SHULTE AS IRREPRESSIBLE AS EVER.

NEAR SALEM, June 18, 1871. MR. EDITOR : All things considered, your offer for regular correspondence is very fair, and I'll take it up if I can' do better. Next to being a first class highwayman I'd as lief write for the newspapers as do anything I know ov. You see, it's my perfeshun to go for people, and to go for 'em through the newspapers will do for a change, and when I get tired of it I'll take to the fool to miss so good a chance, and he says my style is improving considerable, and John is a good judge of style you see. DR. PIERCE'S DISCOVERY

The originator of this wonderful medicine, claims to have discovered and combined in hurmany more of Nature's most sovereign medical mony more of Nature's most sovereign medical properties than was ever betone to abined in one modicine. The evidence of this fact is found in the great variety of most obstinate diseases which it has been found to conquer. In the cure of Bromokitis Senere Coughs, and the early stages of Consumption, it has astonished the medical faculty, and hundreds of the best physicians promounce it the greatest medical discovery of the age. White it cures the severest Coughs, it strenghtens the system and purifies the blood. By its great and thorough bood purifying properties it cures all Immore from the worst Sorgiula to a common Bloods, Pimple or Eraption. Mer urtal Diseases, and their effects are eradicated and rigorous health and a sound constitution established Erysipelas, Salt Rheum, Scald Head, Feber Sores, Scaly or Rough Skin, in short, all the numerous diseases sideration, \$1,000.

The "Pain Killian" may justly be styled the great medicine of the world, for there is no region of the globe into which it has not found its way and teem largely used and highly prized. Moreover, there is no ellow to which it has not proved to be well aliapied for the cure of a considerable variety of diseasets; it is a speedy and safe remedy for borns, scalds, cuts, bruises, wounds and various other injuries, as well as for dyscutery, diarrhora and bowel complaints semerally, it is asimfrably suited for every race of men on the face of the globe.

It is a very significant fact, that notwithstanding the long period of years that the "Pain Kille" has been before the worth, it has never lost one whit of its pour arity, but, on the contrary, the call for it has steadily increased from its first discovery, and at no previous time has the demand for it been so great, or the quantity made been so large, as it is to-day.

Ano her significant fact is, that nowhere has the Pain Killer ever been in higher repute, or been more generally used by families and individuals, than it has been here at home, where it was first discovered an i introduced. That the Pain Killer will continue to be, what we have styled it, the greatment disting of the world, there cannot be the shadow of a doubt.—Providence Advertiser.
