

LOCAL.

The lumber is on the ground for C. D. Latourette's new house. Oregon City should lend a hand in the enterprise of advertising the state as undertaken by Portland. The democratic convention in Multnomah county which met last Saturday was anything but a harmonious body. A call for a prohibition convention signed by A. R. Shipley is printed this week. Miss Dora Smith is quite sick at Portland where she went to secure medical treatment. Sunday was a beautiful day and was heartily enjoyed by everybody. I hereby announce myself as an independent candidate for city marshal. Oregon City, April 23d, 1888. Eph. Ferguson. Highest price paid for butter and eggs at the corner grocery store of Lovejoy & Davis. The republican primary to nominate a city ticket is called to meet Saturday, from ten o'clock A. M. to two P. M. at S. B. Calliff's office. Try our delicious ice cream Sunday. Fouts and Fouts. Misses Nannie Cochran and Florence Paquet have our thanks for the first ripe wild strawberries of the season. They were perfectly ripe and of fine flavor. E. L. Eastham left for Walla Walla yesterday. Rev. Organ has made arrangements to build at once on his block opposite J. G. Porter's. He has one of the sightly locations of the town. What has been done about fixing the Moss hill road? June will soon be here. E. Hutson is able to be about town once more, but is not feeling very robust. H. E. Cross is agent for that reliable insurance company, the Hartford, and is prepared to place risks when they will be safe. T. G. Jonsrud was in town Monday and we were pleased to make his acquaintance. A fine lot of salmon ranging from five to thirty pounds were shipped Tuesday. The rise in the Willamette seems to have turned the run this way. Wm. Dutcher caught an eight-foot sturgeon the first of the week in a net. Jonathan Humphrey has just placed a fine new boat on the river. Rev. E. T. Engle (Presbyterian), of East Portland, will preach at the M. E. church next Sabbath evening. Services as usual in the morning. Rev. W. A. Willison will preach in the school house at Mt. Pleasant next Sabbath at 3 P. M. County Assessor Marquam is at work in Oswego this week. The sowers of the past week have set all kinds of vegetation forward at a rapid rate. Mr. Stone and family of Walla Walla have been the guests of J. H. Lambert at Milwaukie the past week. Mrs. McKee is arranging to have some improvements made about her premises. This week is the last opportunity to pay taxes without additional charges. Even now it is too late in accordance with the strict letter of the law. Hon. W. C. Johnson will address the republican club of Needy Saturday, May 12th. Last night Meade Post No. 2 of the G. A. R. held a reception at the ladies' art studio. Of this pleasant gathering we shall be pleased to speak at length next week. S. D. Coleman was in town the first of the week. He says that as soon as the weather settles a little they will at once clear the Barlow and Mt. Hood toll road, of which he is superintendent. Caleb Cross is not to attend the Mt. Hood toll gate this summer but will be engaged in improving the road. W. Phillips has gone to the Big Bend country with a lot of horses intending to engage in the stock business. Geo. H. die of the same place accompanies him. The remains of Mrs. I. L. Trullinger were brought to Clackamas Wednesday for burial. She was the oldest daughter of J. H. Daubey and wife and the funeral took place from her parents residence below the Clackamas. She was afflicted with consumption. The stone foundation for the school house is completed and the men are paid off. For a luscious dish of ice cream next Saturday evening after 6:30 and Sunday go to the elegant ice cream and oyster parlors of Fuchs & Fouts.

Republican Primary. A republican primary to place in nomination city officers is hereby called to meet at S. B. Calliff's office, Saturday May 5th from 10 o'clock A. M. to 2 o'clock P. M. L. T. BARN, F. T. BARLOW, C. O. ALBRIGHT.

Notice. Responding to the request of my friends I hereby announce myself a candidate for city marshal subject to the will of the republican city convention. AUGUSTUS ARMUS.

The committee of Meade Post No. 2, G. A. R. to which was referred the matter of the management of Major Hendershott's Entertainment, feels that Mead Post No. 2 G. A. R., and the public, are indebted for the success of the entertainment financially and otherwise to the very efficient management of Mrs. J. B. Harding, assisted by Mrs. Laura Pope, Rev. J. C. Road, Prof. M. L. Pratt, Mr. George Watson, Miss Emma Hedges, Miss Nieta Barlow, Mr. A. Thompson, Mr. Balf Johnson and Miss Grace Baird, and last but not least the Willamette Brass Band. Were it not too egotistical the committee would compliment itself for its musical talent. COMMITTEE.

A young lady of this city seems to have a most extraordinary appetite, if the reputation which has gone abroad is to be taken as any indication. Although it wants but a few weeks to the time for new tubers she was last week the proud recipient of eight sacks of potatoes, the same having been shipped from another county for her special consumption. Whether she intends to sit up nights and Sundays to complete the job is not definitely known, but those who know her best seem to think her equal to the task on regular rations and without extra effort. "My father and mother were Irish."

THE CLACKAMAS ROAD.—H. E. Cross has a gang of graders and bridge men at work on the Clackamas toll road and intends very soon to have the best piece of road in the county opened up for the convenience of the public.

FOR SALE.—One lumber wagon with cover. Also a quantity of straw hay and fine cucumbers for pickles in quantities to suit. W. H. FASCHER.

SCHOOL REPORT.—The following named pupils of Brown's School have by their good conduct and diligent study entitled their names to be placed on the roll of honor for the month ending April 27th: Lizzie Engle, Maud Kidder, Martha Penman, Grace Blanchard, Ellen Brown, Kate Rider, Lucy Findley, Lottie Eastman, Alice McArthur, Isa McArthur, Frank Engle, Clyde Waldron, George Penman, Arthur Blanchard, Rosy Norton, Burt McArthur, Herman Greishaber, Lizzie Jones, Jennie Waldron, Charlie Jones, Lottie Randall, Jimmy Jones. MAGGIE V. McARTHUR, Teacher.

A FARCE IN ONE ACT.—The meeting of a few democrats last Monday night for the purpose of organizing a club was the occasion of many trying incidents. The temporary chairman, Hon. W. L. White, did not talk in a manner pleasing to some of the brethren. The resolution to organize a club was opposed by a minority almost equal to the majority. After this resolution was carried a motion prevailed choosing Ross Charman chairman of the club, with power to choose an executive committee of five to act in organizing the county. Upon his election the Judge took a place with the audience. Then as Mr. Charman was not present the club was at sea with no president. A youth was sent for the newly elected officer, but he did not come. An attempt to get Col. White in the chair again resulted disastrously. He is too well posted on parliamentary usage for that, and replied to their request by saying, "you have elected a chairman, let him serve." D. F. May was then chosen chairman, after which Dr. Carl was chosen president. The club then adjourned, and the Judge told them that they had no president.

MORE CLIMATE.—April 30th, J. M. Taylor brought to this office grass, from the lawn in front of Geo. Broughton's house, that measured three feet and seven inches in height. From the last joint to the tip was one foot and seven inches. A sample will be sent either to the Board of Immigration rooms in Portland, or East to be set up at the edge of some snow bank to remind the inhabitants that we have summer here in the spring and spring all the rest of the year.

APRIL STRAWBERRIES.—In company with F. W. Campbell we took a stroll on the west side of the river, Sunday. While sauntering along our friend's eyes were drawn to the red cheeks of ripe strawberries clustered in a warm nook. A search revealed other neighbors to the number of quite a settlement. Bring on your cream.

—Next Monday is the city election. —Ice cream Saturday evening and Sunday at Fuchs and Fouts.

AN INACUMAS DEED.—A most diabolical trick was played by some inhuman wretch in the Waldo Hills. A man named Sullivan, a farmer, owns two horses, and during his absence at Jefferson where he is at work, he turned them loose. One day last week the unfeeling hound tied a tin can to each of the horses' tails, causing them to run and jump about in great fear, and kick at the cans. While trying to get rid of the cans, one of the horses broke one of his hind legs below the hock, and when discovered was lying down suffering great agony. The poor animal had to be killed. Residents in that section are greatly roused over the matter and will spare no effort to unearth the perpetrators of the devilish deed. If they do find him or them, something is liable to pop. —Statesman.

OVERLAND THROUGH TRAINS.—There is a rumor afloat, says the Statesman, that it is the intention of the Southern Pacific railroad company to put on between San Francisco and Portland another daily overland train that will make the run in less than thirty hours. The time of starting from Portland will be some time in the morning, before the present Eugene express, and stops will be made only at the principal stations. This will include, in the valley, Salem, Albany, Eugene, and probably Oregon City. The train will be a flyer, and will be pulled by the most powerful coal-burning engines. The time of leaving San Francisco will be about the same as that from Portland, and the existing schedule will not be affected. It is said the new trains would be put on sooner, if the Southern Pacific were not embarrassed by want of engines.

CLACKAMAS ENTERPRISE.—D. S. Livesey informs us that the people of Clackamas station are wide awake for improvements and that the work on the road leading to the Baker's Ferry bridge is now assured, as \$415 has been subscribed and several subscription papers are yet too to be heard from. At a meeting held last week D. S. Livesey was appointed superintendent of work, and N. O. Robbins, Fred Capps and Al Cook, directors. They will begin work next Monday.

LAST OF THE SWITCHBACK.—The great switchback maintained by the Northern Pacific as a passenger advertisement is about to be abandoned. In a short time trains will run through tunnels on a much lower grade than that at present traversed over the Cascade range. It is stated that the change will result in a shortening of the time over the road by three hours or more. The switchback was built merely as a temporary means of getting over the range. Work has been pushed in the tunnels for the new line, and they will probably be completed and the road in operation by June 1st. The last report from the long tunnel was that there remained but about 150 feet between the two working parties.

STATE TEACHER'S ASSOCIATION.—The State Teacher's association will be held in the state house in Salem, commencing the 6th of July. Last year there was a large delegation of teachers from all over the state, and it is expected that there will be a large representation this year at the organization. Supt. McElroy says the usual reduction will be allowed all teachers by railroad companies, and that every possible reduction will be secured for accommodations in this city. About ten days after the state association adjourns the American Teachers' association will be held in San Francisco.

OUR GLORIOUS CLIMATE.—Last Sunday afternoon an intelligent appearing gentleman might have been seen sitting at the upper end of the depot stairs. Upon conversing with him it was learned that he was recently from California and that he had spent some time at Los Angeles which place he had left a week previous. Speaking of the balmy atmosphere he said, "This beats Southern California all to pieces. There is more real enjoyment in one half an hour in this mild breeze than can be had in six months in California." Score another for our unsurpassed climate.

NEW SEATS.—The ladies of St. Paul's Guild have recently purchased some fine new seats for the Episcopal church of this place. They are of neat design, and withal comfortable, and add much to the good appearance of the inside of the church.

WASHINGTON HALL.—By this title, we believe, has Mr. Clark concluded to call the new hall just being completed upon the site of the old Washington hall. The hall will be fitted up in neat style and will be just suited to a great many purposes. It is well seated and will look quite nice.

Fourth of July.

A meeting of all firemen and citizens is hereby called to meet at Cataract Hose Co. building Friday evening May 4th to consider the advisability of having a celebration at Oregon City July 4th. W. T. WHITLOCK.

Worth Knowing.

Mr. W. H. Morgan, merchant, Lake City, Fla. was taken with a severe cold attended with a distressing cough and running into Consumption in its first stages. He tried many so-called popular cough remedies and steadily grew worse. Was reduced in flesh, had difficulty in breathing and was unable to sleep. Finally tried Dr. King's New Discovery for Consumption and found immediate relief, and after using about a half dozen bottles found himself well and has had no return of the disease. No other remedy can show so grand a record of cures as Dr. King's New Discovery for Consumption Guaranteed to do just what is claimed for it. —Trial bottle free at G. A. Harding's Drug Store.

Another Pioneer Gone.

Mr. A. B. Holcomb died at his home four miles east of Oregon City, April 21, 1888. He was born in Lawrence county, N. Y., October 22, 1810. When quite young he moved with his parents to Ohio where he received his education, and was married to Miss M. S. Gates, by whom he had two sons, A. and W. Holcomb. From Ohio to Illinois they emigrated in 1836. In 1848 they crossed the plains settling on his farm in 1849. Early in life he became a member of the church of Christ. To a large concourse of people was the funeral discourse delivered by G. P. Rich at the cemetery on Arthur's Prairie, there to remain till the resurrection morn when "All that's in their graves shall come forth, they that have done good to resurrection of life." G. P. R.

FRUIT PROSPECTS.—The prospect for a good fruit crop is excellent. One of the late frosts destroyed the germ of many of the cherry blossoms, but an examination of the trees now indicates that plenty are found to produce a full crop, if hail or heavy rains accompanied by wind do not shake the young cherries off. About two-thirds of the apple trees have young apples in abundance, while pears, plums and prunes are all that could be desired. We have not examined many peach trees but the few noticed were well filled.

THE BOSS DRUMMER.—Major Hendershott, the drummer boy of the Rappahannock, assisted by his son and local talent, gave a couple of excellent entertainments last week, under the auspices of Meade Post No. 2, G. A. R. The renderings consisted, in addition to the drumming by the major, of recitations and army songs. The whole programme was calculated to arouse the patriotic feelings of a quarter of a century ago. The drumsticks in the hands of the major were made to talk, while mens' hearts were fairly thrilled in response to the sounds of the drum, drum, drum. Truly the major has acquired wonderful skill.
