cisco Times says until the last few years all the mill saws used on this coast were and Gov. Woods did not "pass through on imported. The growing interests of this coast created a considerable demand, and induced the establishment of a manufactory for saws at San Francisco. The plates circular and upright saws are made, and with such success that they are in general use in the mills of all the Pacific States and tually exceeds the capacity to make and supply them.

Mr D. M. C. Gault, who is connected with this paper, went last evening by stage to Albany, where he will spend a few days looking after the interests of the STATES-MAN. As he will extend his journey to Corvallis and Eugene City, on the same mission, we commend him to the good will of them numerous, and be able to add largely to the number.

INTERESTING .- A telegram from San Francisco informs the Oregonian that Michael Welch got drunk! but does not tell what one. These items of news (?) cost the Portland papers a round sum monthly.
