ra ted by Ether, and a bitter Tonic principle MEDICAL IR PERTIES AND USES.

It is the most sure and Speedy Care for Rheumatism, Rheumatic Gout and Rhech atle Pains of all kinds that has ever been introduced in the Materia Medica. The Unk Weed Remedy as prepared by us, in consequence of the existing bitter principles possesses the necessary virtue o

POWERFUL TONIC.

Promoting the Appetite and invigorating the whole Digestive Apparatus, thus building and strengthening the system, while at the same time the volatile principle, being absorbed in the blood acts specifically on the Rheumatic Polson, removing it from the circulation and system. Toere are a few remedies known to the Med leal profession, which will remove the Rheumatle poison from the blood, but whose action is so powerful in depressing the system of the already enfeebled Rheumatic patient, that their use has to be abandoned before specific effects are obrainable-hence the want of success in treeting this prevalent, and in consequence, heretofore ncurable disease. Unlike these Medicines, already known, the

"UNK WEED REMEDY"

Though producing as powerful and as active eflects on the blood and system in removing the Cheumatic poison, also possesses a strong Tonic and recuperating clement, which admits of its ontinued use even in the anat delicate and debilitated. Thus we have the combination for the first time of these two necessary elements in the one remedy, which accounts for he superior and

never falling curative effects in

Rhoumation, Rhoumatio Gout, and Rhoumatic Pairs of All Kinds.
