

THE ENTERPRISE.

THURSDAY, JULY 3, 1884.

LOCAL NEWS.

City council proceedings next week.
Read new ordinance in another column.

Diamond eyes at the City Drug Store.
—Charman Bros.

Miss Laura Beattie is successful
teaching at Soda Springs.

Sanders' fresh batter on hand at all times at E. G. Cauffield's.

Large stock of raw-hide chairs just received at A. W. Howard's.

County offices (all Republicans) took their positions last Monday.

For a first-class meal go to Mrs. Caruthers restaurant opposite Charman & Sons.

Mr. John Caruthers of Canemah killed a fine buck at Back Island on the Fourth.

Pay up your subscription to the Enterprise, the money will be gratefully received.

A superior quality of cedar lumber suitable for building boats at A. W. Howard's.

Jones' patent ventilated trusses, every case of rapture. Charman Bros. sole agents.

Mr. Wm. Quinn, of Canemah, has ripe red astrichan apples. We acknowledge receipt of the first.

One good week of work for sale. Apply to W. H. Fancher, Mount Pleasant, Oregon City.

Mr. Joe Borling of Damascus badly strained himself a few days ago while feeding a calf. However he is now improving.

Many of our citizens have requested us to publish Mr. Sheffolds's oration delivered here on the Fourth. It will appear next week.

On the Fourth Mr. Wm. Partlow gave a good check apple in perfect preservation, and he had many more of the same kind on hand.

Mr. Duncan Casson of California, representative of Mr. J. J. Prater, one of our former and most respected citizens, is coming to stay.

Mike Quinn's little child fell into the wagon on the Fourth of July, but was quickly brought out by Minnie Harley who fearlessly went to his rescue.

Many of our citizens have already gone to Soda Springs, and others are preparing to go. The attendance there this season will probably be larger than usual.

Mr. A. Warner of Pleasant Hill has raised this season some large, luscious English gooseberries. It is strange that suitable gooseberries are almost unknown here.

Mr. W. A. Phillips who was injured in the recent railroad accident near Salem, is now at home and slowly mending, but it will be several weeks before he will be able to return to work.

There is some talk among the members of Catawag House Co. No. 2, of challenging Fountain House Co. No. 1, for a race and first water. No definite conclusion has been arrived at as yet.

The name of the lady who was injured on Deep creek last yesterday week is Gibson. They are from Yamhill county and were on their way to Eastern Oregon for the benefit of Mrs. Gibson's health. She is improving.

The careless throwing of fireworks over the bluff at the park came near causing a serious fire on the Fourth. Mr. John Hargravey kindly lent a Babcock extinguisher and with its assistance the fire was soon put out.

Harding & Albright have received another case of that celebrated Silver Star baking powder. A handsome present given with each can, comprising silver plated castors, silver plated pickle dishes, butter dishes, etc. Call and see the presents. They are handsome.

Mr. J. B. David of Portland was in town last week. He reports that the last bridge on the Oregon Short Line will be completed in about three months. It will be across Snake river, the waters of which are still very high, having been two feet higher this season than ever known before.

We have been shown by Mr. M. Randall a wild blackberry, one of over a quart, that was picked in Mr. Teal's lot near Mr. Randall's home on Plety hill. It was 1 1/2 inches long and 1/2 of an inch in diameter. They were on little vines that grow over the rocks. In appearance they look like the Logans, but are of a much finer flavor.

Mr. A. B. Sarges of Molalla died on the Fourth of July at his home. He was a hale, and energetic old gentleman and had an eventful history. When but a lad in 1807, he was on Robert Fulton's steambot, the Clermont, when she made her first trip up the Hudson. His exact age we have not learned.

Miss M. De Vore, having passed a most successful examination, is now the possessor of a teacher's life diploma for Oregon. She is the first Oregonian we believe that has ever obtained one by examination, and the honor is still greater when it is remembered that the majority of the present holders of life diplomas have had them presented to them through courtesy, which is a shame and a disgrace to the superior students of instruction and the board who have granted them. It is time such nonsense was stopped, or else give every teacher in the state one.

Mr. Seth Palmateer was in town last Monday.

Thos. Rhonde's brother is visiting him at the Cliff House.

Thirty years ago last Friday Mr. John Strain landed in America from Austria. Hands are at work on the Florida bridge across the Tsadalin, and it will be ready for the fall crop.

Mr. George Smith, son of Mrs. W. J. Adwell is at home on a short visit. His home is now at Olympia.

The pleasure of Blaine and Logan that he have just received from Mr. J. H. Brown, was very fine one.

There were two circuits running last Tuesday; one in Chicago—the Democratic National convention—and Colton's focus in Oregon City.

Happy up and get one of these pictures of Blaine and Logan that J. M. Mason is giving away to every one that pays a dollar worth of goods from him.

For large raspberries and the biggest lubbard leaf on record, Peter Wagon asks the prize. The latter measures 21 1/2 inches long and 12 1/2 inches wide.

Farmers living in the neighborhood of Barlow's Station, would do well to call at Barlow & Son's store and examine their stock of goods.

I will present to every one purchasing \$1.00 worth of goods, a fine picture of J. G. Blaine and J. A. Logan.

J. M. Mason.

We acknowledge a pleasant call from Mr. A. G. Walling. The old gentleman's mind is still bright and he takes much interest in improving fruit as he regards it.

Out of the four pound packages of Royal Au cherries that were sent by Dr. Noyes and wife back to the former's father in Illinois, only sixteen were damaged. Back in that state they were seen by a great many people who imagined they were plums.

The night the show was here the barbers shop of Mr. John Vidages was entered by a side window and half a dozen rascals, also two bundles of clothing, but the latter were left in the back yard. The thief evidently was acquainted with the premises.

Owing to lack of space quite a number of very interesting communications concerning Oregon, at July publications, all over the country, are unavoidably left out. We regret it exceedingly and can't help it. Other matters that we have received, and that will keep, will appear next week.

Col. W. L. White, a few days ago received a draft for \$1,000 from the government for wages due him for services rendered in the field of the war of 1862.

Col. White's father was in the army and he has just received after these many years Col. J. Jennings, the then registrar, has advised of \$1,344 unpaid pay, due to him for his services and has been unable to get a cent of it.

The work on the coast houses is progressing fairly and now that the heavy work is nearly done, the walls will begin to reach skyward, quite rapidly. The county's interests are being carefully watched and cared for by some of its own citizens. Mr. William Simpson, one of our oldest and most experienced mechanics. It is a matter of congratulation for the citizens of the county, that the work is in the hands of such experienced contractors, workmen and foreman.

On Saturday night the down train frightened Mr. De Shazers team just as they were approaching the track-work near Mr. Wilkinson's. He was able to guide them safely under that structure but in turning the corner beyond, his wagon was upset holding him underneath. The team broke loose and in their flight knocked a man out of a hack, but fortunately doing him no injury. They were soon caught and Mr. De Shazers rode one and led the other home. He was scratched a little and badly bruised, but will soon be on his feet again.

The Oregon City Wagon Manufacturing Co. deserve great credit for destroying the weeds and clearing the street in front of their premises and so do one or two private citizens. It is a shame that dog kennel and bull dibbles should be allowed to grow on the sides of our streets as they do. One would imagine that we had no idea at all of the fitness of things. Let a general oversight be spared on men before they go to seed. The change from the present condition of affairs would astonish every one.

Mr. G. W. Seaton of Portland, special agent of the State Insurance Co. of Salem Oregon, is in town looking after the interests of his company. The State is a farmers insurance company, and is becoming one of the most prominent on the coast. It insures only farm property, private dwellings, churches and school houses, which makes it a safe and sound company. Besides the references given concerning its management and standing is second to none. Its stockholders are the most prominent business men of Oregon and Washington Territory. Farmers examine the inducements offered. Mr. E. B. Clement is agent for Oregon City and vicinity.
