JUDGE TAYLOR'S decision of the city bridge case pretty effectually settles the bridge sign business for A. G. White, and this community and the county at large will rejoice in the result. Judge Taylor decided, first, that the city has control of such parts of the bridge as lie within the city limits; second, that the county court had no right to lease the bridge for private use. The decision is good and very good.

If Oregon City is ever a large and wealthy city she will owe her growth and prosperity to the development of her resources and the presence of large numbers of mills and factories. Governor Penoyer and his pocket piece represent a policy which would build the mills and factories, not in Oregon City, but in England, China or any other place where labor is cheap. Is Oregon City ready to endorse such a platform?

HARVEY E. CROSS is a Web-Foot, born. He has lived all his life in Clackamas county. Though young in years he is able, experienced and energetic. He has made a success of his own business, and while doing so has found time and disposition to do much for the public. It was largely through his instrumentality that the Board of Trade was organized. That body has had much to do with the progress and prosperity of the town and county during the past two years, and from its organization he has been not only its honored and efficient secretary, but one of the hardest working members of the board. The nomination of Harvey Cross is not an experiment, for he has shown himself capable and willing to transact public business without emolument or pay of any kind. As a public officer he will do his whole duty and do it well.

We want the voters of Clackamas county to examine carefully their relation in a business way to the respective parties, then they will be qualified to vote understandingly and as self interest requires. Oregon City is destined to become a manufacturing centre of very great importance in the near future if no untoward policy is adopted which will check the progress now working. Shall the men and party which fosters home industries be aided by your votes or is it best to check the growth of the place. The cries of the farmers of Kansas and Nebraska answer the question fully. They are poverty stricken because they are an agricultural people far from market. The citizens of Oregon City are seeking to make a home market for all agricultural products by providing employment in mills and factories for the consumers. Think of this.

It is of the greatest importance that the citizens of Oregon City should not permit this season to slip by without building a fine hotel, which would do more than almost any thing else to attract notice to this city. We suggest that it is high time the board of trade take this matter in hand.

The democratic state ticket is made up as follows, Governor, S. Penoyer; Congressman, R. A. Miller; Secretary of State, Wm. M. Townsend; State Treasurer, G. W. Webb; Supreme Judge, B. F. Bouham; Supt. of Public Instruction, Rev. A. LeRoy; State Printer, J. O'Brien; Prosecuting Attorney 5th Dist., J. B. Brockenbrough; Joint Senator, Henry Warren.

THE application for a street railway franchise in this city is a matter that is of no small interest to the city. The promoters of the plan are not fully decided as to the best place for building; but they are all large property owners and feel that a transportation line would be of great value in building up the city. Citizens generally are disposed to look at it in this light, and to favor the granting of the franchise with such restrictions as will prevent them from holding the franchise of any streets, without building thereon themselves to the injury of the community.

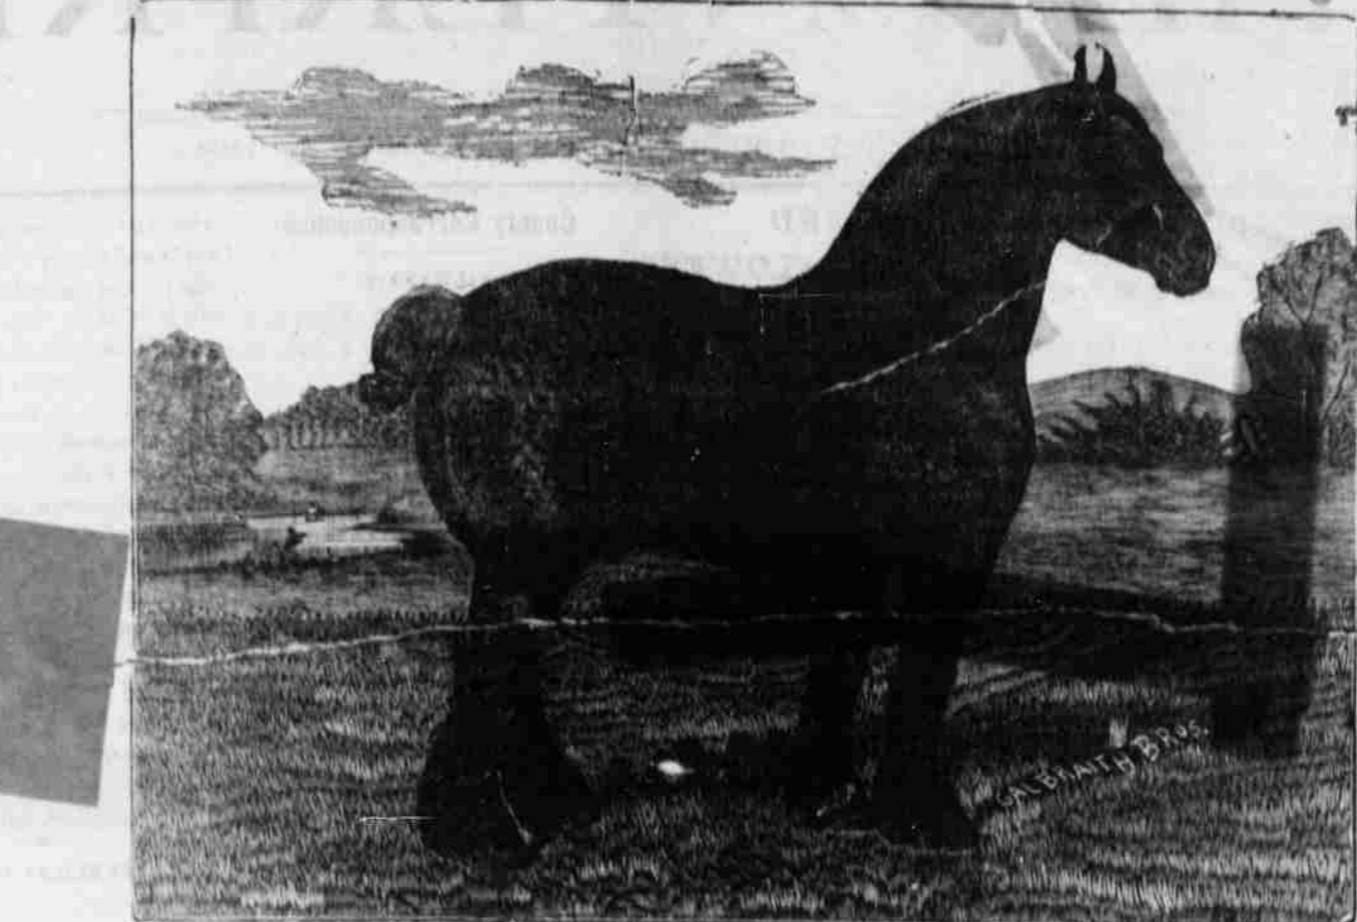

We take it that Mr. Penoyer will fall to make an issue of the locks question in Clackamas county. The question here is, shall the locks and falls be improved and developed so that mills and factories will build and multiply indefinitely along the adjacent banks, making of Oregon City the manufacturing metropolis of the Pacific coast. Mr. Eastham has shown himself so thoroughly identified with and in sympathy with such development, that we doubt if one man in this vast county can be found who actually believes that their interests will suffer in the legislature by reason of his connection with the locks. In fact it is impossible for Mr. Eastham to maintain his connection with the locks and advance his own interests without helping every laborer, business man and property owner in the county as well. The history of the events of the last two years is too fresh to admit of any other view than this.

The following program for joint canvass has been agreed upon. There will be a joint canvass between the republican, democratic and union candidates, each party to have one third of the time agreed upon for the speaking each day. The time to be used by the candidates in each party as they may agree among themselves.

Following are the places and dates of public speaking:
Monday, May 12, Damascus; Union school house.
Tuesday, May 13, Sandy; Melvin's hall.
Wednesday, May 14, Jack Knifer; Wilber's hall.
Thursday, May 15, Garfield; Mount Zion school house.
Friday, May 16, Springwater; Shibley school house.
Saturday, May 17, Viola; Grange hall.
Monday, May 19, Beaver Creek; Schoolhouse.
Tuesday, May 20, Highland, K. of L. hall.
Wednesday, 21, Molalla Corners Thursday, May 22, Marquams.
Friday, May 23, Neely; school-house.
Saturday May 24, Canby.
Monday, May 26, New Era; Camp Ground.
Tuesday, May 27, Wilsonville.
Wednesday, May 28, evening, Oswego.
Thursday, May 29, evening, Milwaukie.
Friday, May 29, evening, Clackamas.
Saturday, p. m. Oregon City; Pope's hall.
The speaking will begin at one o'clock p. m. at each place except at Oswego, Milwaukie, and Clackamas where it will begin at 7:30 p. m.

REPUBLICAN PLATFORM.
The republican party of Oregon in state convention assembled, proud of its recent and past history, its devotion to the principles of human liberty and human rights, its great and imperishable names which lend lustre and glory to the American nation at home and among the nations of the earth, and as assurance of its continued fidelity to the great principles for which it has contended in the past in state and national affairs, does hereby make and affirm the following declaration of its principles:
First—That we favor honest, efficient and economical administration of every department of government, both state and national.
Second—That we regard the free school system of our state as the special care and pride of the republican party, to be cherished as one of the bulwarks of the liberties of the people.
Third—That whereas the republican party has always contended for a pure electoral system, in pursuance of this policy we favor the adoption of the Australian ballot system [Approval], and we pledge the republican party to enact such a law at the next session of the legislature, substantially upon the line and the character of the act as drafted by the Joint Reform of Oregon. [Approval.]
Fourth—That the republicans of Oregon send greetings and congratulations to their brethren of Maine for having furnished Thomas E. Read, an honest and courageous statesman, who as speaker of the house of representatives, has secured for the representatives of the people the right of the majority to govern, and we denounce the action by which democratic members of congress attempt to justify the technical defeat of the people and the majority of their own body by refusing to vote, though in fact present and in duty bound to do so. [Approval.]
Fifth—That we rejoice in the fact that in the last presidential election the American people voted to sustain and uphold the republican doctrine of popular government which the democratic party proposes to destroy [applause], and we are in favor of the continuance of that system of protection which has developed the man-

PRINCE OF SNOWDON.

The above is a good cut of this stallion, which will make this season in Clackamas county. His pedigree is as follows: Prince of Snowden—Bay; foaled 1885; bred by Andrew Fleming, Calla, Carnwath, Scotland; imported 1888; weight 1865 lbs.; sire Knight of Snowden (1212); dam Duchess (617) by Prince of Kilbride (650); grand dam Mal (337) by young Campsie (929). Knight of Snowden (2212); sire Farmer (286); dam Brisk (470) by Landser, Farmer [286]. Prince of Kilbride [600]; sire Lorgs Jock [444]; dam Marchioness of Lorne by Lofty 3rd [469]. Lorgs Jock [444]. Young Campsie [929]; sire Campsie [119]; dam by Heather Jock [375] by John Anderson My Jo [409].

For Particulars Call on or Address,
LAZELL & McCORD, Oregon City.

and agricultural interests of our country and protected American laboring men from degrading competition with the pauper and poverty-stricken labor of the Old World [applause], and to this end we endorse the provisions of the bill known as the McKinley tariff bill, now pending before congress, and on behalf of the wool growers and other industries of the Pacific Northwest we urge our representatives in congress to do all in their power to secure the early passage of said bill. [Applause.]

SIXTH—That recognizing the fact that the United States is the greatest silver-producing country in the world, and that both gold and silver were equally the money of the continent from the beginning of the republic until the hostile legislation against silver, which an duly constituted and eminent commission of the country, and recognizing that the great interests of the people demand more money for use in the channels of trade and commerce, therefore, we declare ourselves in favor of the free and unlimited coinage of silver, and denounce any attempt to discriminate against silver as unequal and unjust. [Applause.]

SEVENTH—That the gratitude of the nation to the defenders of the Union cannot be measured by laws. That the legislation of congress should extend to the military and naval forces, and be so extended, and extended as to provide against the possibility that any man who has honorably won the Federal uniform shall be an inmate of an almshouse or dependent on any private charity. [Applause.]

EIGHTH—That we are in favor of a fair and equal distribution of taxation, and we believe that all property not now exempt by law should contribute its due proportion in payment of the national expenses of the government. That we are in favor of the extension of such amendments to our assessment laws, as will secure the equal and just assessment and taxation of all property at its true value.
NINTH—That we denounce the legislative interference by congress of the land grant of the Northern Pacific railroad from Wallula to Portland.

TENTH—That we are heartily in favor of the passage of such a bill providing for the removal of our main highway at the falls of the Columbia river, which has been passed in the senate by the efforts of Senators Mitchell and Dolph, which we believe is the most practical plan for the relief of the producers and for the development of that vast territory of country tributary to the great Columbia river.
ELEVENTH—That we favor the enactment of a law in the interest of the aged, infirm, blind, deaf, dumb, and insane, and we denounce the convict contract labor system as unjust to the honest laborer of our state, and believe that all laws recognizing such system be repealed, and we are opposed to the further immigration of Chinese laborers to the United States, and we demand more stringent and effective measures for carrying into practical execution the enactments of congress excluding the Chinese laborers from American soil. [Applause.]

APPROPRIATION FOR IMPROVEMENTS.
TWELFTH—That we reiterate our approval of the policy of liberal appropriations for internal improvements, especially for rivers and harbors; that we favor the continuation of the policy of using the public money for the public welfare, believing that the improvement of our waterways will result in a material reduction of the rates of transportation; that we hold all corporations strictly responsible to their liabilities under the law, and we recognize the right of the legislature to enact all reasonable limitations on corporate power.
THIRTEENTH—That we favor legislative enactments by which there may be elected or appointed a state inspector of weights and measures, and also favor amendments to municipal charters which will require the appointment of building and sanitary inspectors in all cities of ten thousand or more inhabitants.
FOURTEENTH—That we are in favor of an early survey of unreserved public lands in this state, that the same may be claimed and occupied and titles speedily procured by bona fide settlers, under the laws of the United States. We demand liberal appropriations by congress to secure that end.

FIFTEENTH—That while declining the right to interfere with the legislative enactments of the fathers of foreign nations, we sincerely approve the efforts of Irish and English statesmen to secure by peaceful methods the American principal of home rule for Ireland. [Applause.]
SIXTEENTH—That we denounce all trusts and combinations that have for their object the controlling of the market value of the necessities of life, and that we are in favor of laws restraining and abolishing the same.
SEVENTEENTH—That we congratulate the country upon the success and the prosperity that have marked the first year of President Harrison's administration; that we rejoice in the restoration of dignity, vigor and manliness to the conduct of foreign affairs, which have settled grave international complications upon a basis which secures every American right, and friendly advances and hospitality, have strengthened the words of sympathy and interest which join us to the republics of the American continent, paving the way to a policy of peace, of extended commerce, and of unity among all the nations of the New World, [applause.] That we commend the present national administration for applying the surplus funds to the payment of interest-paying bonds, as contrasted with the democratic policy of lending the surplus to banks which retained their bonds and collected interest thereon while using the people's money, which should have been applied to the payment of said bonds. [Applause.]

Grand Jury Report.
We have disposed of all criminal business brought before us, and have returned indictments in all cases where the evidence before us seemed to warrant such a course.
We have examined the various county officers and find so far as we are able to judge by a brief inspection, that they are properly and efficiently conducted. We find the books in the clerk's office neatly kept and various improvements in the method of keeping the records and files recently introduced that greatly facilitate the labor of examining the same. The sheriff's office is also properly and efficiently conducted, and his books and accounts properly kept.
From the county treasurer we get the following approximate to the financial condition of the county.

LIABILITIES.
Estimated amount of county warrants and interest outstanding and unpaid ... \$61418 50
RESOURCES.
Cash in hands of treasurer ... \$ 8828 11
Cash in hands of sheriff ... \$ 1500 00
Uncollected taxes now due ... \$30000 00
Total resources ... \$39328 11
Excess of indebtedness over resources ... \$31080 48
We find the treasurer's books and accounts correctly and properly kept.
The surveyor, assessor and school superintendent seem all to be performing their various duties in a manner acceptable to the public.
We recommend that the assessment roll be hereafter so arranged as to show the tax and assessment on mortgages in connection with other taxable property instead of being put upon a separate list, this change will be greatly to the convenience of the taxpayer and also of the officer in collecting taxes.
We recommend that a railing of iron or suitable height be placed around the windows of the county jail so as to prevent persons from approaching them from the outside. At present there is nothing to prevent anybody from passing tools or weapons through the outside windows into the jail, unless the prisoners are kept constantly locked in the small cells, which is neither practicable or humane. This improvement has been recommended by every grand jury for several years past and it is high time for the county to pay some attention to these repeated demands made solely in the interest of the public and backed by the recommendation of every officer who has ever had charge of the county jail.
We find the court house in good condition and repair, and commend the janitor, Mr. Nelson for the care he has exercised over it.
We are informed that the grand jury room was permitted to be used a short time ago for a political caucus; we condemn this and recommend that hereafter no room in or about the court house be used for any and legitimate county purposes.
We emphatically condemn the action of the county court in attempting to lease the suspension bridge for advertising purposes. This is an outrage on public property and decency that we hope will never again be attempted.
We find that the city jail actually a safer place for prisoners than the county jail, and it will continue to be so until the county makes the improvements herein before recommended.
And having completed our labors we ask to be discharged.

The Standard.
"I regard Hood's Sarsaparilla as having passed above the grade of what are commonly called patent or proprietary medicines," said a well known physician recently. "It is fully entitled to be considered a standard medicine, and has won this position by its undoubted merit and by the many remarkable cures it has effected. For an alternative and tonic it has never been equaled."

Mother's!
Castoria is recommended by physicians for children teething. It is a purely vegetable preparation, its ingredients are published around each bottle. It is pleasant to the taste and absolutely harmless. It relieves constipation, regulated the bowels, quiets pain, cures diarrhea and wind colic, always feverishness, destroys worms, and prevents convulsions, soothes the child and gives it refreshing and natural sleep. Castoria is the children's panacea—the mother's friend. 38 doses, 35 cents.
Money to Lend.
My money lending business will be carried on as usual. Parties desiring of being accommodated will please call at my office. I have \$100,000 available.
