THE ENTERPRISE,

PUBLISHED

EVERY THURSDAY

AT

OREGON CITY, OR.

THURSDAY, JUNE 5, 1890.

HERMANN got there with both feet to the tune of about 9000 majority.

THE entire republican state ticket is elected except the governor which is lost by about 3000.

NINETY-FIVE majority in Oregon City precinct for Sidney Smyth for surveyor. Where is that majority the Courier was going to have for t'other fellow?

THE table of votes which we publish is all we can give of election news this week, but as it contains the full county vote it will tell the story. Let those interested in politics preserve it.

THE Oregonian of June 4th gives the members of the legislature with this result: In the senate there are 21 republicans, 7 democrats and 2 yet in doubt. In the house there are 39 republicans, 10 democrats and 2 yet doubtful.

REPUBLICANS would naturally expect THE ENTERPRISE to secure the election returns at the earliest possible moment, but on Tuesday not only they, but democrats, union party men, and even The Courier had to depend on the reports received by this office; and on Tuesday all interested in getting early and correct reports called at The Enterprise office so that it was thronged by all parties.

IT is strange that a demagogue and crank like Pennoyer can maintain prestige and power to keep himself in office. To be sure every one knows that the democratic party threw all its energy into the gubernatorial contest, and displayed a willingness to trade everything else in sight to secure that. But there's the rub. The democrats couldn't trade alone, for in the end they would be no more votes in pocket. However, the legislature is safely republican and Pennoyerism will have to maintain its bounds.

Two years ago, Mr. I. LeMahieu, editor of the Courier, made no arrangments for securing the election returns, and the day following election his only resource was to ask THE ENTERPRISE for its returns, which were full and correct. Permission was cheerfully given him to copy the returns. A few months later, in the absence of the editor of THE ENTERPRISE, one of the employees of the office requested of him the privilege of using the county court proceedings which he had copied. The request was denied, although he at the time was done setting the same, with the remark, "I am not getting copy for THE ENTERPRISE." Last Tuesday, Mr. LeMahieu again found himself without the election returns, and again he came to THE ENTERPRISE for his copy, and the report which is published in this week's Courier was taken from returns belonging to this office. We refrain from comment.

CARD OF THANKS.

I am very much indebted to the judges and clerks of elections of the several precincts in this county for their prompt and carefully prepared statements of the vote in their respective precincts, and for their promptness in delivering the same to me in this city, and I desire to thank all for their kindness in complying with my request.

E. M. RANDS.

Their Business Booming.

Probably no one thing has caused such a general revival of trade at G. A. Harding's drug store at their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, Colds, Asthma, Bronchitis, Croup and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size $1.

Fine Farm! Fine Timber!

Any party desiring a bargain in acre property should inquire at once at this office for particulars. This a fine chance for some one with a few thousand who wishes to invest it where he is sure of quick and sure profits. The tract besides being convenient to Oregon City has large body of fine timber convenient to saw mill. The land in mostly level and rolling, is very rich and will make fine fruit farms. Will be not over 20 minutes walk from motor line now building.

The Best Company.

Parties desiring to insure their property should always select a safe and reliable company with which to place their risks. Oregon is extremely fortunate in having such a company owned and operated by home capital and home men. It is wise and safer to encourage home institutions. Those who insure in the Columbia Fire Insurance company will be safe, will be sure of fair treatment and full pay in case of loss. For particulars inquire of T. L. Charman, agent.

Counting the People.

Some of the Inquiries to be made by the Census Enumerators in June.

The Eleventh Census of the United States will be taken during the month of June. The census enumerators will begin their work on Monday, June 2, and will visit every house and ask questions concerning every person and every family in the United States. The questions that will be asked call for the name of every person residing in the United States on the first day of June, with their sex and age, and whether white, black, mulatto, quadroon, octoroon, or Chinese, Japanese, or Indian. Inquiry will be made also of every person as to whether they are single, married, widowed, or divorced, and if married, whether or married during the census year. The place of birth of each person, and the place of birth of the father and mother of each person, will also be called for, as well as a statement as to the profession, trade or occupation followed and the number of months unemployed during the census year. For all persons ten years of age or over a return must be made by the enumerator as to the number able to read and write, and also the number who can speak English. For those who can not speak English the particular language or dialect spoken by them will be ascertained. For school children, also, the number of months they attended school will be recorded by the census enumerators. In the case of mothers an inquiry will be made as to the number of children they have had, and the number of these children living at the present time. This inquiry is to be made of all women who are or have been married, including all who are widowed or divorced. Foreign-born males of adult age, that is, 21 years of age or over, will be asked as to the number of years they have been in the United States, and whether they are naturalized or have taken out naturalization papers. Of the head of each family visited the question will be asked as to the number of persons in the family, and whether his home is owned or hired; also, if owned, whether the home is free from mortgage incumbrance. If the head of the family is a farmer, similar inquiries will be made concerning the ownership of the farm. In addition to those inquiries, all of which are made on the population schedule, the law under which the census is taken makes provision for special inquiries concerning such of the population as may be mentally or physically defective in any respect, that is, insane, feeble-minded, deaf, blind or crippled, or who may be temporarily disabled by sickness, disease, or accident at the time of the enumerator's visit. Certain special inquiries will also be made concerning inmates of prisons and reformatories and of charitable and benevolent institutions. Besides this, a statement will be called for concerning all persons who have died during the census year, giving their name, age, sex, occupation and cause of death.

This official count of the people comes but once in ten years, and every family and every person should consider it to be their duty to answer the questions of the census enumerators willingly and promptly, so that definite and accurate information may be gained concerning the 65,000,000 people living within the bounds of this great country.
