomed are we to seeing all around us looking green, that even strangers (when we first see them) look that color. Several societies have taken place since my last. Among others, one at the residence of Mr. J. Hedges, for the benefit of the Chapel, in Canemah. Misses Carter and Byers have been sojourning in the mountains for the past ten days, a damp time we are afraid they will have.

Theron W.—and Mr. Hedges were also out for a few days, but returned with only three bears and two panthers. Among the pleasures of the past few weeks, Mr. Partlow's party takes the lead. It took place on the 23rd of May. Quite a number of ladies and gentlemen from Oregon City were present, and the only drawback to the pleasure of the evening was the attitude of the music to put in its appearance. Mr. P.—had engaged music from Portland, but for some unknown reason it did not come, so they had to do without, there being not time enough to send to Aurora. Owing to Mr. Partlow's exertions, however, the loss of the music was scarcely felt, all seeming to enjoy themselves very much. At twelve o'clock all adjourned to an elegant supper, and ample justice was done to the repast. William, we are sorry that we could not abide with you till we had eaten off the table, but want of space forbade our doing so.

Mr. and Mrs. O'Neil left on the last trip of the steamer Oregon, for the Eastern States. They will return a speedy voyage and a safe return. Mr. and Mrs. Partlow leave on next Monday for a trip to Eastern Oregon, and a safe return. Mr. and Mrs. W.—are at present in Salem, attending the State Grange. Politics are dull at present. Mt. Pleasant proposes giving the Republican ticket a large addition of votes. FARMER.

MEETING OF THE YOUNG MEN'S REPUBLICAN CLUB.—On last Friday evening the Hon. J. N. Dolph of Portland addressed the citizens of Oregon City at Popes Hall. He answered to some extent, the character of the candidates for Congress. Mr. Whitaker he spoke of as a man although professedly a Democrat yet was taking perquisites from the O. S. N. Co. In the shape of free tickets etc. while Mr. Hines the Republican nominee deserved great credit for refusing to accept even the slightest favor from a grating monopoly and who returned his free fare tickets with word that he desired to pay his own way and thus be free to act for the best interests of Oregon always. In speaking of the criticism against Mr. Hines as being a preacher he said that if the Democratic party in Oregon were not past praying for, he would join Mr. Hines and all good people in the republican style of prayer of the Episcopalians, as follows: "From the eight years of corruption and misrule of the Democratic party in the State of Oregon—Oh Lord deliver us. From the \$200,000 indebtedness loaded upon us by Grover and associates—Oh Lord deliver us." Space will not allow an extended notice of the excellent speech which was delivered by Mr. Dolph, but a glorious victory for the Republican party at the coming election.

A NEW INDUSTRY.—Mr. C. H. Myers an enterprising business man, formerly in the pottery business at Buena Vista, is erecting a pottery just below the Congregational church for the purpose of starting a pottery. The building is a grand one, and present sixty feet long and twenty wide, and is a very commodious one. It will put on an addition twice as large. A super article of ware will be obtained from the new pottery. Mr. Myers' wife, in her address, in the same rooming towards the seminary. The pottery will be in full operation in about six days. A Portland article of ware is being made for about \$2,000 worth of ware. Mr. Myers is sanguine that his pottery will be a superior article of earthen ware, sewer pipe, etc. fifty per cent cheaper than any other pottery in the county. A Oregon City paper expects to be one of these days, a second Lowell. Just now an opportunity presents itself to show the world that a man can succeed by encouraging this enterprise towards success, as a success in almost any line is sure to attract the attention of capitalists desiring to invest, and they naturally look to a live business town to make their investment in.

HINES AND WHITEAKER.—Hons H. K. Hines and John Whiteaker, Republican and Democratic candidates for Congress, addressed the citizens of this place and vicinity at Popes Hall on Wednesday afternoon. Mr. Hines led off and made an able and eloquent speech, being greeted with much applause from the audience throughout the State that the Republicans would have an overwhelming majority on the 30th of June. Mr. Whiteaker followed in a fair speech, but disregarded the political issues to a considerable extent, and did not make any allusion to his bitter personalities. He did not think the State Democratic party was good, and said that he could draw up a better one; admitted that he was a little loss in character and not knew one peaceable citizen who had just taken the oath of office, and that the malicious informer, some time since, took offense at being ordered off of the place on account of his fitness, and took this method of revenging himself.

CUTTING GOVERNMENT TIMBER.—Deputy Marshal Burns, last Saturday passed through this place, on his way to Portland having in charge two men named Stroud and Gray. They were arrested on the charge of cutting timber on government land. They are two poor men, who had just taken the oath of office, and are consisted of having cut down and up of two acres of oak timber, and were understood that the malicious informer, some time since, took offense at being ordered off of the place on account of his fitness, and took this method of revenging himself.

EXCUSABLE.—We think, under the circumstances, that probably Charlie Moore was culpable in having his tower set up high enough to see over the factory tower at last week, but next week we must insist on reform. This thing of being a father for the first time, may last forever, so he might as well keep down a while, and not keep one peaceable citizen dodging about to keep from being run over. We will keep our eyes open for the balance of this week, but if an accident happens after that our attorneys will have a case.

SODA SPRINGS.—Mann & Noble are making extensive arrangements to have a big celebration at Willott's Soda Springs on the 4th of July. At their hotel on the grounds they propose to give a grand collation as has never before seen in the Cascade range. Excellent music has been engaged, and in the evening those disposed will have an opportunity to "trip the light fantastic" to their heart's content. Arrangements will be made for the conveyance of passengers to and from the springs.

NEW CORNER.—Mr. Cornelius Strickler, brother of our notorious Jack Strickler, arrived at Oregon City one day last week, from Pennsylvania. We understand that Mr. Strickler intends making his home for the future. Judging from the motive and ability displayed in going down a well to save the life of Mr. Miller's child last week, his initiation into Oregon was first class, and Oregon City will want to encourage him to stay in this vicinity.

To the Voters of Clackamas County.

There have been numerous statements in circulation respecting my nomination as Surveyor. I have not had time to take the canvassing circuit through the county to contradict them, and take this method of saying to you that I never have withdrawn from the Democratic ticket, and that I am not ashamed of it; that I never claimed to be anything but a Democrat in principle, and that my Democratic friends never have claimed me as otherwise. As to my competitors, I am perfectly satisfied to leave those who are acquainted with my work to judge. I shall claim the direct right of an American Citizen, and vote for whom I choose. Anything contrary to the above is false, and without foundation. With this understanding, I remain yours respectfully, F. W. CAMPBELL.

Chap.

CLACKAMAS, Ogn., May 28th, 1878. ED. ENTERPRISE.—We are glad. We want an explanation. Why did not those aspirants to the official positions of Clackamas county discuss the political issues of the day at this place? Now we are like soix. Do you follow that think that the votes of Mt. Pleasant are being taken away here, why, try the effect of a few signatures. A COMMUNIST.

CONFIRMATION SERVICE.—Bishop Morris will preach in St. Paul's church, in this city, both morning and evening, on Sunday next, and at the morning service will administer the Rite of Confirmation. In the afternoon he will preach at St. Paul's Church, Canemah.

A Democratic victory at the election now near at hand would be a virtual sanction of the violation of the Constitution of the State, whereby an indebtedness of three quarters of a million of dollars, beyond the limitation of the law, has been saddled on the taxpayers. It will be construed as a license to continue their career of extravagance and theft, and a vote for that party will be an endorsement of the wrong.

The crack-brained bohemian of the *Steady Welcome and Commercial Reporter* directs a column or two in each of his sickly bantlings at Senator Mitchell and in defense of the O. S. N. Co. This individual is well known to be a seycphantic hireling who will advocate any cause for pay, and it is likely is the cheapest material the O. S. N. Co. have brought in the whole campaign.

The men employed by the much-abused O. S. N. Co., constructing their railroad, are white men.—*Standard*.

Well, with their proverbial charges they can pretty well afford to employ white men. There is the last straw to put on the backs of the people of the northwest coast, and if they have not applied it already they are fully aware that Chinese labor would be that selfsame straw.

Mart Brown is busy inventing campaign lies, and the sulphury whiffs we get from the south is caused by his communion with the evil one in getting hold of new material from his satanic majesty with which to conduct the campaign, but Parson Hines like Christ in the Pilgrims Progress goes unscathed, altho' the raging lions encompass him. Selah!

"Economy and Reform" are the watchwords, and they mean Republican success on the 31 of June. Wood's extravagance caused the defeat of the Republican party eight years ago, and Grover and his ring have "double discounted" Woods in that line, and his party is deserving of an overwhelming defeat.

The Hon John Whiteaker compares the Declaration of Independence with the ordinance of secession. Is that the kind of men we wish to represent the State of Oregon in the halls of our National Legislature?

Don't be deceived by the claquers of the party, or the hired mercenaries whom you thought were with you; their sudden conversion to the other side means "bought and paid for" by the enemy.

Market Report. Portland Market. Legal tenders 90% buying, 1.00 selling.
